MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-26-122/ Hitching Post District- Future Land Use Map Amendment
Date: September 9, 2026

Background:

The item for consideration is a Future Land Use Map Amendment (or Comprehensive Plan Amendment). This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- | | |
|-----------------------------|--------------------|
| • Introduction and Referral | September 14, 2026 |
| • Public Services Committee | September 21, 2026 |
| • Final Consideration | October 12, 2026 |

Planning Commission Recommendation:

The Planning Commission heard this item at their September 9, 2026, meeting and voted 4-2 to approve the amendment.

At the Public Services Committee meeting on September 14, 2026, Staff will request that this item be postponed until the October 12, 2026, City Council meeting to line up with the annexation and zoning map amendment should Council wish to move these items forward. The reason for introducing this item early is so that all items related to the Orchard Hills development can be discussed at the same time.

The Planning Commission Staff report is attached and unchanged.

County Commissioner Comment:

The amendment procedures in PlanCheyenne require proposed amendments entirely within City limits to go to the County Commissioners for comment only. The County Commissioners are anticipated to hear this item at their meeting on June 16, 2026.

Public Comment

Between the publication of the Planning Commission Staff Report and the publication of this memo (September 9, 2026), Staff has received no new inquiries or comments from the public on this project. The project page on the website has received 85 views and no comments.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AMENDING THE FUTURE LAND USE MAP OF PLANCHEYENNE BY CHANGING THE LAND USE DESIGNATION FROM AGRICULTURAL/RURAL, OPEN SPACE AND PARKS, AND MIXED-USE EMPLOYMENT TO COMMUNITY BUSINESS AND REMOVING THE NATURAL AND CULTURAL RESOURCES AREA DESIGNATION FOR PROPERTY GENERALLY LOCATED SOUTH OF INTERSTATE 80, SOUTHEAST OF OTTO ROAD, AND WEST OF INTERSTATE 25."

WHEREAS, *PlanCheyenne*, as amended by *PlanCheyenne: Reflections and Progress*, adopted by the Governing Body of the City of Cheyenne by Resolution No. 5573, serves as the Master Plan for the City of Cheyenne and as the Comprehensive Plan for portions of Laramie County jointly adopted by the Governing Body of the City of Cheyenne and the Laramie County Board of County Commissioners;

WHEREAS, the Future Land Use Map is intended to provide a general framework for neighborhoods and activity centers organized around roadway networks and major parks and open space, rather than to predetermine specific land uses for individual parcels or specific locations for uses or facilities;

WHEREAS, Brad Emmons of AVI, PC, has initiated an amendment to the Future Land Use Map for the property described below to change the land use designation from Agricultural/Rural, Open Space and Parks, and Mixed-Use Employment to Community Business and to remove the Natural and Cultural Resources Area designation, as shown in Exhibit A, which is attached hereto and incorporated herein:

PARCEL 1:

A portion of Sections 10, 11 and 15 Township 13 North, Range 67 West of the Sixth Principal Meridian, being more particularly described as follows:

Beginning at the northwest corner of Lot 1, Block 1, Clear Creek Subdivision, 1st Filing and a point on the westerly right of way of Interstate 80 being monumented by a found aluminum cap; thence along said westerly right of way the following courses and distances: S75°26'12"E a distance of 176.02 feet to a found right of way marker; thence S49°36'27"E a distance of 103.26 feet to a found aluminum cap on the westerly boundary of a parcel shown on the annexation map for City Ordinance #3840 recorded at book 2091 page 974 of the Laramie County records; thence along said westerly boundary N01°31'59"W a distance of 1260.99 feet to a found aluminum cap on the westerly boundary of a parcel shown on the annexation map for City Ordinance #3955 recorded at book 2289 page 1496 of the Laramie County records; thence along said westerly boundary N01°31'59"W a distance of 298.43 feet to a set aluminum cap; thence N58°25'18"E a distance of 480.15 feet to a found iron pipe on the north line of said Section 11; thence along said north line

N89°41'04"W a distance of 638.35 feet to a set aluminum cap and point of intersection with the southerly right of way of Otto Road; thence along said southerly right of way S63°16'55"W a distance of 836.23 feet to a set aluminum cap; thence N26°43'05"W a distance of 250.00 feet to a found right of way marker and a point on the north right of way of Otto Road; thence along said north right of way the following courses and distances: S63°16'55"W a distance of 6246.80 feet to a found right of way marker; thence S63°28'05"W a distance of 2918.72 feet to a found aluminum cap; thence S07°05'46"E a distance of 1253.29 feet to a found aluminum cap on the west line of said Section 15; thence along said west line S00°34'22"W a distance of 61.57 feet to a point on the northerly boundary of said Lot 1, Block 1 of Clear Creek Subdivision; thence along said northerly boundary the following courses and distances: N74°21'24"E a distance of 1091.72 feet to a found aluminum cap; thence N74°56'39"E a distance of 800.73 feet to a found aluminum cap; thence N84°53'46"E a distance of 445.57 feet to a found aluminum cap; thence N84°52'55"E a distance of 799.46 feet to a found aluminum cap; thence S86°45'41"E a distance of 1942.86 feet to a found aluminum cap; thence N88°04'10"E a distance of 302.17 feet to a found aluminum cap; thence N87°37'51"E a distance of 1285.00 feet to a found aluminum cap; thence N87°38'02"E a distance of 1124.45 feet to a found aluminum cap; thence N37°33'37"E a distance of 1369.83 feet to a found aluminum cap; thence N36°20'59"E a distance of 623.31 feet to a found aluminum cap; thence N00°00'09"E a distance of 1666.42 feet to the point of beginning.

