MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-25-257 – Golden Meadows, 2nd Filing
Date: December 3, 2025

Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 12/8/2025
- Public Services Committee 12/15/2025
- Second reading 12/22/2025
- Public Services Committee 1/5/2025
- Third and final reading 1/12/2025

Planning Commission Recommendation:

The Planning Commission heard this item at their December 1, 2025, meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and has not been changed.

Public Comment

As of the creation of this memo (December 3, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 65 views and no comments.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR GOLDEN MEADOWS 2ND FILING, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED WEST OF CONNIE DRIVE, NORTH OF DELL RANGE BOULEVARD, AND EAST OF GOLDEN MEADOWS LANE.)."

WHEREAS, Cheyenne Housing Authority has subdivided certain land located west of Connie Drive, north of Dell Range Boulevard, and east of Golden Meadow Lane in accordance with the statutes in such cases made and provided;

WHEREAS, Cheyenne Housing Authority, the owners of the above-described land, has caused a subdivision plat of said land to be prepared, acknowledged, and certified, particularly describing the lots, blocks, easements and rights-of-way contained therein; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration, the Planning Commission has recommended approval of said plat to the Governing Body, and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Golden Meadows 2nd Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk are hereby authorized, empowered, and directed to execute the final plat.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2025.

Patrick Collins, Mayor

STAFF REPORT

FILE: PUDC-25-227: Golden Meadows, 2nd Filing (Expedited Review)

REQUEST: Subdivision of a 4 large single lots into 8 lots.

LOCATION: Northwest of the intersection of Dell Range Blvd and Connie Dr.

APPLICANT: Brandon Swain

OWNER: Cheyenne Housing Authority

ZONING: MR – Medium-density Residential.

PURPOSE: A plat creating 8 Lots for residential development.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the Golden Meadows 2nd Filing Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a preliminary plat for roughly 0.70 acres of land. The proposed plat would subdivide the parcel into 8 Lots for duplex residential development. These Lots would be considered SD2 Lots within the MR zone.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential	Vacant
North	Urban Residential	MR - Medium-density Residential	Single-family Residential
South	Urban Residential	MR – Medium-density Residential	Single-family Residential
East	Urban Residential	MR - Medium-density Residential	Single-family and duplex Residential
West	Urban Residential	MR - Medium-density Residential	Duplex Residential

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

On the future land use map found in PlanCheyenne, the subject land and surrounding area has been designated as Urban Residential. The Urban Residential designation encourages a range of residential uses. The surrounding area includes duplexes and single-family residential. The proposed plat is to provide additional duplex residential to the area.

Foundation 1 of PlanCheyenne encourages community growth. This development is in response to market demands and is within the Urban Service Boundary. The development patterns proposed by this plat are compatible with the designations found on the future land use map.

The application **complies** with this review criterion.

2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)

The proposed plat subdivides 4 larger parcels into 8 residential lots that meet the standards of the SD2 Lot type. This plat adds extends the utilities in the area allowing for further development. The surrounding area is largely already developed with residential uses and the site has access to all utilities.

The application **complies** with this review criterion.

3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc.), are exempt from fees. The Park Land Acquisition Fee and Park Infrastructure Fee total \$700 per acre due at time of building permit

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure. The Park Enhancement Fee for residential is \$400 per dwelling unit.

Transportation Network (4.3):

This plat is not creating additional streets. The proposed block does not meet the block size requirement of the UDC; however there is no opportunity for this plat to efficiently reduce the block size. Staff recommends the infill expectation to block size be granted.

There will not be a vehicular access from Lot 8 to Dell Range Blvd. Dell Range is substandard in required width and this plat will need to dedicate an additional ten (10) feet of right-of-way on Lot 8 along Dell Range.

Open Space (4.4):

Due to the nature of this application, Open space is not required with the plat.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion with conditions.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation study was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

All lots proposed for development are buildable lots in the MR zone district.

The applicant proposes reducing rear setback by 10' to make the proposed dwelling units fit. Since the applicant is limited in lot depth by previous development. Staff is amenable to granting the adjustment if the Governing Body approves the plat.

Where development occurs without plat-level open space, the UDC requires all single-unit homes to provide 200sqft of open space that is at least 15' in each dimension (UDC 6.6.3.a.2), This requirement is typically easily met by backyards with the 20' rear setback. Even with the proposed reduction in rear yard setback to 10', the front yards of these dwelling units may be able to provide the required space. If not, the reduction of the rear setback dimensional requirement may also necessitate an administrative reduction in the open space 15' minimum dimension requirement.

The application **complies** with this review criterion with conditions.

7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)

All proposed lots are proposed as buildable lots. The Plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)

This plat will not create undue influence on existing or potential residential development. There are streets on two sides of the area, land to the west has been developed with duplex residential development, and land to the north is platted and developed single-family homes.

The application **complies** with this review criterion.

9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lots are not proposed with this plat.

The application **complies** with this review criterion.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

The approved plat needs to include an additional ten (10) feet of dedicated right-of-way on Lot 8 along Dell Range Boulevard.

The application **complies** with this review criterion, with conditions.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on November 13, 2025
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on November 24, 2025.
- **Internet Posting** on connect.cheyennecity.org on October 8, 2025

As of the publication of the Staff Report (November 24, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 65 views and no comments.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Dell Range Blvd is a Principal Arterial and currently has 80' Right-of-Way adjacent to this development. Recommendation is to dedicate right-of-way to match the 100' of Right of Way on the east side of Connie Drive.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with conditions.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following acknowledgement, exception, and conditions:

1. Acknowledgement
 - a. Reduction in rear setback of 10'.
 - b. Potential reduction in minimum dimensions for single-unit residential open space.
2. Exception:
 - a. Exception to block size.
3. Condition:
 - a. Prior to recording of the final plat, dedicate 10' of right-of-way to Dell Range Boulevard.

ATTACHMENTS:

Application Information

This application has a deadline. The deadline is the second Wednesday of the month. Application Schedule (https://www.cheyennecity.org/files/sharedassets/public/v/1/departments/planningdevelopment/review-schedules/2024_submittal_schedule.pdf).	An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission. true
--	--

I acknowledge the that Expedited status is not guaranteed.

true

Written Statement

Expedited plat to net 8 SD2 lots. Adminstrative adjustment will run concurrently with this plat to allow 10' rear setback.

Project Name	Plat Title
Golden Meadows 2nd Filing	Golden Meadows 2nd Filing
Current Subdivision	Project area (acres)
Golden Meadows	0.7
Proposed Lots	Pre-application Meeting Date
8	06/11/2025
Park Fees are due at time of signing of the final plat mylar (see UDC 4.2.5). I acknowledge that this plat may be required to pay plat-level Park Fees.	Public Improvements are required with platting actions. Please select the option that best demponstrates your intent for the public streets and other infrastructure adjacent to or within the plat boundary.
true	Owner(s) (or developers) behind the plat application will construct the needed infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.	The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1). true
The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2). true	The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3). true

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).

true

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).

true

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).

true

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).

true

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).

true

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).

true

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).

true

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).

true

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).

true

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.

true
