MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White
Subject: PUDC-25-226 Airport View – Expedited Plat
Date: December 8, 2025

Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 12/8/2025
- Public Services Committee 12/15/2025
- Final Consideration 12/22/2025

Planning Commission Recommendation:

The Planning Commission heard this item at their December 1, 2025 meeting and recommended the Governing Body approve this application with staff recommended exception, acknowledgements and conditions.

Staff Recommended exception, acknowledgements and conditions:

1. Exception:
 - a. An exception to block sizes (UDC 4.3.3.c) is granted due to the infill nature of this plat.
2. Acknowledgements:
 - a. The current development on Lot 1 will become non-conforming, specifically the detached garage.
 - b. Lot 2's access to Dell Range does not meet standards but is acceptable for single-family development.
3. Conditions:
 - a. Prior to signing of the plat, an access easement will be provided to Lot 1 from Dell Range Blvd. or an address change application will be submitted to change the address of Lot 1 to Grandpre Circle or Townsend Place.
 - b. Prior to signing the plat, a note be added to the face of the plat stating that "Access from Dell Range directly into Lot 2 may be restricted based on the traffic created by the proposed development of Lot 2."

The Planning Commission Staff report is attached and has not been changed.

Public Comment

As of the creation of this memo (December 3, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 75 views and no comments.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR AIRPORT VIEW, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED EAST OF TOWNSEND PLACE AND NORTH OF AND ADJACENT TO DELL RANGE BOULEVARD)."

WHEREAS, Lynn Buys Houses 2, LLC has subdivided certain land located east of Townsend Place and north of and adjacent to Dell Range Boulevard in accordance with applicable Wyoming Statutes;

WHEREAS, Lynn Buys Houses 2, LLC, the owners of the above-described land, has caused a subdivision plat of said land to be prepared, acknowledged, and certified, particularly describing the lots, blocks, easements and rights-of-way contained therein; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration, the Planning Commission has recommended approval of said plat to the Governing Body, and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Airport View, Cheyenne, Wyoming, be and the same is hereby approved and confirmed as presented, and that the Mayor and the City Clerk are hereby authorized, empowered, and directed to execute the final plat.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2025.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kylie Soden, City Clerk

CITY OF
CHEYENNE
— PLANNING & DEVELOPMENT —

CITY OF CHEYENNE PLANNING COMMISSION
DECEMBER 1, 2025
STAFF REPORT

FILE: PUDC-25-226: Airport View (Expedited Review)

REQUEST: Subdivision of a single Lot into two Lots.

LOCATION: North of and adjacent to Dell Range Blvd and east of Townsend Place.

APPLICANT: Brandon Swain

OWNER: Peggy Stratz c/o Capitol City House Buyers LLC

ZONING: MR – Medium-density Residential and MUB – Mixed-use Business.

PURPOSE: A plat creating two Lots creating one MR Lot and one MUB Lot based on the existing split zoning.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the Airport View Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended exception, acknowledgments and conditions.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 0.31 acres of land. The proposed plat would subdivide the parcel into two Lots to create an MR Lot with the existing residence and an MUB Lot along Dell Range Blvd. for future development. The Lot currently has split zoning. Although a plat dividing one lot into two is typically eligible for the administrative plat process, the unique situation of this particular proposal requires Governing Body approval.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential / MUB – Mixed-use Business	Single-family
North	Urban Residential	MR - Medium-density Residential	Single-family / Multi-family
South	Public and Quasi-Public	AD – Airport District	Airport
East	Urban Residential	MR - Medium-density Residential / MUB – Mixed-use Business	Single-family / Commercial
West	Urban Residential	MR - Medium-density Residential / MUB – Mixed-use Business	Multi-family / Single-family

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. PlanCheyenne supports the use of existing infrastructure and timely provision of services (including emergency and education services). This development is proposed in an area with a mix of residential uses and which has largely existing infrastructure with no expansion of infrastructure is necessary. This development is in conformance with the principles and future land uses identified in PlanCheyenne. The property is within the Urban Service Boundary and has access to all utilities.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

The proposed plat subdivides a single parcel into two lots and brings the property more in line with sound planning principles as it removes the split zoning of the single parcel. Each new lot will have a single zone, Lot 1 will be zoned MUB and Lot 2 will be zoned MR. Both lots will still have access to utilities and to a street.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees. Park fees are calculated at \$700 per acre. All fees are due at the time of building permit.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure. The Park Enhancement Fee for residential is \$400 per dwelling unit.

Transportation Network (4.3):

This plat does not proposed to add any additional streets to the network. The proposed block is too large for current block sizes, but this plat would be unable to provide a meaningful connection to reduce block size. Limited usefulness of truly reducing block size, the amount of area required to put in a street, and the restrictions of accesses on Dell Range make street dedication infeasible. Staff recommends that an exception to block size be granted.

This subdivision proposes a lot which only has access to Dell Range. Regulations in Article 4 would prevent an access to this parcel as the minimum access spacing along an arterial is 660', and there is are access points only a few feet to the east and west of this parcel. The

parcel currently has a residential driveway access and the City Engineering department is willing to allow the residential access to remain if the property develops with a single-family residential use (and this plat is approved). More intense development would require the closure of the current access and shared access with a neighborign parcel (preferably the parcel to the east, but details would depend on the timing of the proposed development and the context of the area at the time that development occurs.

