**CITY OF CHEYENNE PLANNING COMMISSION**  
**NOVEMBER 3, 2025**  
**STAFF REPORT**

**FILE:** **PUDC-25-138: County Pocket Annexation #8. – Assigned Zoning**

**LOCATION:** South of Laramie Street, east of T-Bird Drive, north of East Lincolnway and US 30, and west of Parsons Place.

**REQUEST:** Assigning City zones to properties that the City is annexing.

**ANNEXATION APPLICANT:** City of Cheyenne

**OWNER:** Various

**CURRENT ZONING:** County LU

**PROPOSED Zoning:** MR, MUB and CB.

**FUTURE LAND USE:** Urban Residential and Mixed-use Commercial.

**PURPOSE:** To establish a City zoning district concurrent with annexation.

**PREPARED BY:** Connor White, Planner II

## **RECOMMENDED MOTION:**

---

Move to recommend the Governing Body **approve** the assigned zoning for land south of Laramie Street, east of T-Bird Drive, north of East Lincolnway and US 30, and west of Parsons Place to MR Medium-density Residential, MUB Mixed-use Business, and CB Community Business as shown in the attached zone change map, noting that the project meets the review criteria for approval.

## **APPLICABLE CITY CODE SECTION(S) AND PLANS:**

---

- UDC 2.2.8 Assigned Zoning

## **BACKGROUND:**

---

The City is annexing parcels that are 100% surrounded by current City Limits as part of Councils goals to annex county pockets. Annexation of a parcel requires a city zone to be established.

## **ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:**

---

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

**1. The proposed zoning assignment is the most analogous City zone to the current zone when taking into consideration allowed uses, current uses, or surrounding City zones.**

**Zoning shall be assigned a City zone based on:**

- a. Permitted uses,
- b. Uses that could reasonably be anticipated for conditional use approval under the current zoning,
- c. Current uses, or
- d. Surrounding City zoning,

**as deemed most suitable for the property being assigned a zone in terms of allowing the landowner to continue the current use of the land while respecting the current and anticipated uses of surrounding property.**

Through the reviewing of the County Pockets, the assigned zoning is fairly straight forward. There is one pocket that needed additional review and consideration, that being Parcel #8 per the attached zone change map.

### Parcel #8

Parcel #8 is currently zoned LU – Land Use within the County. The City MR- Medium-density Residential zone exists to the north, west and a little bit to the east. To the south is City P – Public and to the east there is also MUB – Mixed-use Business in addition to the MR zone. The Lot addressed as 3710 Ostdiek Ct. is developed with a residence and what appears to be a business. The Lot addressed as 3720 Cheyenne St. is developed with a residence. The LU zone does allow for some business activity as conditional uses and due to the Lot at 3710 Ostdiek Ct having a business prior to the change in County regulations, there is some expectation that they would be able to continue to use

the property as it has been used. For this reason, Staff believes that the **MUB – Mixed-use Business** zone is the most analogous zone for 3710 Ostdiek Ct. As mentioned, MUB zoning is to the east and this would be an extension of that zone district. 3720 Cheyenne St. only has a residence and Staff believes that the most analogous zone would be the **MR – Medium-density Residential** zone for this property based on the current use and the surrounding zones.

#### Parcels #1 – 7

Parcels #1 – 7 are currently zoned LU – Land Use within the County. All of the Lots within these pockets are developed with residential uses currently. These parcels are also surrounded by the MR – Medium-density Residential zone. The LU permits single-family residential and allows more intense residential as a conditional use. Based on this information Staff believes that the **MR – Medium-density Residential** zone is the most analogous zone for these pockets as it has similar permitted uses, similar conditional uses and is the surrounding City zone.

#### Parcel #9

Parcel #9 is currently zoned CB – Community Business within the County. There is City CB zoning to the west and the south. To the north is MR zoning and to the east is MUB zoning. One Lot is vacant and the other is developed with an RV park. The designation of CB zoning in the County has not changed with their update to their zoning map. For these reasons Staff believes that the **CB – Community Business** zone is the most analogous zone for this pocket.

#### Parcels #10 – 11

These parcels are rights-of-way and will take on the adjacent City zone and do not require an assigned zone.

#### Parcel #12

Parcel #12 is currently zoned MU – Mixed Use in the County. This pocket is surrounded by the MUB – Mixed-use Business zone on all sides. Some of the area is vacant, two of the Lots are developed with a Church and a single lot is developed with warehousing / commercial business. The MU zone in the County changed with their zoning code update. The MU now resembles the City MUB zone based on allowed uses and conditional uses. Additionally, the Church development that is within this pocket is part of a larger church complex that includes portions already in City limits. Thea portion in City limits is zoned MUB. Based on this information Staff believes that the **MUB – Mixed-use Business** zone is the most analogous zone for this pocket.

This assigned zoning **complies** with review criterion 1.

### **STAFF REVIEW:**

---

Through the review process, there were no comments.

**CONCLUSION:**

---

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.8.(d).

**ALTERNATIVES:**

---

1. Recommend approval of the Assigned Zoning as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the Assigned Zoning subject to conditions or modifications.
3. Recommend denial of the Assigned Zoning based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the Assigned Zoning until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or recommends conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for their recommendation.

**STAFF RECOMMENDATION:**

---

Staff recommends approval of the assigned zoning for land south of Laramie Street, east of T-Bird Drive, north of East Lincolnway and US 30, and west of Parsons Place to MR Medium-density Residential, MUB Mixed-use Business, and CB Community Business as shown in the attached zone change map, noting that the project meets the review criteria for approval.
