

ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE DEFINING THE TERMS AND CONDITIONS OF EMPLOYMENT FOR SWORN OFFICERS OF THE CHEYENNE POLICE DEPARTMENT FOR JANUARY 2026 UNTIL THE END OF THE FISCAL YEAR 2026."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. Definitions.

EMPLOYEE/EMPLOYEES – “Employee” or “employees” as used in this ordinance means sworn police officers, below the rank of chief.

Section 2. Applicability.

The terms and conditions of employment as set forth herein shall apply to all employees as defined herein.

Section 3. Purpose.

The purpose of this ordinance is to define the terms and conditions of employment for employees. The rights contained herein are in addition to any rights an employee may have under the Cheyenne Police Department Policy Manual (as that document may be amended at any time, before or after passage of this ordinance), and applicable federal, state and local laws. In areas of conflict between this ordinance and established federal, state or local laws, the latter shall govern. This ordinance comprises the exclusive statement of employee terms and conditions of employment. Any other agreement with, or representation made to, any employee by a supervisor, agent or officer of the City of Cheyenne which is in conflict with or in addition to this ordinance is specifically disclaimed by the City of Cheyenne, except for the Cheyenne Police Department Policy Manual and except for agreements entered into by and between supervisory personnel and employees establishing specific job expectations, requirements or discipline which are part of the employee’s official personnel file maintained by the Human Resources Department.

Section 4. Cheyenne Police Department Policy Manual and Benefits Policy.

The Cheyenne Police Department Policy Manual, including the benefit policy set forth in Exhibit A as they exist or are amended from time to time, are incorporated herein and made part of these terms and conditions of employment and shall apply only to sworn police officers.

Section 5. Compensation.

The compensation paid to employees is set forth in Exhibit B, which is attached and incorporated by reference herein. The compensation appropriate for the aforementioned employees shall be computed with reference to the grade of the individual employee. Assignment of

employees to the appropriate grade under the new plan will be made on a case-by-case basis, based upon employee hire date or promotion date, by the chief with the assistance of the director of Human Resources Department. The governing body for the City of Cheyenne reserves the right, in its sole discretion, to modify or change pay scales. Employees will receive, in addition to basic pay, specialty on-call pay as set forth in Exhibit C, which is attached hereto and incorporated by reference. Employees will also receive, in addition to basic pay, longevity pay as set forth in Exhibit D, which is attached hereto and incorporated by reference.

For any employee called to active military duty, the City of Cheyenne will compensate the difference between the employee's City base pay and total military monetary compensation (commonly listed on the military leave and earnings statement as the total entitlements), provided the military compensation is lower than the City base pay. "Base pay" is defined as the regular pay the employee would have received from the City had they not been called to active military duty, not including on-call or specialty pay.

Section 6. Continuation of Employment.

Any employee covered by this ordinance who continues his or her term of employment during and beyond the term of this ordinance shall be entitled to advancement annually (subject to the provisions of Section 5), as set forth in Exhibit B, upon recommendation of the employee's supervisor, if the mayor and council approve funds to pay the increases.

Section 7. Health, Medical, Dental, and Life.

Each employee who participates in the city health insurance program shall contribute ten percent (10%) of the monthly premium based on the coverage level they select. This contribution will be made through payroll deduction.

Beginning in Fiscal Year 2027, the City will continue to cover ninety percent (90%) of the health insurance premium for employees who complete the 2025–2026 Wellness Program by June 30, 2026. Employees who do not complete the 2025–2026 Wellness Program by June 30, 2026, or who choose not to participate in the Wellness Program, will receive an eighty-five percent (85%) contribution from the City and will be responsible for the remaining fifteen percent (15%) of the premium.

The City will maintain dental insurance for employees pursuant to the dental plan on file in the human resources department. The City will pay premiums for employees. If an employee wishes to maintain dental insurance under this plan for eligible dependents as defined in Appendix B of the dental plan, he or she may do so by paying the premium for the additional person(s) insured.