AND

PARCEL 2:

A portion of Sections 11 and 14 Township 13 North, Range 67 west of the Sixth Principal Meridian, being more particularly described as follows:

Commencing at the northeast corner of said Section 14; thence N89°00'04"W a distance of 1804.32 feet to a found aluminum cap on the easterly boundary of Lot 1, Block 1 of Clear Creek Subdivision, 1st Filing and the point of beginning; thence S53°29'59"E a distance of 726.77 feet to a found aluminum cap; thence S14°08'25"W a distance of 341.22 feet to a found iron rod on the northerly boundary of Lot 1, Block 4 of Overland Trails Business Park Fourth Filing; thence along said northerly boundary N84°54'05"W a distance of 690.60 feet to a found aluminum cap on the westerly boundary of said Lot 1; thence along said westerly boundary S05°03'51"W a distance of 315.87 feet to a found iron rod; thence continuing along said westerly boundary S40°51'12"E a distance of 180.55 feet to a found aluminum cap on the westerly right of way of Clear Creek Parkway right of way and the beginning of a non-tangent curve to the left; said curve having a radius of 550.00 feet, a chord bearing of S30°17'31"W, a chord distance of 288.83 feet and a central angle of 30°26'44", thence along said westerly right of way and the arc of said curve a distance of 292.26 feet to a found aluminum cap; thence continuing along said westerly right of way the following courses and distances:

S15°03'05"W a distance of 520.32 feet to a found aluminum cap and the beginning of a curve to the left; said curve having a radius of 1492.82 feet, a chord bearing of S05°04'31"W, a chord distance of 518.45 feet and a central angle of 20°00'00", thence along the arc of said curve a distance of 521.09 feet to a found aluminum cap; thence S02°19'01"E a distance of 21.74 feet to a found aluminum cap and a point on the northerly boundary of Lot 1, Block 1 of Swan Ranch Rail Park 20th Filing; thence along said north boundary S73°17'44"W a distance of 432.70 feet to a set aluminum cap on the north-south quarter line of said Section 14; thence along said north-south quarter line N00°15'18"E a distance of 1333.44 feet to a set aluminum cap on the southerly boundary of said Lot 1, Block 1 of Clear Creek Subdivision; thence along said southerly boundary S88°00'30"E a distance of 76.82 feet to a found aluminum cap on said easterly boundary of Clear Creek Subdivision 1st Filing; thence along said easterly boundary N31°22'56"E a distance of 1448.54 feet to the point of beginning.

WHEREAS, amendments to *PlanCheyenne* are subject to approval by the Governing Body pursuant to the applicable criteria set forth on page 18 of *PlanCheyenne*, as amended;

WHEREAS, the Laramie County Board of County Commissioners reviewed the Future Land Use Map amendment and was provided an opportunity to comment;

WHEREAS, a public hearing to receive public input and comments on the proposed Future Land Use map amendment for the above-described property was held before the City of Cheyenne Planning Commission on September 8, 2026, and the Planning Commission approved the amendment; and

WHEREAS, the processes and procedures required by *PlanCheyenne*, as amended, have been followed with respect to the proposed Future Land Use Map amendment.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the Future Land Use Map of *PlanCheyenne* is hereby amended for the above-described property by changing the land use designation from Agricultural/Rural, Open Space and Parks, and Mixed-Use Employment to Community Business, and removing the Natural and Cultural Resources Area designation, as shown in Exhibit A, in accordance with *PlanCheyenne* and Wyoming Statutes §§ 15-1-503 and 15-1-505; and

BE IT FURTHER RESOLVED, that City staff is authorized to amend the affected maps of *PlanCheyenne* to reflect the changes approved by this Resolution;

PRESENTED, READ AND ADOPTED this _____ day of _____,
2026.

PATRICK COLLINS, MAYOR

(SEAL)

DEVELOPMENT

CITY OF CHEYENNE PLANNING COMMISSION
SEPTEMBER 8, 2026
STAFF REPORT

FILE: PUDC-26-206: Hitching Post District – Comprehensive Plan Amendment

REQUEST: A request to amend the Future Land Use Map of the Comprehensive Plan from Agriculture/Rural, Mixed-use Employment, and Open Space and Parks to Community Business for approximately 652.67 acres.

LOCATION: Southeast of Otto Rd, South of Interstate 80, and West of Interstate 25

AGENT: AVI, P.C.

