REQUEST: An annexation of 652.67 acres of land.

LOCATION: South of Interstate 80, southeast of Otto Road, and west of Interstate 25

AGENT: AVI P.C.

PREPARED BY: Morgan Dennis, Planner I

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexing 652.67 acres of land to allow for commercial development. The land is currently vacant. The annexed area will be assigned a City zone based on the underlying County zone and current use. This property has concurrent future land use map amendment, zone change, and plat applications.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by an assigned City zone of AG Agricultural.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Agricultural/Rural, Mixed-Used Employment, Open Space and Parks	Overland PUD, County LI Light Industry (AG Agriculture and LI Light Industrial as assigned zones)	Vacant
North	Industrial/Community Business/Mixed-Use Employment	CB Community Business, County CB Community Business, County LU Land Use	Vacant, Lodging, Hotel/Motel
South	Agriculture/Rural, Industrial, Mixed-Used Employment, Open Space and Parks	AG Agricultural, Overland PUD, County LI Light Industrial, BP Business Park	Vacant, Service Business, Outdoor Sales, Automobile Service Station, Food Service
East	Agriculture/Rural, Community Business, Mixed-Used Employment, Mixed-Use Residential, Urban Residential, Open Space and Parks	Overland PUD, County CB Community Business, CB Community Business, County LU Land Use, AR Agricultural Residential, LI Light Industrial, Mixed-Used Business	Vacant, Single-family residential, Outdoor Storage, Recreational Vehicle Park, Service Business, General Industrial
West	Industrial, Rural Residential, Agriculture/Rural, Open Space and Parks	County LU Land Use, LI Light Industrial, Overland PUD	Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]

Annexation of these two parcels would increase the health, safety, and welfare of future development as being within City limit would give them access to centralized water and sewer line through the Board of Public Utilities, which have existing lines located at southeast Clear Creek Parkway. Access to accredited fire department would improve the standards of persons living and working within the parcel. These parcels would also be subject to City development standards, which typically require a higher standard than County development standards. Since this is a landowner petition annexation, the landowner has determined that it would be beneficial to the welfare of the parcels to have access to these services.

The application **complies** with this review criterion.

2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]

The parcels are currently vacant but are located southwest of the interchange of Interstate 80 & 25. There is City land surrounding both parcels. The largest parcel is surrounded by land that is zoned Agriculture. That parcel was zoned Agricultural due to the multiple flood zones within the area that affect its development ability. Adjacent to the smaller parcel are commercial and public developments that connect to more commercial and industrial development along the I-80 and I-25 interchange, and I-25 corridor. The proximity to City development, urban uses, and infrastructure make the area a natural extension of the City.

The application **complies** with this review criterion.

3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. Utilities are within the area and are anticipated to be extended with development.

The application **complies** with this review criterion.

4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]

Parcel 1 adjacent to Otto Road of the Hitching Post District is roughly 64.71% contiguous. The second parcel adjacent to Clear Creek Parkway is roughly 80.68% contiguous.

The application **complies** with this review criterion.

5) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

6) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]

A certified mailing was made to the landowners and public utilities on August 13, 2026. Property owners within 300-feet of the area to be annexed were also mailed notice on August 13, 2026. The public hearing for this annexation is scheduled for September 14, 2026. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is August 14, 2026. The earliest confirmation of delivery was dated August 18, 2025.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with Commercial uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits and the utilization of City services. The area is within the Urban Service Boundary.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Mailed Notice** was sent out by Staff on August 13, 2026, to all property owners within the annexation and within 300 feet of the area to be annexed.
- **Posted Notice** Evidence of posted notice was provided that signs were posted on August 26, 2026.
- **Internet Posting** on connect.cheyennecity.org on July 21, 2026.

STAFF REVIEW:

No major comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
