MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White
Subject: PUDC-26-6 / 2900 Central Avenue Townhomes – Expedited Plat
Date: March 23, 2026

Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral March 23, 2026
- Public Services Committee April 6, 2026
- Final Consideration April 13, 2026

Planning Commission Recommendation:

The Planning Commission heard this item at their March 2, 2026 meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and has not been changed.

Public Comment

As of the creation of this memo (March 16, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 65 views and no comments.

CITY OF CHEYENNE PLANNING COMMISSION
MARCH 2, 2026
STAFF REPORT

FILE: PUDC-26-8: 2900 Central Avenue Townhomes (Expedited Review)

REQUEST: Subdivision of a large single Lot into 17 Lots.

LOCATION: Northwest of the intersection of E 29th St. and Central Avenue.

APPLICANT: Ben Trautwein

AGENT: AVI PC

OWNER: 2900 Central LLC

ZONING: MR – Medium-density Residential proposed to be NR-2 – Neighborhood Residential Medium-density.

PURPOSE: A plat creating 17 Lots to allow fee ownership.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the 2900 Central Avenue Townhomes Preliminary Plat, advancing the Final Plat to the Governing Body, with staff's recommended condition.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 0.50 acres of land. The proposed plat would subdivide the parcel into 17 Lots to allow fee simple ownership of the individual townhouse units. This development would be considered Cottage Lots per the UDC with the approval of this plat. A concurrent zone change application has also been submitted to change the zoning from MR to NR-2 (PUDC-26-7).

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential	Multifamily Residential
North	Urban Residential	MR – Medium-density Residential and P – Public	Law Office
South	Public Quasi-public	P – Public	Wyoming State Library
East	Open Space and Parks, Urban Residential,	P – Public, MUB Mixed-use Business Emphasis	Detention Pond / Park, Office
West	Urban Residential	MR – Medium-density Residential	Single-family Residential / Duplex

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding non-public area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. The proposed plat is to adjust the ownership model of a townhouse-like development.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

The proposed plat subdivides a larger parcel into 17 lots to allow fee simple ownership of the existing townhouse units. It does not propose any additional public streets and is already adjacent to an existing street network. Utilities and facilities are already within the area due to the existing developments in the area.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees. Park fees are calculated at \$700 per acre. All fees are due at the time of building permit.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee \$400 per dwelling unit

Transportation Network (4.3):

This plat is for an existing development in an area that is already developed. No additional streets are proposed.

Open Space (4.4):

Open space is required at 750sqft per unit or 8% of the gross development area, whichever is less. However, due to the size of the property, plat-level open space is not required. The plat includes a common lot which serves as a common open area.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage worksheet was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation worksheet was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

All lots proposed for development are buildable lots in this zone district. The proposed rezoning to NR-2 would allow this development to be considered Cottage Lots.

The application **complies** with this review criterion.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

Lot 17 is proposed to be a common lot that will be maintained by an HOA. A draft HOA document detailing maintenance has been provided.

The application **complies** with this review criterion.

8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)

This plat will not create any undue influence on existing or potential development. This area is already developed. The purpose of this plat is to allow individual ownership of the existing townhouse units.

The application **complies** with this review criterion.

9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through staff's review a block number needed to be added to the plat. No other comments were made.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on February 14, 2025
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on February 19, 2026.
- **Internet Posting** on connect.cheyennecity.org on January 15, 2026

As of the publication of the Staff Report (February 23, 2026), Staff has received one inquiry or comment from the public on this project. The inquiry was more or less about what they were doing. The project page on the website has received 14 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Block number needed.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.

2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following conditions:

1. A block number be added to the plat prior to signing.

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.*

Public Improvements are required with platting actions. Please select the option that best demonstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.* ?

All necessary infrastructure is currently in-place and built to the current standards.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