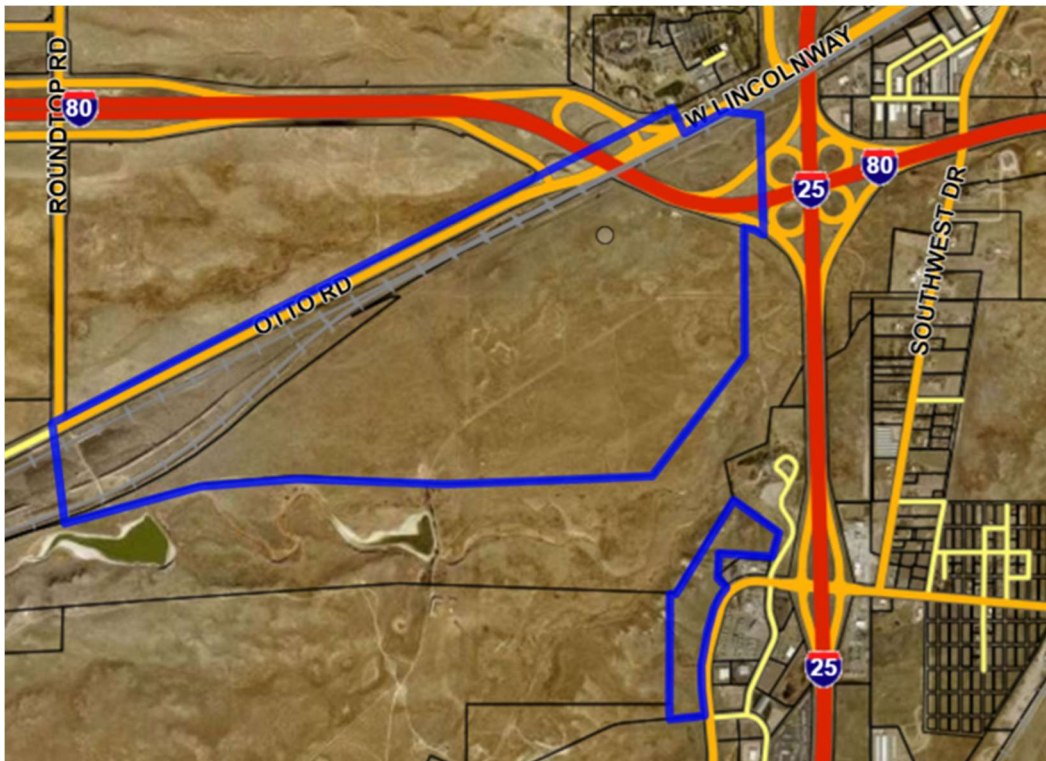

OWNER: Doug Samuelson, Swan Ranch LLC & Clear Creek Land Co LLC

ZONING: Current: County Overland PUD, County Light Industrial
Proposed: BP – Business Park

FUTURE LAND USE: Proposed: Community Business
(Current – Agriculture/Rural, Mixed-use Employment, and Open Space and Parks)

PURPOSE: To support rezoning of land to BP – Business Park.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the Resolution amending the Future Land Use Plan for land located southeast of Otto Road, south of Interstate 80, and west of Interstate 25 as shown in Exhibit A from Agriculture/Rural, Open Space and Parks, and Mixed-Use Employment to Community Business, due the request meeting the review criteria.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- PlanCheyenne

BACKGROUND:

The applicant is requesting amending the Future Land Use Map for roughly 652.67 acres of land from Agricultural/Rural, Open Space and Parks, and Mixed-Use Employment to Community Business to accommodate a zone change for future commercial campus development.

The property is shown as mostly Agricultural/Rural and Open Space and Parks in the Future Land Use Plan. The Agricultural/Rural and Open Space and Parks category promotes single family residences on individual large lot, farming, ranching, and other agriculturally related activities. The Agricultural/Rural considers the any of the agricultural zones districts as the optimal zone district.

The major street plan for the area is designed to support traffic demands based on the uses anticipated by the future land use designations of the subject property and surrounding properties.

A concurrent application for a zoning map amendment has been submitted. The zoning map amendment will accompany the future land use amendment at City Council. If the application for the zoning map amendment is approved, the applicant will be required to submit a site plan application for the new development.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Agricultural/Rural, Mixed-Used Employment, Open Space and Parks	Overland PUD, County LI Light Industry (AG Agriculture and LI Light Industrial as assigned zones)	Vacant
North	Industrial/Community Business/Mixed-Use Employment	CB Community Business, County CB Community Business, County LU Land Use	Vacant, Lodging, Hotel/Motel
South	Agriculture/Rural, Industrial, Mixed-Used Employment, Open Space and Parks	AG Agricultural, Overland PUD, County LI Light Industrial, BP Business Park	Vacant, Service Business, Outdoor Sales, Automobile Service Station, Food Service

East	Agriculture/Rural, Community Business, Mixed-Used Employment, Mixed-Use Residential, Urban Residential, Open Space and Parks	Overland PUD, County CB Community Business, CB Community Business, County LU Land Use, AR Agricultural Residential, LI Light Industrial, Mixed-Used Business	Vacant, Single-family residential, Outdoor Storage, Recreational Vehicle Park, Service Business, General Industrial
West	Industrial, Rural Residential, Agriculture/Rural, Open Space and Parks	County LU Land Use, LI Light Industrial, Overland PUD	Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to approve an amendment to the Future Land Use Map of the Comprehensive Plan, the Commission must make the following considerations outlined in the 2014 Community Plan (Build Chapter page 3-3). A detailed analysis is below:

1) BENEFICIAL OR ADDRESSES ISSUES - The proposed amendment is beneficial to the community or addresses issues not foreseen during the planning process.

The proposed amendment has been requested to allow BP Business Park zoning. The Land use category requested support small and large-scale development while providing essential commercial services along regional transportation routes in an industrial park setting. The district integrates manufacturing, process; similar development patterns of Swan Ranch, North Range Business Park, and Highlands Business Park. Lower intensity commercial and service uses are typically secondary uses and only in support of the industrial developments of the park. Higher-intensity employment uses are encouraged near major roadways and residential development are not supported in these districts.

Business Park will undergo a change in the allowable agricultural uses. The proposed end use for this area will need a use that allows for equestrian activities. Under current code, equestrian related developments are not allowed in the BP zone district. The change would permit for the full development of the proposed development.

The proposed Future Land Use amendment largely **complies** with review criterion 1.

2) COMPATIBLY - The proposed amendment is compatible with the surrounding area, and the goals and policies of the Plan.

The current situation surrounding this includes Overland PUD on the subject property and to the south and east. Agricultural zoning bisects the two parcels. Properties to the north are across the railroad track and development is across the interstate. Surrounding development patterns in the surrounding area includes commercial development to the north and east, parcels to the south and west are vacant.

The goals of the current future land use map in the surrounding area is to have industrial and mixed-use employment developments. Commercial has been developing in the area to take advantage of the interstate interchange and support industrial development further south.

The proposed Future Land Use amendment largely **complies** with review criterion 2.

3) IMPACT MITIGATION - The proposed amendment will address and mitigate impacts on transportation, services, and facilities.

