SUBJECT: Right-of-Way Use Agreement between CSRE Properties Wyoming, LLC and the City of Cheyenne

Please find attached a Right-of-Way Use Agreement between CSRE Properties Wyoming, LLC and the City of Cheyenne for two connections of storm sewer pipe from the newly constructed detention ponds on the site to the open channel storm water network in the Venture Drive right of way.

In order to properly release storm water from the site at 9010 Venture Drive, these outlet pipes need to extend into the public right-of-way to connect to the existing stormwater network. The property owner will be responsible for the maintenance of the pipes from their system to the open channel storm network in the Venture Drive Right-of-Way.

There are no financial implications associated with this Right-of-Way Use Agreement. Your approval of this agreement is respectfully requested.

RIGHT-OF-WAY USE AGREEMENT

This Right-of-Way Use Agreement (“Agreement”) is by and between the City of Cheyenne, a municipal corporation organized and existing under the laws of the State of Wyoming (“City”), whose address is 2101 O’Neil Avenue, Cheyenne, Wyoming 82001, and CSRE Properties Wyoming, LLC (“Licensee”), whose address is 10624 S. Eastern Ave Ste A638, Henderson, NV 89052. The City and the Licensee are collectively referred to as “Party” or “Parties.” This Agreement shall become effective upon the date of the last signature affixed hereto.

RECITALS:

WHEREAS, the Licensee holds title to and has developed approximately 10.01 acres of land in the City of Cheyenne, County of Laramie, State of Wyoming (“Property”), more particularly described as being:

Lot 1 , Block 1, Campstool Addition, 7th Filing, City of Cheyenne, Laramie County, Wyoming;
and

WHEREAS, the Property is served by an exclusive underground drainage facility which encroaches into the public right-of-way as shown on Exhibit A, attached hereto and incorporated by reference (“Facility”); and

WHEREAS, the City is prepared to grant a license to use a utility right-of-way (“License”), provided the Licensee agrees to certain terms and conditions.

NOW, THEREFORE, based on good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Grant of License. The City grants to Licensee, its successors and assigns, the temporary, non-exclusive privilege of using the City right-of-way, commonly referred to as Venture Drive, covering a portion of the lands described as Township 14 North, Range 65 West of the 6th P.M., Laramie County, Wyoming, NE1/4NE1/4 of Section 31, for a distance of approximately 34 feet and 29 feet for the western and eastern facilities, respectively, as shown in Exhibit A to be used as a detention pond outlet conveyance pipe, specifically subject to the remaining terms and conditions set forth herein. The Licensee hereby accepts this License, subject to the terms and conditions contained herein, and subject to any requirements or limitations of law, now or in the future, which may restrict the use or enjoyment of this License.

2. Term; Termination. This Agreement shall not be effective until it is approved by the Parties. This Agreement is a covenant running with the Property. Upon thirty (30) days written notice, the City may terminate this Agreement and revoke the License granted hereby. Nothing in this Agreement, nor the act of entering into this Agreement, shall be construed as a limitation of the City’s authority to modify or abandon the right-of-way the City now has.

3. Responsibilities of Licensee. The Licensee, its successors and assigns, covenant and agree to perform and abide by each and every of the following:

a. Licensee shall pay to the City, on each successive occasion of use, the costs of any and all damages which may result from Licensee's use of this public right-of-way.

b. Licensee shall be solely responsible for any and all installations, repairs, maintenance, or other costs associated with its use of this public right-of-way, whether such costs are specifically enumerated herein or not.

c. Any and all utility lines, including pipelines, shall be placed in a manner so as to conform with recognized standards and applicable federal, state, or local laws, codes, and ordinances, and as directed by City. Any installation, alteration, or modification of any utility line shall be performed in compliance with the current standards and applicable federal, state, or local laws, codes, and ordinances, as may from time to time be amended. Any future alteration or modification of the Facility, utility, or device within the existing public right-of-way that is required, requested, or agreed to by the City shall be completed without delay and without cost to the City.

d. If the City should for any reason construct, reconstruct, move, or abandon any portion of the City's road wherein the Facility, utility, or device is located, Licensee shall, when required or requested by the City, move the Facility without delay and without cost to the City.

e. Upon request, the Licensee agrees to locate and mark the Facility, utility, or device being licensed in the following manner:

i. The Licensee, as a condition of approval for the License, agrees to locate the Facility identified by this License, when needed by the City for future construction and/or maintenance activities. This information will be the basis of plans prepared by or for the City for use by the City, its contractors, or the public.

ii. Location information will include the marking of the Facility on the ground, as specified by Wyo. Stat. § 37-12-301, *et seq.*, with the appropriate color. Location information will also include the nature and elevation of the Facility. For each location, the utility shall be tied both horizontally and vertically, by coordinates, to a datum determined by City and certified by a licensed surveyor. The information will be shown on plans created by Licensee, the utility company or Facility owner. A copy of the plans will be sent to the City. Costs associated with identifying and locating the Facility, as may be required from time to time, will be the responsibility of Licensee.

f. The Licensee shall be responsible for all maintenance and repair of the Facility and all associated drainage conveyance structures and appurtenances within and/or exclusively serving the Property.

4. Access Easement. The City is granted a permanent easement for access to the Facility in the event the City requires access to the Facility in the regular maintenance of the City's larger drainage network. If the City exercises this provision, the City will repair, replace, or rebuild any and all damage to the private property which shall be occasioned by the maintenance or other

access to the Facility at the City's expense. All other costs including the costs of maintenance activities (labor, material, equipment, etc.) shall be the responsibility of the Licensee as outlined in Section 3 above.

5. Binding Effect. This Agreement shall be binding upon and inure to the benefit of the Parties hereto, their respective personal representatives, heirs, successors, grantees, and assigns. This Agreement shall be recorded in the official records of the Clerk of Laramie County, Wyoming.
