MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White
Subject: PUDC-25-278 County Pocket Annexation #10 – Annexation
Date: February 9, 2026

Background:

The item for consideration is an Ordinance. Annexation of County pockets is a 2022 City Council priority. A "County pocket" is an area of unincorporated land 100% surrounded by the City of Cheyenne. A related "Assigned Zoning" pursuant to Unified Development Code (UDC) Section 2.2.8 ordinance is also on the agenda.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral February 9, 2026
- Public Services Committee February 17, 2026
- Second reading February 23, 2026
- Public Services Committee March 2, 2026
- Third and final reading March 9, 2026

This annexation is comprised of 16 properties 100% surrounded by the City (See attached map). Of the 16 parcels, most are developed with residential uses, one is a farm, and others are developed with commercial or industrial uses. The City has maintained contact with the County Planning Office to coordinate any pending permits or development reviews. Currently there are no active permits or development specific to the properties proposed for annexation.

On December 2, 2025, City staff mailed a courtesy notice by first class mail to all landowners included in this annexation area inviting them to a "Question and Answer" on Tuesday December 16, 2025. During the meeting staff provided information regarding trash collection, water and sewer services, continuation of uses and what to expect with the annexation. Only one resident attended the meeting. Their main concern was about their farm/farm stand and the continuation of the use once annexed. Staff is proposing that their property be assigned the AG Agricultural zone which will allow the farm to continue as a use by right and would not change the use of the property.

The existing use of any property annexed, including any livestock use, will be allowed to continue as is as a nonconforming use. Nonconforming uses may continue until they are abandoned for a period of 12-months. Residents within pockets have been encouraged to complete a Land Use Documentation form detailing the existing use of the land for documentation purposes. The form is simply a tool to assist future City staff members to determine if a use was in existence at the time of annexation.

City-initiated annexations do not require an owner's signature. To initiate an annexation, the City must adopt a resolution certifying that the annexation complies with Wyoming State Statute § 15-1-402. After the City adopts this resolution, the annexation follows the typical schedule, including a public hearing and the approval of an Ordinance which annexes the land. The Governing Body adopted Resolution No. 6511 initiating this annexation on January 26, 2025.

As with any annexation, City services will be extended to service the land contained in the annexation. City utilities are already located in the vicinity. Police, fire, and sanitation services will be provided. Infrastructure improvements required related to the annexation are minimal. Future development such as subdivision or new development will require on- and off-site infrastructure improvements. Existing infrastructure will remain as is upon annexation.

The areas proposed for annexation are adjacent to land under City jurisdiction. Development in this area is a natural extension of the City. 100 % of the perimeter of the annexation area is contiguous to City limits.

Due to meeting the review criteria found in Wyoming Statute § 15-1-402 and the annexation conforming with the 2022 City Council goal to annex County pockets, staff recommends approval of this annexation.

Staff Recommendation:

Staff recommends the Governing Body approve the Annexation Ordinance.

2. Proposed Ordinance (includes Annexation Map as Attachment A)
3. Staff Report

Responses to questions of David Kniseley regarding WYfresh Farms regarding the affects of annexation.

Stormwater Fee

The estimated stormwater fee is approximately \$38.00 per month, based on impervious surface calculations. The fee is assessed at \$0.0024 per square foot. A link to the stormwater fee map and Engineering Department contact information has been provided to him if he has questions or concerns.

Property Taxes

The estimated annual tax increase is \$203.80. The County Assessor may reassess the property upon annexation. The Assessor's contact information has been provided to him to obtain additional information.

Drainage

The Planning and Development Department is not aware of any current drainage projects affecting the property. Engineering Department contact information has been provided to the inquirer o him to obtain additional information.

Use of Land for Livestock

The property is proposed to be zoned Agricultural (AG), which permits livestock. Minor adjustments in animal numbers within existing pastures do not require approval. Expansion of livestock use areas requires site plan review. Rotating or designated animal areas should be documented using a Land Use Documentation Form and a web link to that form has been provided to him.

Right to Farm and Ranch Act

The Act generally protects agricultural operations from nuisance claims when standard management practices are followed. It does not exempt property owners from compliance with local regulations.

Expansion of Farming or Livestock Areas

Expanding the area used for farming or livestock requires submission of a site plan. Infrastructure improvements may be considered but are evaluated in proportion to the scope of the proposed expansion.