Transportation:

The proposed change will have some effect on the existing network. The future plan is to have an extension of Berwick Drive and some changes to the interstate interchange. There are proposed changes to the transportation network in conjunction with platting action. The changes to the transportation network will need to be in line with existing transportation plans.

Any development that occurs in this area will have to address transportation issues. Commercial-style development will have different transportation needs and different funding for infrastructure improvements than residential or industrial development.

Right-of-way dedication and improvements may be required in conjunction with future development actions such as platting.

Services:

The proposed change will not have any adverse effects on provision of services to the subject property. This area of the community has access to water and sewer services.

Facilities:

The proposed change will not have any adverse effects on facilities.

The proposed Future Land Use amendment **complies** with review criterion 3.

4) SERVICE PROVISION - The proposed amendment will have minimal effect on service provision, including adequacy or availability of urban facilities and services, and is compatible with existing and planned service provision

The proposed change will not have any adverse effects on provision of services to the subject property.

The proposed Future Land Use amendment **complies** with review criterion 4.

5) ANNEXATION - The proposed amendment does not jeopardize the City's ability to annex the property.

The subject property is currently proposed to be annexed into City limits.

The proposed Future Land Use amendment **complies** with review criterion 5.

6) URBAN SERVICES AREA - The proposed amendment is consistent with the logical expansion of the Urban Services Area.

This land is currently within the Urban Services Area.

The proposed Future Land Use amendment **complies** with review criterion 6.

7) STRICT ADHERENCE - Strict adherence to the Plan would result in a situation neither intended nor in keeping with other key elements and policies of the Plan.

Strict adherence to the Plan would result in a mix of large lot residential development and agricultural uses an area of the community with ready access to some services and no existing transportation network.

The proposed Future Land Use amendment largely **complies** with review criterion 7.

8) PUBLIC WELFARE AND CONSISTENCY – The proposed plan amendment will promote the public welfare and will be consistent with the goals and policies of PlanCheyenne and the elements thereof.

One use has been identified for this area. The evaluation of this land use plan amendment and the related zoning should be based on all the possible uses for the area. Once this property is changed to Community Business, it would allow for zone change to a zone district that would accommodate the proposed development in the area. Once this proposed development is established, it could lead to more commercial development in the area. If more development was to happen in the area, there would need to be further build out of infrastructure and transportation network. This would promote public welfare because it would bring an increase in jobs, development of water and sewer systems, and the transportation network in this area.

Policies in PlanCheyenne are mixed on this proposal, but, on the balance, probably would encourage maintaining the current land use designation.

Consideration of various policies of PlanCheyenne in regards to this proposal:

- **Policy 1.1.B. Flexibility to Market Demands:** This goal notes that the Future Land Use Plan does not predetermine all uses on individual parcels and is meant to provide flexibility. The future land use map amendment to Community Business will allow for more commercial uses, and may recognize a potential trend of this area becoming more commercial in nature.
- **Policy 3.3.A Commercial Development in Designated Activity Centers:** This goal encourages a concentration of commercial development within designated activity center. This is to ensure individual uses are aligned with scale, use, locational guidance, and desired characteristics defined for type of center. This is place a particular emphasis on the design quality of business development to create vital and lasting centers.
- **Principle 3.4.A Center Characteristics:** This goal encourages Cheyenne to develop activity centers by the markets they serve, their location, and other design features. The purposed development to this area would be to create an activity center that would potentially serve a particular market.

The proposed Future Land Use amendment largely **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

No other plans are applicable for this area.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on August 22, 2026.
- **Mailed Notice.** Evidence of mailed notice was provided showing that the letters were mailed on August 15, 2026.
- **Posted Notice.** As of the publication of the Staff Report (September 1, 2026), staff had not received evidence of posted notice; however notice is not required to be posted until September 1, 2026.
- **Internet Posting** on connect.cheyennecity.org on August 17, 2026.

As of the publication of the Staff Report (September 1, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 22 views and no comments.

STAFF REVIEW:

Through the review process, review comments were received expressing concerns about the appropriateness of the Mixed-use Employment designation versus the Community Business designation at this location. Staff also mentioned drainage and traffic concerns that may become necessary to address with the site plan.

CONCLUSION:

Although there are multiple reasons to both approve or deny the request, on the balance, Staff recommends approving changing the future land use designation of this area to Community Business due to the changing nature of land development in the area.

Rationale for approving the request:

The subject properties are adjacent to the interstate interchange to the southwest, commercial and industrial development to the east and south of the parcels. This area is at an optimal spot along the interstate corridor to develop a regional activity center for Cheyenne. While the area could be a good location for further industrial growth, a commercial activity center would be just as ideal. A commercial activity centered around a single commercial development could spur similar or support development in the area. With easy access to and from either surrounding interstate, a commercial campus development could become a regional activity center, becoming a driving force of Cheyenne economy and development.

Rationale for denying the request:

The area currently has no connectivity to services, including water and sewer connections. This commercial development has precured money for extension of services to the around. With its easy access to the interstate interchange would make the area more ideal for large commercial or industrial

development. Industrial development can often foot the price of extending water and sewer connections instead of needing alternative route of funding. Development of the transportation system could further benefit industrial development as opposed to commercial development, since industrial development often have higher employment rates than commercial development.