The City will pay premiums for term life insurance on all employees in accordance with the term life insurance plan on file in the Human Resources Department and City Clerk's Office.

Section 8. Term.

The terms and conditions of employment set forth in this ordinance shall be effective as of the City's January 2026 payroll. This ordinance will terminate upon passage of a replacement ordinance.

Section 9. Repeal of Other Ordinances.

All other ordinances establishing specific terms and conditions of employment are repealed.

Section 10. Severability.

If any clause, sentence, paragraph, or part of this ordinance or application to any person or circumstance shall for any reason be adjudged by a court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder of this agreement.

Section 11. This ordinance shall be in full force and effect upon its passage and publication.

If not currently certified in Wyoming, lateral entry candidates must take and pass the Wyoming POST challenge test, as well as the Wyoming criminal law and domestic violence courses offered through the Wyoming Law Enforcement Academy.

Subject to these requirements, the department offers a lateral transfer program for officers with prior qualifying law enforcement experience. At the chief's discretion, qualified officers will be placed in the step program according to their experience as follows upon date of hire:

Eligible employees are entitled to receive longevity pay based on years of service. Longevity raises will be effective on the employee's anniversary month.

2. OVERTIME.

a. Patrol Officers and Patrol Sergeants.

All sergeants and officers who are called in for overtime duties will receive a minimum of two and one-half hours of overtime pay, excepting court appearances, which are limited to two hours of overtime pay or compensatory time if the time spent is two hours or less. All court time in excess of two hours is to be paid at time and one-half the classification rate. All patrol officers and patrol sergeants shall be limited to eighty hours of accumulated compensatory time, at which time, they must take paid overtime until they reduce their compensatory time below the eighty-hour level.

All officers assigned to acting sergeant duties will be compensated two hours of overtime for each shift. All sergeants assigned acting lieutenant duties will be compensated one-hour straight time for each shift.

Should the acting sergeant, lieutenant, or captain duties extend beyond thirty consecutive days, the department may temporarily promote the employee and place the employee in the appropriate pay grade of the new position.

3. HOLIDAYS.

The officers and sergeants of the City of Cheyenne Police Department will be entitled to those paid holidays that are set by Personnel Rules and Regulations of the City of Cheyenne, as amended from time to time, and as enjoyed by personnel of other departments of the City, to include "Special Holidays" or other paid time off afforded to other City employees.

The rate of pay for these holidays will be computed on the basis of 2,080 hours per year. The officer working a holiday has the option of taking overtime pay or compensatory time at one and one-half times the classification rate. If the holiday falls on an officer's regular day off, he will be given eight hours of straight pay or compensatory time. Likewise, if the holiday falls on the officer's vacation, or while on sick leave, the holiday will not be counted as vacation time or sick leave.

4. SICK LEAVE.

Each officer shall accumulate sick leave time at the rate of ten hours for each month of continuous employment to a maximum of six hundred forty hours.

Officers who have completed four years of continuous service and terminate from the City shall receive 50% of their accrued sick leave at their regular base rate, not to exceed 240 hours. In the case of retirement, an employee will be reimbursed fully for his or her accrued sick time up to 240 hours.

Officers who have not accumulated 480 hours by January 20th will be entitled to twenty-four hours of goodie time each year, provided they use not more than forty hours of sick leave

between January 21st of the prior year and January 20th of the current year. Officers who accumulate 480 hours by January 20th will be entitled to forty hours of goodie time each year, provided they use no more than twenty-four hours of sick leave between January 21st of the prior year and January 20th of the current year; or thirty-two hours goodie time each year, provided they use no more than thirty-two hours of sick leave between January 21st of the prior year and January 20th of the current year; or twenty-four hours goodie time each year, provided they use no more than forty hours of sick leave between January 21st of the prior year and January 20th of the current year. Goodie days under this section shall not be accumulated. Officers entitled to the goodie time provided herein shall make application to the Chief of Police who shall schedule the goodie time having regard for the convenience of the department. Upon termination, the twenty-four, thirty-two or forty hours of goodie time are not paid as vacation.