Open Space (4.4):

Open space is required at 750sqft per unit or 8% of the gross development area, whichever is less. However, due to the size of the property, plat-level open space is not required.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential or commercial building on either of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion, with conditions.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation worksheet was submitted and reviewed. Depending on the type of development that is proposed for Lot 2, access to Dell Range Blvd. may be limited do to UDC 4.3.4.c "Standard Roadway: Principal Arterial", "Minimum Access separation". An access easement may need to be obtained from the property owner to the east to allow for shared access.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The land as currently developed will become nonconforming upon recording. The existing garage is currently to the rear of the house while the front of the parcel is to the south; when proposed Lot 1 is created, the garage will become in front of the house (front will be north), which is not legal under current code (UDC 5.1.5). The proposed lots do not create any further non-conforming setbacks other than with the garage as mentioned.

The application **complies** with this review criterion, with conditions.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

All proposed lots are proposed as buildable lots. The Plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

This plat will not create any undue influence on existing or potential development. This plat would allow the front of the lot to develop in some fashion, whether it be with residential or a small commercial use. This area consists of a mix of uses such as commercial retail, office, single-family, and multifamily.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

As mentioned under criteria 3 and 5, depending on the type of development that is proposed for Lot 2, access to Dell Range Blvd. may be limited do to UDC 4.3.4.c "Standard Roadway: Principal Arterial", "Minimum Access separation". An access easement may need to be obtained from the property owner to the east to allow for shared access.

City staff is satisfied that this proposed plat would not otherwise adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through staffs review there were some clerical errors that need to be addressed. Additionally, Staff requested that the applicant either provide an access easement from Dell Range to proposed Lot 1 or request an address change to then address Lot 1 off of Grandpre Circle or Townsend Place.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on November 15, 2025
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on November 24, 2025.
- **Internet Posting** on connect.cheyennecity.org on November 7, 2025

As of the publication of the Staff Report (November 24, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 61 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical correction
2. Addressing for Lot 1
3. Access to Dell Range Blvd.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's

recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following exception, acknowledgements and conditions:

1. Exception:
 - a. An exception to block sizes (UDC 4.3.3.c) is granted due to the infill nature of this plat.
2. Acknowledgements:
 - a. The current development on Lot 1 will become non-conforming, specifically the detached garage.
 - b. Lot 2's access to Dell Range does not meet standards but is acceptable for single-family development.
3. Conditions:
 - a. Prior to signing of the plat, an access easement will be provided to Lot 1 from Dell Range Blvd. or an address change application will be submitted to change the address of Lot 1 to Grandpre Circle or Townsend Place.
 - b. Prior to signing the plat, a note be added to the face of the plat stating that "Access from Dell Range directly into Lot 2 may be restricted based on the traffic created by the proposed development of Lot 2."

Application Information

This application has a deadline. The deadline is the second Wednesday of the month.
Application Schedule.

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.*

I acknowledge the that Expedited status is not guaranteed.*

Written Statement* ?

Expedited plat to split lot into two. Zoning is split, with our preference to maintain MR for the existing dwelling and MUB for the south lot.

Project Name* ?

Airport View

Plat Title* ?

Airport View

Current Subdivision* ?

unplatted

Project area (acres)*

0.31

Proposed Lots* ?

Pre-application Meeting Date

08/13/2025

Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.*

Public Improvements are required with platting actions. Please select the option that best demonstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.* ?

Owner(s) (or developers) behind the plat application will construct the needed infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*

CERTIFICATE OF SURVEYOR

I, Jeffrey B. Jones, A Professional Land Surveyor in the State of Wyoming, for and on behalf of Steil Surveying Services, LLC, hereby state, to the best of my knowledge, information and belief, that this map was prepared from field notes taken during an actual survey made by me or under my direct supervision; and that this map correctly shows the results of said survey and that the monuments found or set are as shown.

REVISED: 11/21/2025
25359 EXP PLAT.DWG

DEDICATION

Know all persons by these presents that; Lynn Buys Houses 2, LLC, a Wyoming limited liability company, owners in fee simple of a portion of the W½W½W½NE¼SW¼, Section 19, T14N, R66W, of the 6th P.M., City of Cheyenne, Laramie County, Wyoming. More particularly described as follows:

Beginning at a point 60 feet north and 116.08 feet east of the southwest corner of the NE¼SW¼ of said Section 19; thence North a distance of 266.67 feet to a point; thence East a distance of 50 feet to a point; thence South a distance of 266,67 feet to a point; thence West a distance of 50 feet to the point of beginning.

Has caused the same to be Surveyed and Platted to be known as, Airport View, and do hereby declare the Subdivision of said land as it appears on this plat, to be it's free act and deed and in accordance with it's desires.

by: James Bowers, Managing Member, Lynn Buy's Houses 2, LLC, a Wyoming limited liability company.