ALTERNATIVES:

1. Approve the Resolution amending the Land Use Plan as submitted by the applicant **(Staff Recommendation)**.
2. Approve the Resolution amending the Land Use Plan subject to modifications.
3. Deny the Resolution to not amend the Land Use Plan. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the Resolution until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

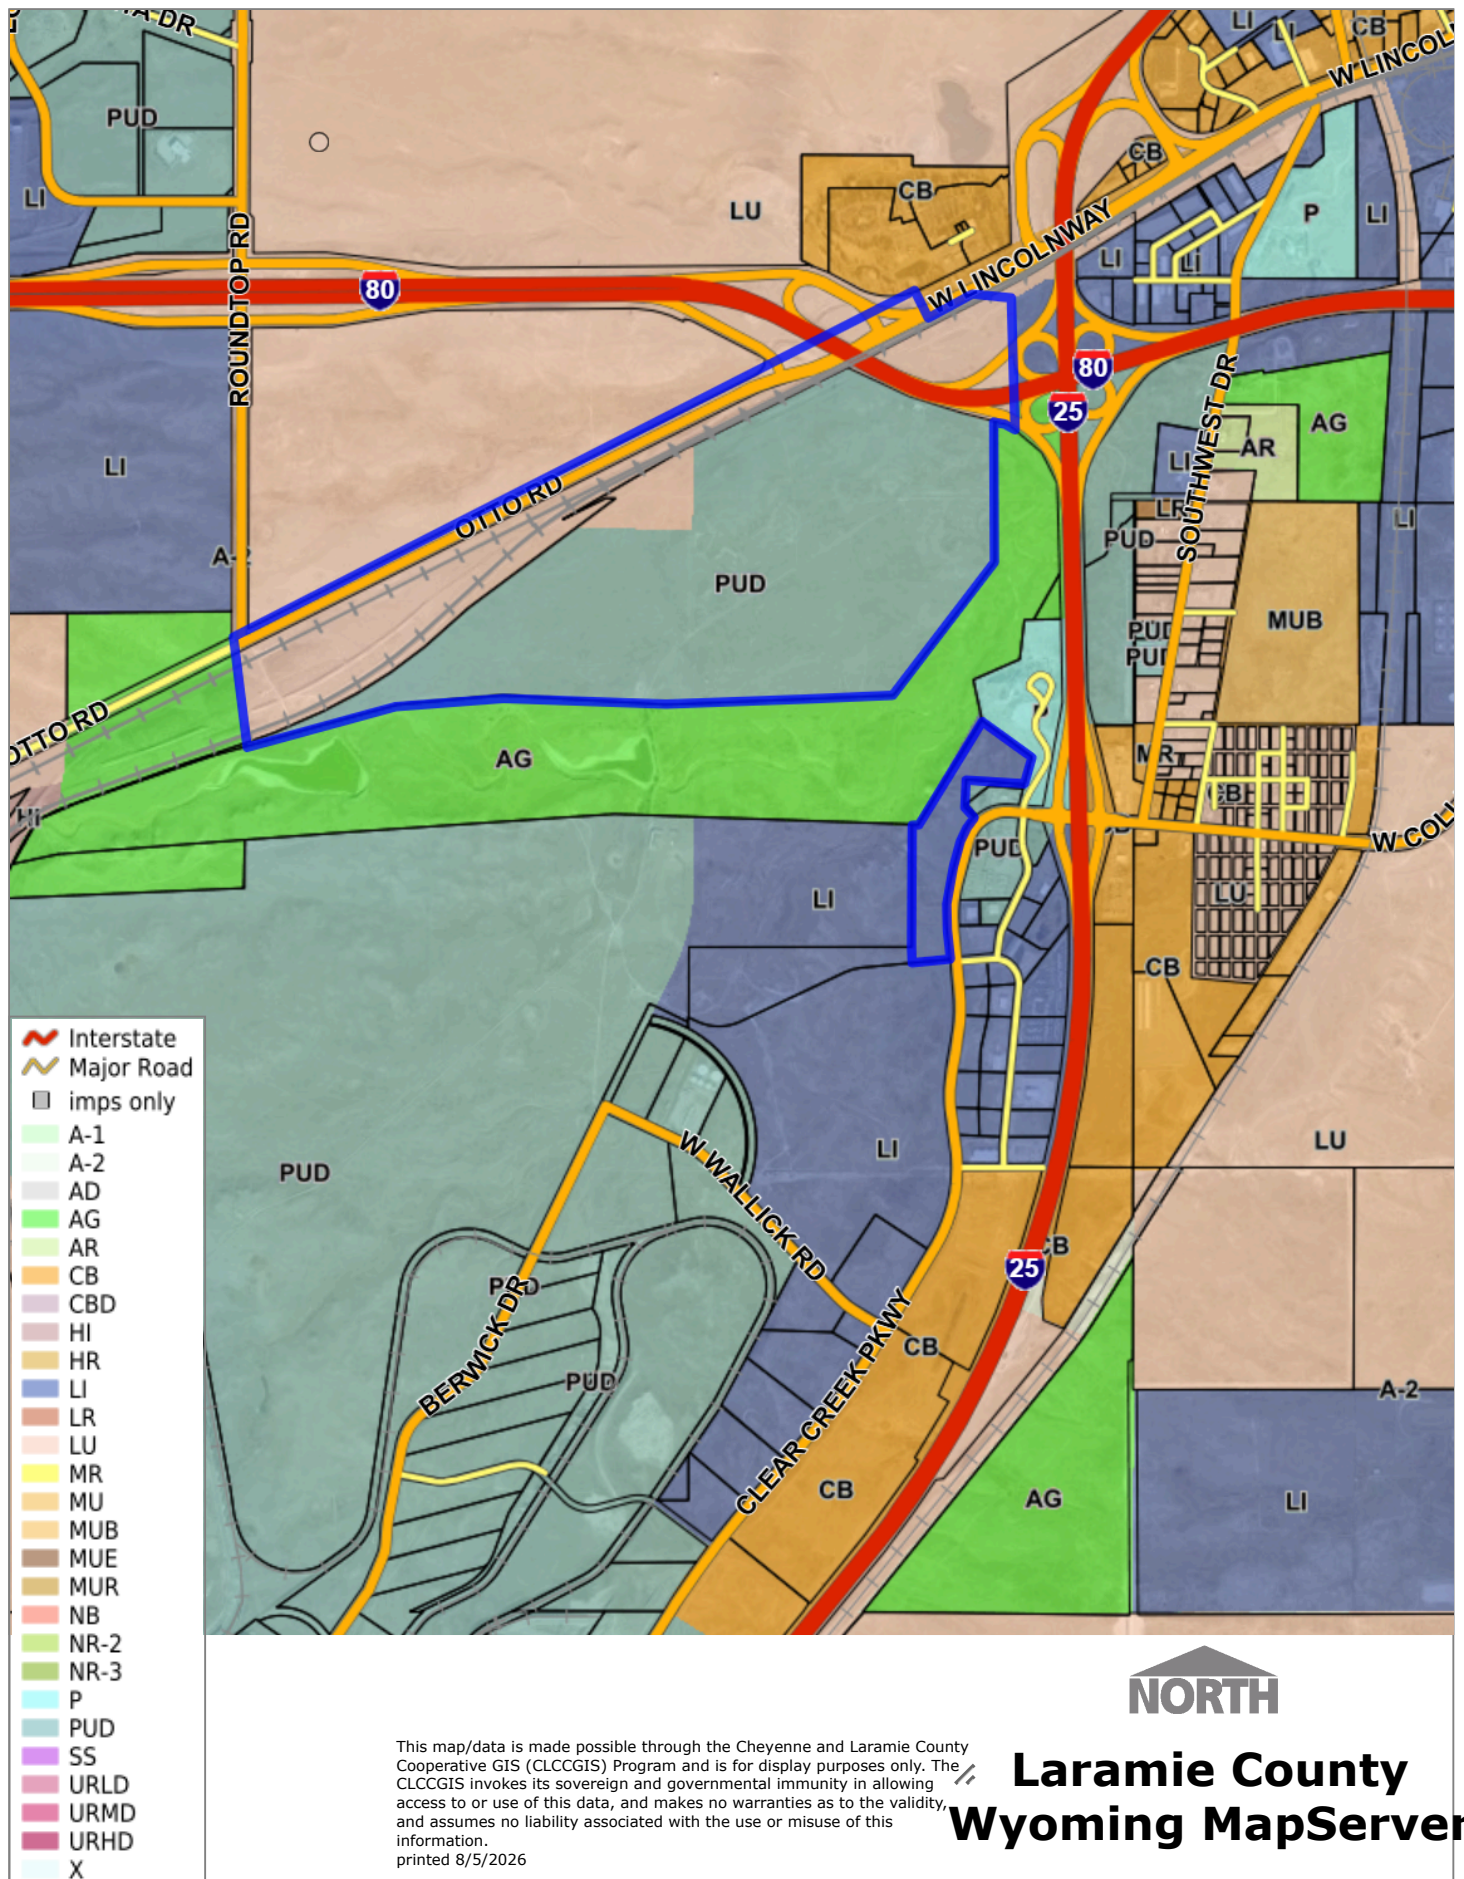

In the event that the Commission acts contrary to staff's recommendation, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

