MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-26-33 Allison Pointe – Zoning Map Amendment
Date: March 4, 2026

Background:

The item for consideration is a Zoning Map Amendment (zone change). This is approved by Ordinance.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 3/9/2026
- Public Services Committee 3/16/2026
- Second reading 3/23/2026
- Public Services Committee 4/6/2026
- Third and final reading 4/13/2026

Planning Commission Recommendation:

The Planning Commission heard this item at their March 2, 2026, meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and has not been changed.

Public Comment

As of the creation of this memo (March 4, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 23 views and no comments.

ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CHEYENNE, CHANGING THE ZONING CLASSIFICATION FOR LAND LOCATED NORTH OF ALLISON ROAD AND WEST OF WALTERSCHEID BOULEVARD FROM AG AGRICULTURE TO NR-3 NEIGHBORHOOD RESIDENTIAL – HIGH DENSITY."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That the owner of certain real property located north of West Allison Road and west of Walterscheid Boulevard has applied for a zoning map amendment for said property in accordance with Section 2.2.1, Zoning Map Amendment, of the Cheyenne Unified Development Code ("UDC").

Section 2. That on March 2, 2026, the City of Cheyenne Planning Commission conducted a public hearing, reviewed the proposed zoning map amendment that is the subject of this ordinance, and recommended approval of said zoning map amendment.

Section 3. That the Governing Body of the City of Cheyenne finds that the zoning map amendment that is the subject of this ordinance meets the criteria specified in Section 2.2.1.d of the UDC.

Section 4. That, in accordance with Section 2.2.1, Zoning Map Amendment, Section 5.1.2, Zoning Districts Established, and Section 5.1.3, Official Zoning Map, of the UDC, the aforementioned zoning map amendment application is hereby approved, and the zoning classification of the following described real property is hereby changed to NR-3 Neighborhood Residential – High Density:

A PARCEL OF LAND SITUATE IN A PORTION OF THE NORTHEAST QUARTER (NE¼) OF SECTION 7, T. 13 N., R. 66 W., 6TH P.M., CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING BEING MORE PARTICULARLY DESCRIBE AS FOLLOWS:

BEGINNING AT THE INTERSECTION OF THE WEST LINE OF WALTERSCHEID BLVD. AND THE NORTH LINE OF WEST ALLISON ROAD A FOUND 1 ½" ALUMINUM CAP; THENCE N.89°22' 46" W. ALONG THE SAID NORTH LINE OF WEST ALLISON A DISTANCE OF 741.25 FEET TO A FOUND #5 REBAR AND POINT OF CURVATURE; THENCE CONTINUING ALONG SAID NORTH LINE THROUGH A CURVE CONCAVED TO THE NORTHEAST HAVING A RADIUS OF 1105.92 FEET A CENTRAL ANGLE OF 16°14'11" (CHB. = N. 81°14'17" W, CHL. = 312.34 FEET) A DISTANCE OF 313.39 FEET TO THE SOUTH EAST CORNER OF LOT 8, BLOCK 1, HARMONY POINT A SET 1½" ALUMINUM CAP STAMPED 'PLS 9834'; THENCE N00°13'36" E. ALONG THE EAST LINE OF SAID LOT 8 A DISTANCE OF 454.27 FEET TO A POINT ON THE EAST LINE OF LOT 14, BLOCK 1 OF SAID HARMONY POINT A FOUND 1½" ALUMINUM CAP; THENCE N.

37°21'57" E. ALONG THE SOUTHEAST LINE OF SAID LOT 14 A DISTANCE OF 129.74 FEET TO THE NORTHEAST CORNER OF SAID LOT 14 A FOUND 1½" ALUMINUM CAP; THENCE N.89°50'55" E. A DISTANCE OF 971.57 FEET TO A POINT ON THE SAID WEST LINE OF WALTERSCHEID BLVD. A FOUND ½" IRON PIPE; THENCE S.00°12'17" W. ALONG THE SAID WEST LINE A DISTANCE OF 615.56 FEET TO THE POINT OF BEGINNING.

SAID PARCEL CONTAINS 14.47 ACRES MORE OR LESS.

Section 5. That the City Engineer is hereby authorized and directed to alter and amend the Official Zoning Map as described in Section 5.1.3 of the UDC to comply with the zoning map amendment as described in Section 4 above when this ordinance takes effect in accordance with Section 7 below.

Section 6. Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable. If any section, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional, such unconstitutionality shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases.

Section 7. That this ordinance shall be in full force and effect upon its approval and publication.

STAFF REPORT

FILE: PUDC-26-33: A Parcel of land in the NE1/4 of Section 7, T.13N., R.66.W, of the 6th P.M.– Zoning Map Amendment (zone change)

REQUEST: A request to rezone approximately 14.47 acres of land from AG Agriculture to NR-3 Neighborhood Residential – High Density.

LOCATION: Northwest of the intersection of Allison Road and Walterscheid Boulevard

APPLICANT: John Sayers

AGENT: John Sayers

OWNER: Tru Grit Land Development LLC

ZONING: AG Agriculture

FUTURE LAND USE: Mixed-Use Commercial

PURPOSE: Change the zone of this parcel from AG to NR-3 zone.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the rezoning of 14.47 acres of land northwest of and adjacent to the intersection of Walterscheid Boulevard and Allison Road to NR-3 Neighborhood Residential – High Density as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from AG to NR-3 Neighborhood Residential – High Density for roughly 14.47 acres of land. The land is currently vacant.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Mixed-Use Commercial	AG	Vacant
North	Public	County A-1 Agricultural and Rural Residential (Legacy within City limits)	Utility Station
South	Urban Residential	Harmony Valley and Harmony Meadows PUDs	Vacant and single family dwellings
East	Urban Residential	County URLD Urban Residential Low Density (proposed City MR Medium-density Residential concurrent with County pocket annexation in progress)	Single family dwellings
West	Public	P Public, MR	Vacant, Single family dwellings

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

- 1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)**

PlanCheyenne encourages opportunities for commercial and high-intensity residential growth within this area under this designation.

