Please explain your interest in serving on this Board/Committee/Commission	I have been working in the social services/non-profit industry as a case manager for nearly six years and I truly believe in the mission of Community Action and would like to contribute to this organization. I am very familiar with the needs of the clients that this organization serves, and the limited options and barriers that these individuals face in the city of Cheyenne. I served as a board member for this organization for over a year, in addition to being a former employee. I hope my experience and knowledge in the field of social services, substance use treatment, and mental health services will benefit Community Action and its overall mission.
