MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-25-271 Village Cooperative – Final Plat
Date: February 4, 2026

Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 2/09/2026
- Public Services Committee 2/17/2026
- Final Consideration 2/23/2026

Planning Commission Recommendation:

The Planning Commission heard this item at their February 2, 2026, meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and has had technical changes.

Public Comment

As of the creation of this memo (February 4, 2026), Staff has received no inquires or comments from the public on this project. The project page on the website has received 136 views and no comments.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR VILLAGE COOPERATIVE, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED NORTH OF PRAIRIE AVENUE, EAST OF POWDERHOUSE ROAD, WEST OF RUE TERRE, AND SOUTH OF STOREY BOULEVARD.)."

WHEREAS, Section 20 LLC, et al., have subdivided certain land located north of Prairie Avenue, east of Powderhouse Road, west of Rue Terre, and south of Storey Boulevard, in accordance with Wyoming Statutes;

WHEREAS, Section 20 LLC, et al., the owners of the above-described land, have caused a subdivision plat of said land to be prepared, acknowledged, and certified, particularly describing the lots, blocks, easements, and rights-of-way contained therein; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration, the Planning Commission has recommended approval of said plat the Governing Body, and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Village Cooperative, Cheyenne, Wyoming, be and the same is hereby approved and confirmed as presented, and that the Mayor and the City Clerk are hereby authorized, empowered, and directed to execute the final plat; and

BE IT FURTHER RESOLVED, that this Resolution shall not take effect, and the Mayor and City Clerk shall have no authority to execute the final plat approved herein, unless and until the ordinance annexing all property subject to the Village Cooperative subdivision into the corporate limits of the City of Cheyenne has been finally adopted and has otherwise become effective under Wyoming law.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2026.

STAFF REPORT

FILE: PUDC-25-271: Village Cooperative (Expedited Review)

REQUEST: Platting 4.18 acres into 1 lot

LOCATION: East of Powderhouse, south of Storey Boulevard, East of Converse Avenue, and north of Prairie Avenue

APPLICANT: Village Cooperative

OWNER: Section 20 LLC et AL

ZONING: AG Agriculture

PURPOSE: A plat creating 1 lot for senior housing residential complex

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the Village Cooperative Preliminary Plat, advancing the Final Plat to the Governing Body with the following acknowledgement, exception, and conditions:

1. Exception:
 - a. Exception to block size.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 4.18 acres of land. The proposed plat would create a lot for a multi-unit senior housing. The lot would be classified as lot type MD1 – Mutli-Dwelling Building/Large Lot.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	AG Agriculture	Vacant
North	Urban Residential	AG Agriculture	Vacant
South	Urban Residential	MUB Mixed – Use Business	Vacant/Parking Lot
East	Urban Residential	LR Low-density Residential	Vacant
West	Urban Residential	AG Agriculture	Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. The surrounding area includes single family dwellings to the west, there is high-density residential development to the east, and commercial developments to the south of the

proposed parcel. The proposed development for the site is for high-density senior housing development that is appropriate and follows future development plans.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

The proposed plat consists of 4.18 acres that will be used for senior high-density residential development. The parcel is a part of an oversized block that requires development of street or pedestrian easement in order to break up the block size. Currently there is an extension of Melton Street on the plat, an extension that would eventually connect to other streets as this area continues to develop in the future.

Public utilities and facilities currently don't exist on the property but can be extended.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees. The Park Land Acquisition Fee and Park Infrastructure Fee total \$700 per acre due at time of building permit

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure. The Park Enhancement Fee for residential is \$400 per dwelling unit.

Transportation Network (4.3):

This plat is creating an extension of Melton Street. This parcel is located within an oversized block. The extension will eventually connect to other parts of the street connection as development continues in the area.

Open Space (4.4):

Due to the nature of this application, Open space is not required with the plat.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation study was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

All lots proposed for development are buildable lots in the NR-3 zone district. All setbacks required for development within the NR-3 zone can be met. The applicant has not requested any adjustment at this moment.

The application **complies** with this review criterion with conditions.

7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)

All proposed lots are proposed as buildable lots. The plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)

This plat will not create undue influence on existing or potential on adjacent properties. Majority of land surrounding the plat is vacant. The platted land and surrounding land is being annexed into the City. All of the land will be assigned the zone of AG Agriculture. This parcel is currently undergoing a rezoning process from AG to NR-3 so that the proposed development will be allowed by right. All other land surrounding will be rezoned as it developed.

The application **complies** with this review criterion.

9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lot(s) are not proposed with this plat.

This review criterion is **not applicable**.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

There are no conditions or modifications to the plat.

This review criterion is **not applicable**.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on January 15, 2026
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on January, 26, 2026.
- **Internet Posting** on connect.cheyennecity.org on December 12, 2025

As of the publication of the Staff Report (January 26, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 65 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical issues

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following exception:

2. Exception:
 - a. Exception to block size.

ATTACHMENTS:

Application Information

This application has a deadline. The deadline is the second Wednesday of the month. Application Schedule (https://www.cheyennecity.org/files/sharedassets/public/v/1/departments/planningdevelopment/review-schedules/2024_submittal_schedule.pdf).

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.

true

Public Improvements are required with platting actions. Please select the option that best demponstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.

Owner(s) (or developers) behind the plat application will construct the needed infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).

true

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).

true

true

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).

true

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).

true

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).

true

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).

true

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).

true

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).

true

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).

true

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).

true

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).

true

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.