The Future Land Use Designation for this property is Mixed-Use Commercial. According to the comprehensive plan, this designation supports more commercial, light industrial, or live-work developments that could be “activity centers”. Residential use may be added to these areas in order to bring in more activity, but their development should be secondary to potential commercial development in the area. If residential developments are within the Mixed-Use Commercial area, there should be more than 8 dwelling units per acre. The ideal location for activity center is along principal arterial or minor arterial streets. This lot is located at the intersection of Allison Road and Walterscheid Boulevard, two high trafficked streets. This results in higher volume of traffic than might be desired in residential areas.

The optimal zone for this area is MUB Mixed-use Business Emphasis, although a mix of commercial and high-intensity residential zones may also accomplish the comprehensive plan objectives. Based on the policies and future land use map, NR-3 is not the most appropriate for this area. The intersection is lacking in commercial zoning, though commercial zoning exists less than 200 feet to the northeast of the subject property. The MUB zone in the UDC is essentially a combination of NR-3 and NB zones, the MUB even uses NR-3 lot types and residential design standards for purely residential development. Essentially, the proposed NR-3 zone is the residential half of the optimal MUB zone.

Although the subject parcel is designated Mixed-use Commercial by the future land use plan, the only designation that is not for public property found in the surrounding area within 900 feet is Urban Residential.

PlanCheyenne also supports flexibility to adjust to market demands and supports development of housing to meet demands, preferably with a variety of types and with access to amenities. Housing is needed in the Cheyenne, and this location has access to amenities and would allow for a variety of housing options.

The proposed zone change **complies** with review criterion 1.

2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)

The proposed NR-3 zone would only be on this property, unless a concurrent zone change request to NR-3 is approved on land to the southwest. To the north of the property is zoned as A-1 and hosts a utility station on the land. The Harmony Meadows PUD is located directly to the south and contains single family dwellings. East of this parcel is land zone Public which is currently vacant. To the east of this property is County Urban Residential Low-Density zone and contains single family dwellings – however that property is currently going through the County pockets annexation process and is proposed to have city MR Medium-density Residential zoning upon annexation.

The property is adjacent to major roadways which is not as optimal for low-intensity development. While not adjacent to this property, high-intensity residential development is nearby to the northeast and west.

High-intensity residential development is compatible with the surrounding area's anticipated development patterns.

The proposed zone change for the subject property **complies** with review criterion 2.

3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)

NR-3 would allow for a variety of residential development types. With the location of the parcel along two roads that have high volume of traffic, the allowance for high density residential developments by right would be appropriate. The existing zoning district is AG, which is meant to be used for agricultural uses or as a holding zone. Most urban zones would give more options for development than the current AG zone.

The proposed zone change **complies** with review criterion 3.

4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)

No specific development is proposed with this zone change. Any streets and accesses would be required to meet standards. As an infill property constrained by major roadways, topography, and a major utility station, exceptions to typical block standards would be expected for any development proposal. Infrastructure (streets and utilities) exist in the area. Water and sewer will likely need to be extended to the area.

The proposed zone change for the subject property **complies** with review criterion 4.

5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)

The NR-3 district is intended to be used for high-density, urban residential use with consistent neighborhood character. The regulations are meant to protect the neighborhood character of the district and protect the primarily residential use of land.

The applicability to areas where more compact neighborhood development patterns are desired, specifically the Urban Residential category in the Cheyenne Comprehensive Plan.

Typically, this district is located no more than ¼ mile or up to four blocks from any existing or planned Activity Center. Isolated application of this district without adjacency to activity center should be avoided so that significant concentrations of density do not exist without walking access to non-residential uses and quality urban amenities. This district should be supported by a highly connected street network with street design types that have high degree of pedestrian amenities.

. This parcel is not located near any activity center, but has commercial development to the east and schools nearby. Pedestrian amenities including the Greenway are in the area.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The NR-3 zone would limit this parcel to strictly residential development. The previous zoning of AG severely limited development, as the AG is an agricultural or holding zone. The NR-3 provides multiple paths to development.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No major comments received in regard to the proposed zone.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, review comments were received expressing the appropriateness of the NR-3 zone at this location.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The NR-3 zone is appropriate based on the future land use map, surrounding zoning, surrounding development patterns, and proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from AG to NR-3.

Proposed Zoning* NR-3 Neighborhood Residential – High
Density**Project Description or notes** 

Review Criteria

The following review criteria are found in the UDC regarding a zoning map amendment. Please acknowledge the proposed zoning map amendment meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.2.1.d.1).*

The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas (2.2.1.d.2).*

The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (2.2.1.d.3).*

The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (2.2.1.d.4).*

The ability of the application to support the Intent and Applicability statements of the proposed zoning district, and achieve the Design Objectives of any specific standards (2.2.1.d.5).*

The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options in the event that any specific development proposed in association with the application is not executed after approval (2.2.1.d.6).*

The review and recommendations of other reviewing bodies (2.2.1.d.7). (Not applicable at time of application)

Whether the application will harm the public health, safety, or general welfare (2.2.1.d.8).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