For a period of one year following the date of an injury as defined in W.S. § 27-14-102(a)(xi) sustained in the line of duty for the Cheyenne Police Department, an officer who is totally disabled from performing any duties for the Department shall receive a monthly payment from the City in an amount equal to the difference between: (1) the amount of any monthly benefit received by the officer from any division of the Wyoming Department of Employment; and (2) the average amount of monthly pay received by the officer during the twelve month period preceding the date of injury, provided however, that if the officer has less than twelve months of service prior to the injury, his or her average monthly pay shall be computed on the basis of actual months of service. Upon the expiration of a period of one year following the date of an injury as defined in W.S. § 27-14-102(a)(xi), an officer who is totally disabled from performing any duties for the Cheyenne Police Department shall be required to use accumulated sick leave.

5. SICK BANK.

The Sick Bank is to be used by officers in the case of serious illness or injury which is not covered under Worker's Compensation, and after they have exhausted their accumulated sick leave.

The Sick Bank is to be established on the effective date of this policy with a balance of 1,200 hours contributed by the City. The Sick Bank will maintain a balance limited to 1,200 hours. This balance is to be renewed by the City, if any days are used, on January 1st of each year.

A contributory pool (Sick Pool) of 4,160 maximum sick hours will be established on the effective date of this policy. Sworn officers with excess sick leave (over 640 hours) may contribute their excess sick leave to the Sick Pool on January 1st of each year.

The Sick Bank and Sick Pool are to be administered by the Sick Bank Board. This Board will consist of the Chief of Police, the City Human Resources Director, and the President of the Police Protective Association or his designee.

Policies and procedures for administering the Sick Bank and Sick Pool are to be made by the Sick Bank Board, including renewing depleted balances. These policies and procedures are to be in writing and available, upon request, to all sworn officers. Request for Sick Bank/Sick Pool hours are to be made in writing to the Sick Bank Board, in accordance with their policies and

procedures. All requests for Sick Bank/Sick Pool must be approved by the Board prior to use of those days.

6. VACATION.

Each officer shall be entitled to a vacation of eighty-eight hours after one year of continuous service, and shall be entitled to an additional eight hours of vacation for each year of uninterrupted service, provided that an officer is entitled to earn no more than 216 hours of vacation in any one year. Insofar as possible, vacation time shall be determined by division and squad, with seniority rank having preference within each division and squad.

Not more than 296 hours of accumulated vacation leave can be carried from one calendar year to the next calendar year. Accumulated vacation leave in excess of 296 hours on January 1 of each year shall be forfeited.

On separation from service, an officer shall be paid for all accumulated vacation hours earned and not taken, including the year of separation, proportionate to the time employed in that year.

7. PERSONAL DAY.

Each full-time uniformed police officer with one year of continuous service will be awarded one personal day each fiscal year. A personal day shall be defined as one scheduled workday.

This personal day may be used by the employee at his or her discretion, with supervisory approval. Personal days must be used in the year in which they are awarded. Personal days cannot be broken into increments of less than a normal working day. They do not carry over from one year to the next.

8. REDUCTION IN FORCE.

Officers laid off in accordance with the provisions of this section will be eligible for rehire or reinstatement into a position of the same classification in the inverse order of layoff. If rehired or reinstated, however, no officer shall accumulate time in service during the period of lay off. An officer laid off under these provisions shall be protected for a period of twenty-four months from the time of separation, pursuant to state statute. The department shall notify protected officers of any vacancy as soon as known to the department. The officer shall notify the department within five days of his or her receipt of notice of his or her intent and must report at least fifteen days after receipt of notice.
