MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White, Planner II
Subject: PUDC-25-35 / Trailhead Estates 2nd Filling / Final Plat
Date: April 14, 2025

Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral April 14, 2025
- Public Services Committee April 21, 2025
- Final consideration April 28, 2025

Planning Commission Recommendation:

The Planning Commission heard this item at their April 7, 2025 meeting and voted to recommend the Governing Body approve this application with the following conditions:

1. Proposed Lots must comply with the required 30-foot Lot width.
2. Prior to recording:
 - a. Minor technical corrections be made.
 - b. Add BOPU requested easements and note to the Plat.

The Planning Commission Staff report is attached.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR TRAILHEAD ESTATES, 2nd FILING, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED NORTHWEST OF THE INTERSECTION OF OGDEN ROAD AND CRANE BLUFF ROAD)."

WHEREAS, Horizon Development llc, has subdivided certain land located northwest of the intersection of Ogden Road and Crane Bluff Road in accordance with the statutes in such cases made and provided;

WHEREAS, Horizon Development llc, the owners of the above-described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, blocks, easements and rights-of-way; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration, the Planning Commission has recommended that said plat be approved by the Governing Body, and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Trailhead Estates, 2nd Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2025.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kylie Soden, City Clerk

CITY OF CHEYENNE PLANNING COMMISSION

APRIL 7, 2025

STAFF REPORT

FILE: PUDC-25-35: Trailhead Estates, 2nd Filing (Expedited Review)

REQUEST: Subdivision of a large single Lot into 88 Lots.

LOCATION: Northwest of the intersection of Crane Bluff and Ogden Road.

APPLICANT: Randy Guill

OWNER: Horizon Development LLC

ZONING: Proposed to be NR-2 Neighborhood Residential Medium-density.

PURPOSE: A plat creating 86 Lots for residential development.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the Trailhead Estates, 2nd Filing Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions and acknowledgements.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 11.92 acres of land. The proposed plat would subdivide the parcel into 86 Lots for single-family residential, one lot for open space, and one lot for future development. A portion of the proposed Lots would meet the requirements for Cottage Lot Development, while the other lots are slightly under the required Lot width for the smallest allowed Lot in this zone district.

The smallest width allowed is the DD8 Lot, which is 30-feet. The applicant is proposing 27-foot wide Lots based on the specific type of development they would like to provide. Should the Planning Commission and the Governing Body find the development pattern acceptable and approve the plat with the understanding of the product proposed, an administrative adjustment would be granted by Staff for a reduction in Lot width.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR - Medium-density Residential, proposed to be NR-2 – Neighborhood Residential Medium Density	Vacant
North	Community Business	CB - Community Business	Vacant
South	Urban Residential	County A-1	Vacant
East	Urban Residential / Public	MR - Medium-density Residential / P-Public	Vacant, Single-family, School
West	Mixed-use Residential	NR-3 – Neighborhood Residential High Density	Multifamily

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. The proposed plat is to provide additional single-family residential to the area in a cottage lot format.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

The proposed plat subdivides a larger parcel into 86 residential Lots. This plat adds an additional road and extends the utilities in the area allowing for further development. The cottage lot style of development pattern provides a higher density in terms of units per acre than the traditional single-family development pattern to the east, but at a lower density than the multifamily development pattern to the west.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees.

Land Acquisition Fee	\$2,380 (\$350 per acre)
Infrastructure Fee	\$2,380 (\$350 per acre)
Credit from previous platting action	\$4,760
Total Land Acquisition & Infrastructure Fees	\$0.00

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee \$400 per dwelling unit

Transportation Network (4.3):

This plat is creating an additional street that will add to the street network in the area and provide access to the new subdivision. There are also alleys proposed to allow access to the proposed Lots. The plat is taking place on a larger block than is typically allowed, but the development provides a street to the western border, allowing a through connection should the area to the west ever redevelop. An exception to block size will not be required, as this plat provides for potential future connections.

Open Space (4.4):

Tract A and Lot 1, Block 5 are proposed to be open space. Cottage lot development requires open spaces to be developed with a site plan, and this project will have a site plan to formalize open space amenities after plat approval.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation study was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

Most lots proposed for development are buildable lots in this zone district. The proposed lots would be considered DD8 Lots which is the smallest lot permitted for single-family detached development. Some of the lots can meet the requirements for Cottage Lots which does allow for reductions, such as lot frontage. The other Lots in the development would require an administrative adjustment to reduce their frontage by 3-feet to the requested 27-foot-wide

Lots. Should the Planning Commission and Governing Body accept the reduction in the required frontage, Staff will grant the Administrative Adjustment with the approval of this plat.

The application **complies** with this review criterion, with conditions.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

Track A and Lot 1, Block 5 are not proposed to be buildable lots. Tract A is proposed to be for open space, utilities and drainage. Lot 1, Block 5 is noted as being for future development. Lot 1, Block 5 could be replatted in the future to allow that area to develop or it could be developed with open space. All open space is proposed to be maintained by an HOA.

The application **complies** with this review criterion.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

This plat will not create any undue influence on existing or potential development. There are existing streets to the north and to the east of the proposed development. The land to the west is already developed and the land to the south is owned by the same developer. Should the developer wish to develop to the south, they can always replat Lot 1, Block 5 as it is not proposed to have any development at this time.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

- 11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through staff's review, BOPU requested that their standard note and language for their easements be added to the plat. Fawn Pass Trail needs to be renamed as there is already a Fawn Pass in the County. There are technical corrections that need to be made as well.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on March 22, 2025
- **Posted Notice** Evidence of posted notice was provided that signs were posted on February 24, 2025.
- **Internet Posting** on connect.cheyennecity.org on February 13, 2025

As of the publication of the Staff Report (March 28, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 90 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical correction

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions and acknowledgements.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following conditions and acknowledgements of relief:

1. Acknowledgement of relief:
 - a. Reduction of lot frontage from 30' to 27' for DD8 single-family lots not facing open space.
2. Prior to recording of the plat:
 - a. Rename Fawn Pass Trail.
 - b. Make minor technical corrections.
 - c. Add BOPU requested easements and note to the Plat.

Application Information

This application has a deadline. The deadline is the second Wednesday of the month.
Application Schedule.

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.*

I acknowledge the that Expedited status is not guaranteed.*

Written Statement* 

Propose to subdivide Lot1, Block 2 of the Bluffs 12th Filing.

Pre-application Meeting Date

11/06/2024

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.*

Public Improvements are required with platting  actions. Please select the option that best demonstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.*

Owner(s) (or developers) behind the plat application will construct the needed infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
