CITY OF CHEYENNE PLANNING COMMISSION
APRIL 7, 2025
STAFF REPORT

FILE: PUDC-25-32: Trailhead Estates, 1st Filing (Expedited Review)

REQUEST: Subdivision of a large single Lot into 36 Lots.

LOCATION: Northeast of the intersection of Ogden Road and Crane Bluff.

APPLICANT: Randy Guill

OWNER: Horizon Development LLC

ZONING: MR – Medium-density Residential.

PURPOSE: A plat creating 36 Lots for residential development.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the Trailhead Estates, 1st Filing Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 5.59 acres of land. The proposed plat would subdivide the parcel into 36 Lots for single-family residential. These Lots would be considered DD7 Lots within the MR zone.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential	Vacant
North	Urban Residential	MR - Medium-density Residential / P - Public	Vacant
South	Public	P - Public	School
East	Urban Residential	MR - Medium-density Residential	Single-family
West	Urban Residential	MR - Medium-density Residential, proposed to be NR - 2 – Neighborhood Residential Medium Density	Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. The proposed plat is to provide additional single-family residential to the area.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

The application **complies** with this review criterion.

- 2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed plat subdivides a larger parcel into 36 residential lots that meet the standards of the DD7 Lot type. This plat adds two additional roads and extends the utilities in the area allowing for further development.

The application **complies** with this review criterion.

- 3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees.

Land Acquisition Fee	\$1,575 (\$350 per acre)
Infrastructure Fee	\$1,575 (\$350 per acre)
Credit from previous platting action	\$3,150
Total Land Acquisition & Infrastructure Fees	\$0.00

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee \$400 per dwelling unit

Transportation Network (4.3):

This plat is creating two additional streets that will add to the street network in the area and provide access to the new subdivision. Proposed blocks meet the block size requirements of the UDC.

Open Space (4.4):

The applicant has stated that this plat is within ¼ mile buffer of an existing neighborhood park which is located at the corner of Council Bluff Road and Mountain Road. Additionally, during of hours there is available recreational open space and playground equipment located immediately south of Trailhead Estates 1st Filing within the Anderson Elementary School grounds. This 1st Filing will also be in close proximity to future improved open space areas, some of which are described in more detail associated with the 2nd Filing (PUDC-25-35). Staff is satisfied with this explanation.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

- 4) **Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) **The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation study was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) **Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

All lots proposed for development are buildable lots in this zone districts.

The application **complies** with this review criterion.

- 7) **All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

All proposed lots are proposed as buildable lots. The Plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

This plat will not create any undue influence on existing or potential development. There are streets on three sides of the area to be platted and the land to the east has already been developed with single-family residential.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

- 11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

- 12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)**

Through staffs review the approval block needs to be updated to state 'approved by Planning Commission' not 'approved by Director'. The corner of Lot 14, Block 2 needs to be adjusted to have a radius. Fawn Pass Trail needs to be renamed as there is already a Fawn Pass in the County. There are also minor technical corrections that need to be corrected.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on March 22, 2025
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on February 27, 2025.
- **Internet Posting** on connect.cheyennecity.org on February 13, 2025

As of the publication of the Staff Report (March 28, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 49 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical correction

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.

5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following conditions:

1. Update the approval block to state 'approved by Planning Commission'.
2. Update the corner of Lot 14, Block 2 to have a radius.
3. Rename Fawn Pass Trail.
4. Make minor technical corrections.

11/06/2024

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.*

Public Improvements are required with platting actions. Please select the option that best demonstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.* ?

Owner(s) (or developers) behind the plat application will construct the needed infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*

A map of a school campus. At the top is a scale bar labeled "SCALE: 1" = 40'", with markings at 0, 20, and 40 feet. Below the scale bar is a north arrow pointing upwards, labeled "N". To the right of the north arrow is a small drawing of a person. The campus is represented by a large, irregular black shape.
