CITY OF CHEYENNE PLANNING COMMISSION
NOVEMBER 3, 2025
STAFF REPORT

FILE: PUDC-25-210: KT Subdivision – Assigned Zoning

LOCATION: East of Converse Ave and North of East Carlson St.

REQUEST: Assigning City zones to properties that the owner is annexing.

ANNEXATION APPLICANT: Kelly Hafner

OWNER: Section 20 et AL

CURRENT ZONING: County LU

PROPOSED Zoning: AG Agriculture

FUTURE LAND USE: Urban Residential

PURPOSE: To establish a City zoning district concurrent with annexation.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to recommend the Governing Body **approve** the proposed zoning designation of AG Agriculture for the parcel of land being annexed, located generally east of Converse Ave and north of East Carlson St.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.8 Assigned Zoning

BACKGROUND:

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

- 1. The proposed zoning assignment is the most analogous City zone to the current zone when taking into consideration allowed uses, current uses, or surrounding City zones. Zoning shall be assigned a City zone based on:**
 - a. Permitted uses,**
 - b. Uses that could reasonably be anticipated for conditional use approval under the current zoning,**
 - c. Current uses, or**
 - d. Surrounding City zoning,****as deemed most suitable for the property being assigned a zone in terms of allowing the landowner to continue the current use of the land while respecting the current and anticipated uses of surrounding property.**

The underlying county zone is County LU. The property is currently used for agriculture and the adjacent City zones include CB community Business and NR-3 Neighborhood Residential – High Density. The CB zone is to the southeast and is undeveloped. The NR-3 zone is to the southwest and northeast and in both cases is developed with multifamily. A majority of the surrounding land is outside of City limits (to the west, north, and east) and the property is currently zoned LU in the county and used for agricultural purposes. While the LU zone allows a large variety of uses with administrative or conditional use approval, the current land use in the area is agriculture. Based on the current use of the subject property and surrounding County land, a City agricultural zone is appropriate. As the AG zone is also intended to be used as a 'holding zone; Staff selected the City AG zone as the most analogous City zone to the current County zone and uses.

Establishing the City zone matches the policy document, and the parcel is assigned the most analogous City zone based on the allowed uses; therefore, the item **complies** with review criterion.

STAFF REVIEW:

Through the review process, there were no comments.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.8.(d).

ALTERNATIVES:

1. Recommend approval of the Assigned Zoning as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the Assigned Zoning subject to conditions or modifications.
3. Recommend denial of the Assigned Zoning based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the Assigned Zoning until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or recommends conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for their recommendation.

STAFF RECOMMENDATION:

Staff recommends approval of the assigned zoning for land east of Converse Ave and north of East Carlson St to AG Agriculture as shown in the attached zone change map, noting that the project meets the review criteria for approval.