Guard Dog Vaccinations

Vaccination requirements apply within both City and County jurisdictions. Animal Control contact information has been provided to him to obtain additional information..

Farmstand Licensing

A \$75 annual license is required for operation of a mobile food cart, along with compliance with public health requirements. City Clerk's Office contact information has been provided to him if he desires further information.

Discharge of Firearms and Livestock Protection

Discharge of firearms within the City is prohibited except at designated ranges. Alternative wildlife and nuisance animal control measures are available. Contact information for the police department and the Wyoming State Game and Fish Department has been provided to him for alternatives.

Jefferson/Walterscheid Intersection

Engineering staff have been notified of visibility and signage concerns at this intersection. Additional signage is anticipated to address traffic movement restrictions after annexation.

**Building Permits**

Existing structures will be recognized as constructed and are not required to be upgraded. New structures, including hoop houses, will require permits. Property owners are encouraged to document existing structures prior to ordinance adoption.

Land Use and Agricultural Operations

Annexation will not require the discontinuation of agricultural operations, livestock activities, farmstand operations, or existing driveways. Current uses may continue under the proposed zoning.

ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE ANNEXING TO THE CITY OF CHEYENNE, WYOMING, VARIOUS TRACTS OF LAND COMPLETELY SURROUNDED BY CURRENT CITY LIMITS SITUATE IN WESTERN AND SOUTHERN CHEYENNE, GENERALLY LOCATED EAST OF I-25, SOUTH OF THE INTERSECTION OF WESTLAND ROAD AND MISSILE DRIVE, NORTH OF WEST AND EAST ALLISON ROAD, AND EAST OF AND ADJACENT TO NORTH COLLEGE DRIVE."

FILE:	PUDC-25-278: County Pocket #10 - Annexation
REQUEST:	An annexation of 16 properties 100% surrounded by the City.
LOCATION:	East of I-25, south of the intersection of Westland Road and Missile Drive, north of West and East Allison Road and east of and Adjacent to North College Drive.
PURPOSE:	Annexation of County pockets is a 2022 City Council priority.
PREPARED BY:	Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

Annexation of County pockets is a 2022 City Council priority. A "County pocket" is an area of unincorporated land 100% surrounded by the City of Cheyenne. City-initiated annexations do not require an owner's signature. To initiate an annexation, the City must adopt a resolution certifying that the annexation complies with Wyoming State Statute § 15-1-402. After the City adopts this resolution, the annexation follows the typical schedule, including a public hearing and the approval of an Ordinance which annexes the land. The Governing Body adopted Resolution No. 6511 initiating this annexation on January 26, 2026.

This annexation is comprised of 16 properties 100% surrounded by the City (See attached map). Of the 16 parcels, most are developed with residential uses and a few are commercial / industrial in nature.

Land annexed to the City requires a City zone. An assigned zoning ordinance is accompanying this annexation to assign the AG, MR, CB and LI zones.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]

The annexation of these properties will increase the health, safety, and welfare of the future occupants. By being in City limits, the property will receive access to City Fire and Police and sanitation services. The properties will also have the option of connecting to City water and sanitary sewer instead of having wells and septic systems.

The application **complies** with this review criterion.

2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]

These properties constitute a natural, geographic, economic, and social part of the city. The properties are surrounded by City on all sides. The contiguity to the City and the proximity to surrounding urban-style development makes the parcels a natural geographic part of the City.

The application **complies** with this review criterion.

- 3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. Utilities exist in the area and will be expanded into the proposed area as they redevelop.

The application **complies** with this review criterion.

- 4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The area proposed for annexation is 100% contiguous on all sides.

The application **complies** with this review criterion.

- 5) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

- 6) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory and by first class mail to any persons owning property that is adjacent to or within three hundred (300) feet of the territory proposed to be annexed, regardless of whether the property is inside or outside the corporate limits of the annexing city or town and regardless of whether the city or town is exercising authority under W.S. 15-3-202(b)(ii), a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]**

A certified mailing was made to the landowners and public utilities on January 8, 2026. Neighbors within 300' were mailed first-class letters the same day. The public hearing for this annexation is scheduled for February 9, 2026. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is January 9, 2026. The earliest confirmation of delivery was dated January 12, 2026.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with Urban Residential uses and a little bit of Mixed-use Commercial uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

STAFF REVIEW:

Through the review process, no comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