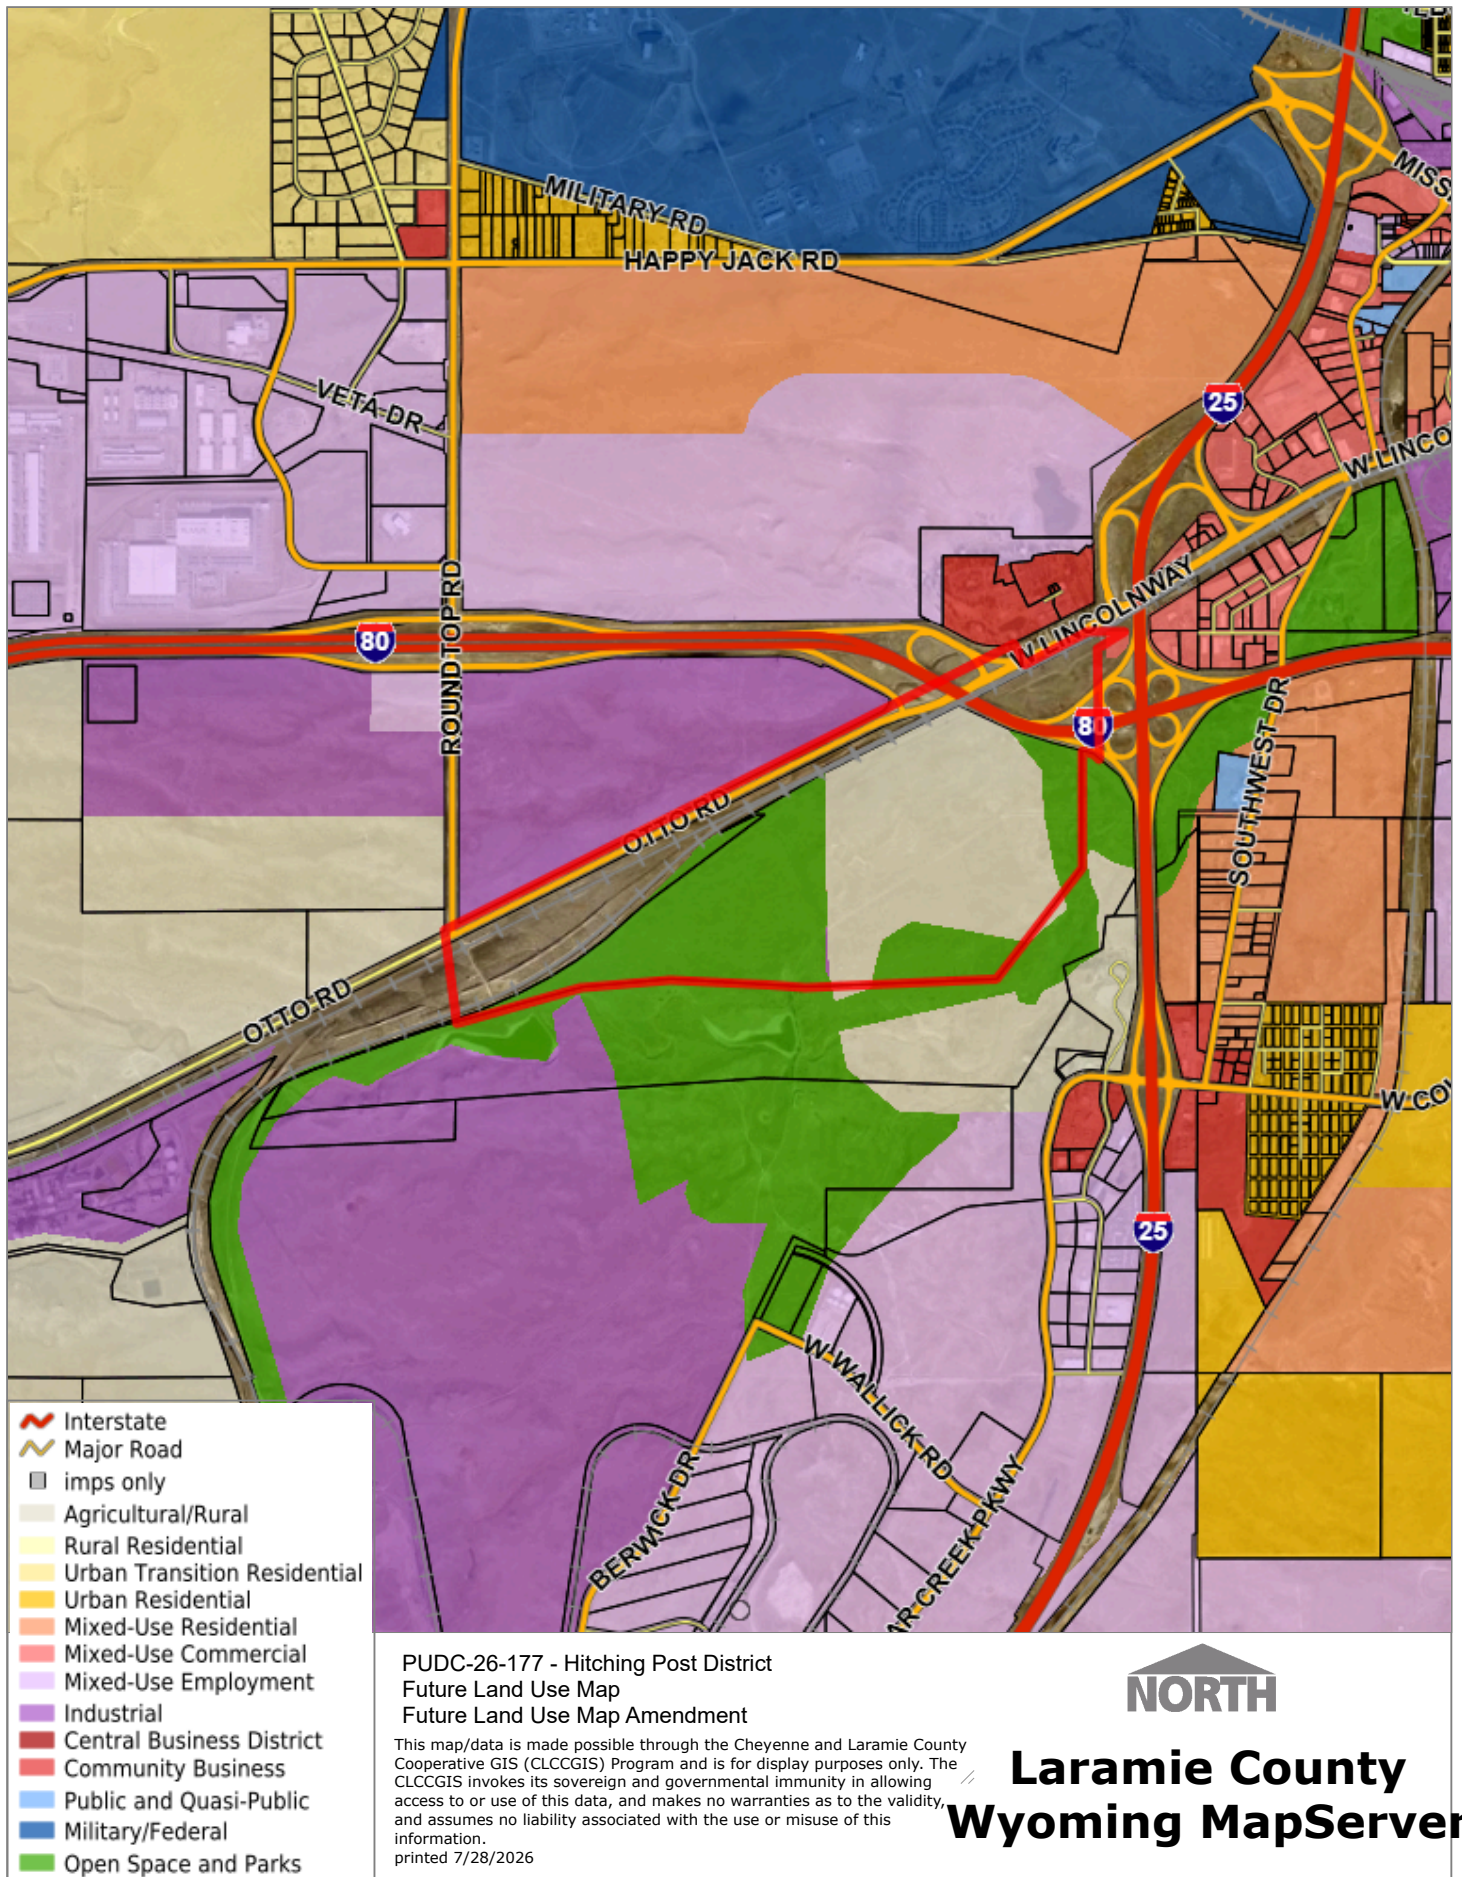

STAFF RECOMMENDATION:

Staff recommends denial of the Resolution amending the Land Use Plan for land south of Interstate 80, southeast of Otto Road, and west of Interstate 25 as shown in Exhibit A from Agriculture/Rural, Rural Residential, and Mixed-use Employment to Community Business and amending the Natural Resource and Culture Area map.

Review Criteria

The following review criteria are found in PlanCheyenne regarding a Comprehensive Plan amendment. Please acknowledge the proposed amendment meets each review criterion by checking the box.

1. The proposed amendment is beneficial to the community or addresses issues not foreseen during the planning process.*

2. The proposed amendment is compatible with the surrounding area, and the goals and policies of the Plan.*

3. The proposed amendment will address and mitigate impacts on transportation, services, and facilities.*

4. The proposed amendment will have minimal effect on service provision, including adequacy or availability of urban facilities and services, and is compatible with existing and planned service provision.*

5. The proposed amendment does not jeopardize the City's ability to annex the property.*

6. The proposed amendment is consistent with the logical expansion of the Urban Services Area.*

7. Strict adherence to the Plan would result in a situation neither intended nor in keeping with other key elements and policies of the Plan.*

8. The proposed plan amendment will promote the public welfare and will be consistent with the goals and policies of PlanCheyenne and the elements thereof.*

Certification

A resident of Cheyenne or the plan area of Laramie is required to submit an application for a comprehensive plan amendment.*

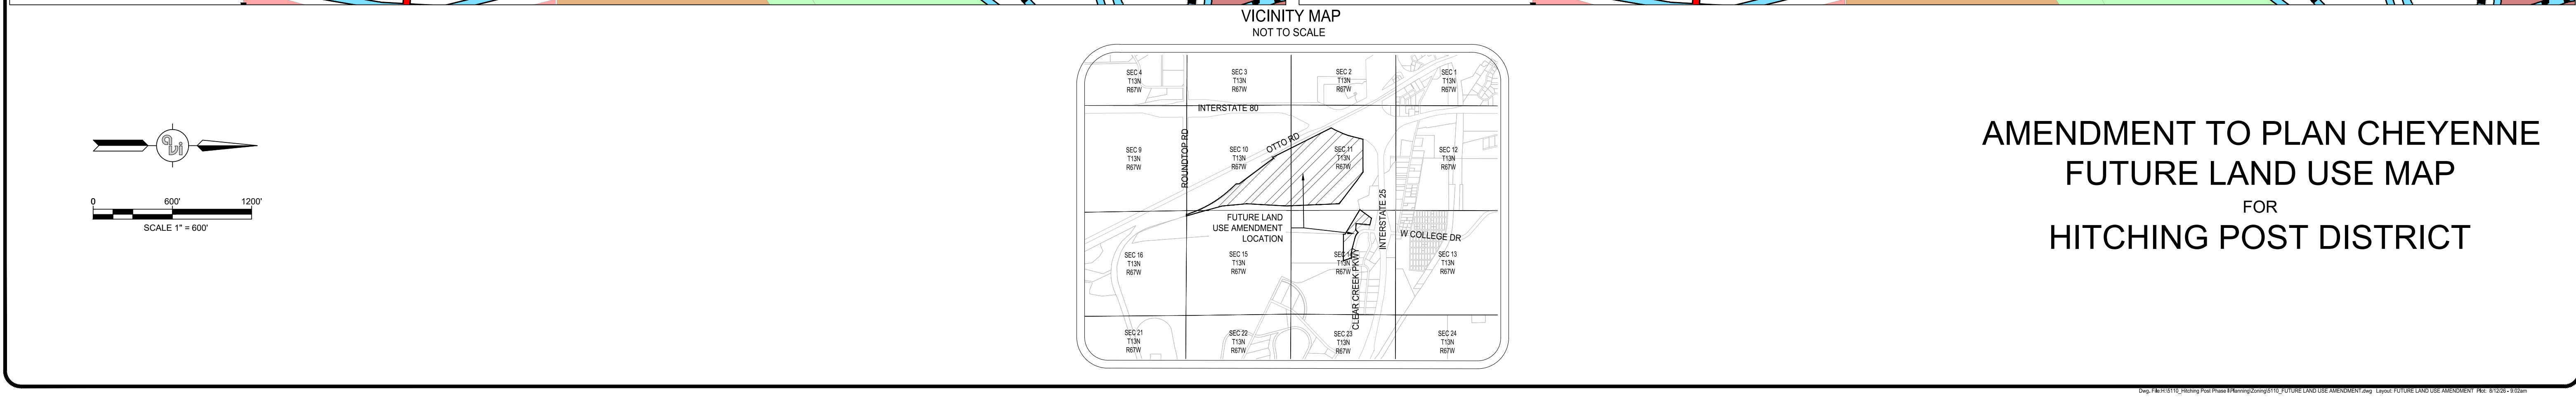

I, the applicant, am a resident of Cheyenne (or the plan area of Laramie County).

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