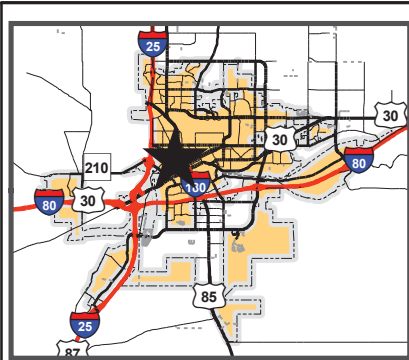

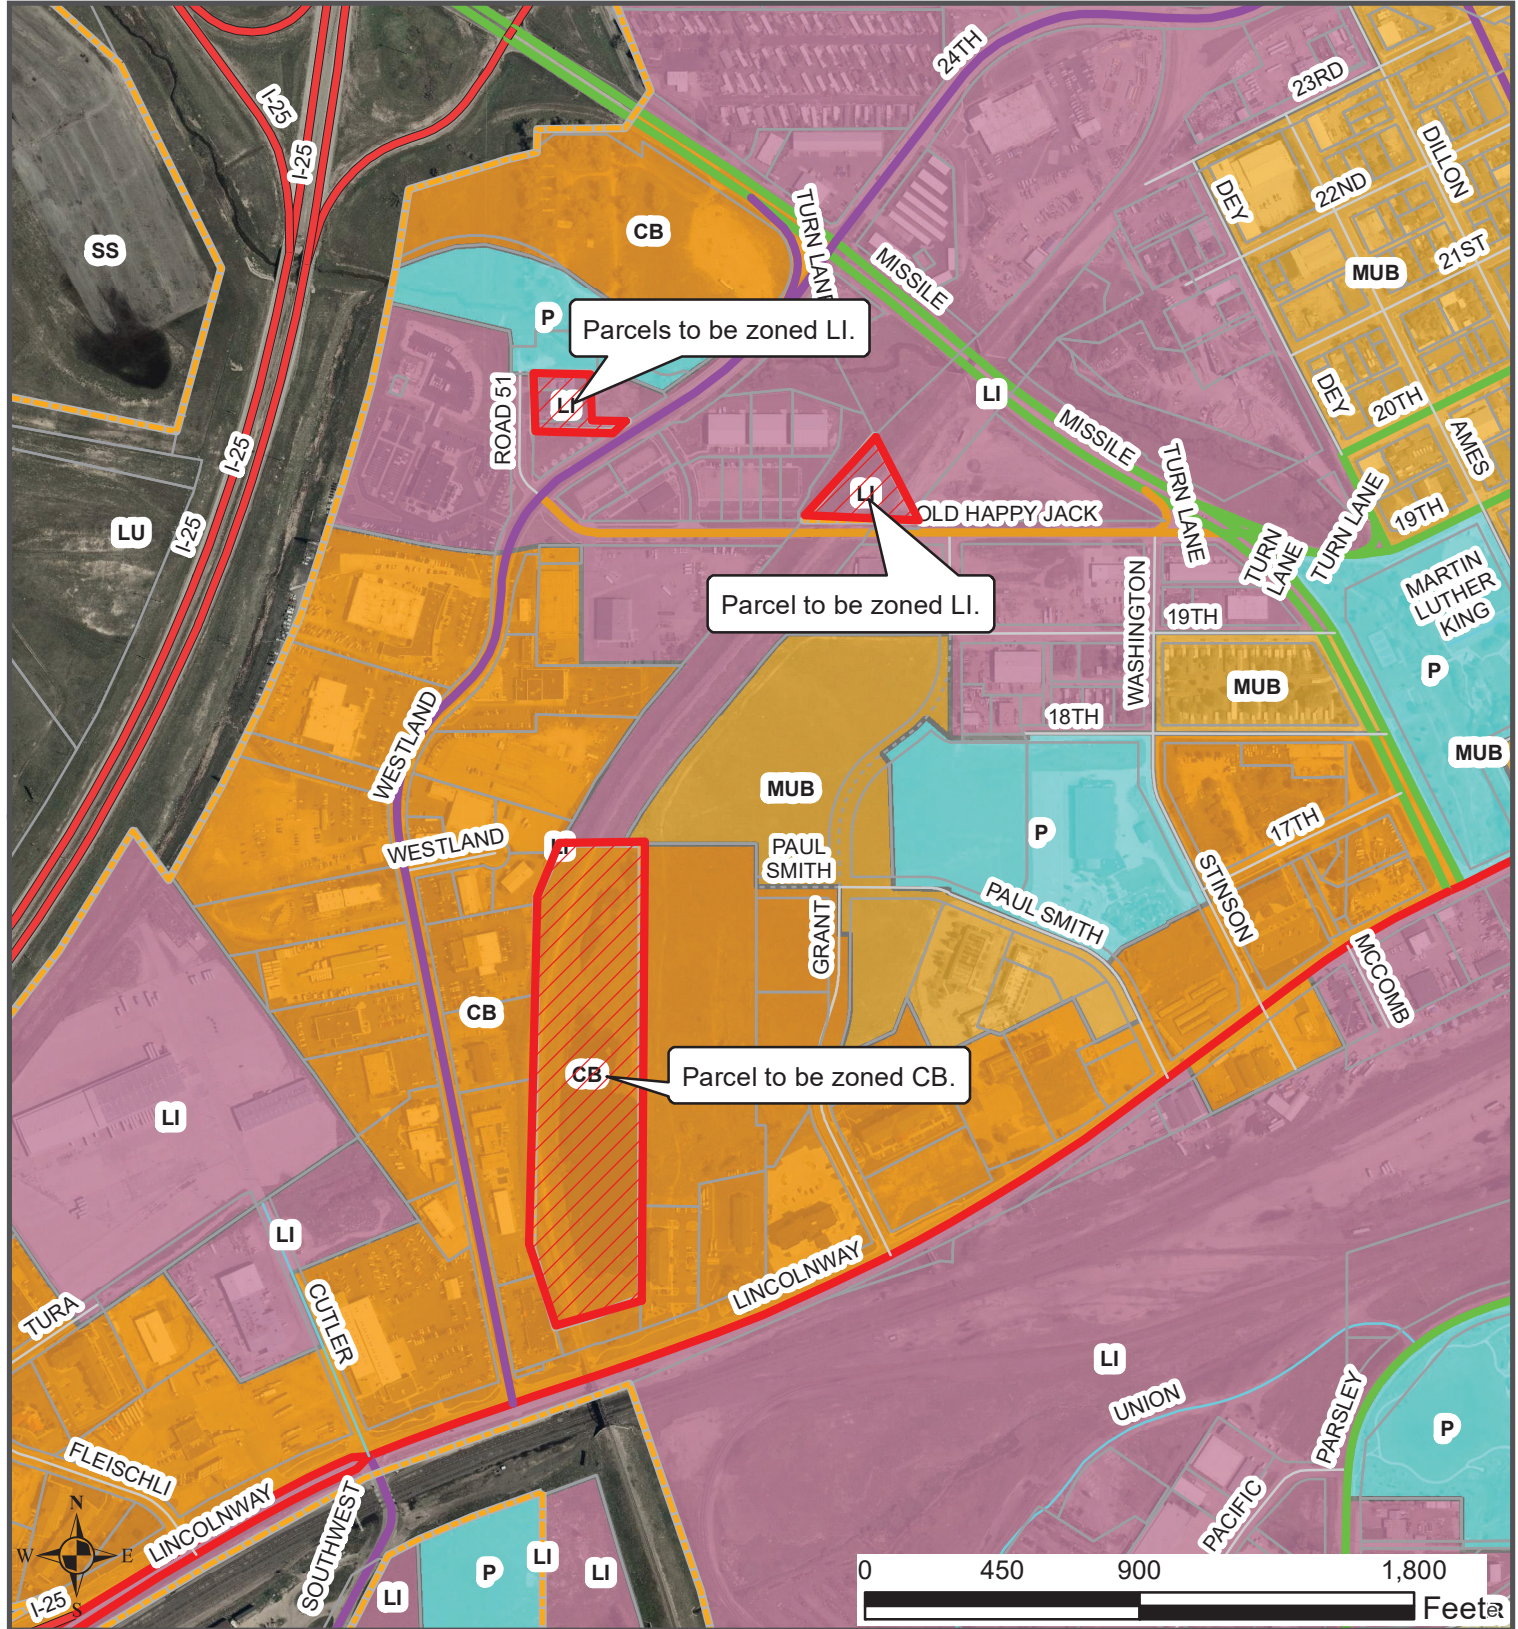

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and most services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation.
