MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Morgan Dennis
Subject: PUDC-26-209 HR Land Co – Zoning Map Amendment
Date: September 9, 2026

Background:

The item for consideration is a Zoning Map Amendment (zone change). This is approved by Ordinance.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 9/14/2026
- Public Services Committee 9/21/2026
- Second reading 9/28/2026
- Public Services Committee 10/5/2026
- Third and final reading 10/12/2026

Planning Commission Recommendation:

The Planning Commission heard this item at their September 9, 2026. The Commission recommends denial of the zone change from AG Agricultural to BP Business Park.

The Planning Commission Staff report is attached and has not been changed.

Public Comment

As of the creation of this memo (September 9, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 144 views and two comments from the public.

ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CHEYENNE, CHANGING THE ZONING CLASSIFICATION FOR LAND LOCATED SOUTH OF INTERSTATE 80, EAST OF CAMPSTOOL ROAD, AND NORTH OF HR RANCH ROAD FROM AG AGRICULTURAL TO BP BUSINESS PARK."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That the owner of real property located south of Interstate 80, east of Campstool Road, and north of HR Ranch Road has applied for a zoning map amendment for said property in accordance with Section 2.2.1, Zoning Map Amendment, of the Cheyenne Unified Development Code ("UDC").

Section 2. That on September 8, 2026, the City of Cheyenne Planning Commission conducted a public hearing, reviewed the proposed zoning map amendment that is the subject of this ordinance, and recommended denial of said zoning map amendment.

Section 3. That the Governing Body of the City of Cheyenne finds that the zoning map amendment that is the subject of this ordinance meets the criteria specified in Section 2.2.1.d of the UDC.

Section 4. That, in accordance with Section 2.2.1, Zoning Map Amendment, Section 5.1.2, Zoning Districts Established, and Section 5.1.3, Official Zoning Map, of the UDC, the aforementioned zoning map amendment application is hereby approved and the zoning classification is hereby changed to BP Business Park for the real property described as:

A portion of Section 31, Township 14 North, Range 65 West of the Sixth Principal Meridian, Laramie County, State of Wyoming and being more particularly described as follows:

Beginning at a the East One-Quarter Corner of said Section 31; thence along the east line of said Section 31 N00°10'31"W a distance of 676.12 feet to a point of intersection with the southerly right of way of Interstate 80; thence along said southerly right of way the following courses and distances: S55°24'42"W a distance of 639.21 feet; thence S55°26'19"W a distance of 1138.65 feet; thence S45°26'41"W a distance of 406.48 feet; thence S39°46'21"W a distance of 632.62 feet; thence S55°24'47"W a distance of 364.94 feet; thence S34°36'44"E a distance of 249.92 feet; thence S55°26'27"W a distance of 40.56 feet to a point of intersection with the easterly right of way of Campstool Road and the beginning of a non-tangent curve to the right; said curve having a radius of 843.94 feet, a chord bearing of S11°44'09"E, a chord distance of 382.35 feet and a central angle of 26°11'07", thence along said easterly right of way and the arc of said curve 385.70 feet to the northerly right of way of Campstool Road and the beginning of a non-

tangent curve to the left; said curve having a radius of 460.00 feet, a chord bearing of N82°53'43"E, a chord distance of 148.44 feet and a central angle of 18°34'12", thence along the arc of said curve a distance of 149.09 feet; thence continuing along said northerly right of way the following courses and distances: N73°35'15"E a distance of 467.27 feet to the beginning of a curve to the left; said curve having a radius of 960.00 feet, a chord bearing of N72°13'14"E, a chord distance of 46.94 feet and a central angle of 02°48'06", thence along the arc of said curve a distance of 46.94 feet; thence N70°49'33"E a distance of 561.15 feet to the beginning of a curve to the left; said curve having a radius of 460.00 feet, a chord bearing of N64°57'53"E, a chord distance of 94.52 feet and a central angle of 11°47'36", thence along the arc of said curve a distance of 94.68 feet; thence N59°00'05"E a distance of 170.70 feet to the beginning of a curve to the right; said curve having a radius of 790.00 feet, a chord bearing of N66°32'04"E, a chord distance of 206.99 feet and a central angle of 15°03'19", thence along the arc of said curve a distance of 207.58 feet; thence N74°03'49"E a distance of 454.23 feet to the beginning of a curve to the left; said curve having a radius of 1460.00 feet, a chord bearing of N72°13'20"E, a chord distance of 95.76 feet and a central angle of 03°45'32", thence along the arc of said curve a distance of 95.78 feet; thence N70°18'56"E a distance of 178.49 feet to a point of intersection with the east line of said Section 31; thence along said east line N00°41'00"W a distance of 1140.96 feet to the point of beginning.

Said parcel of land contains 73.87 acres.

Section 5. That the City Engineer is hereby authorized and directed to alter and amend the Official Zoning Map as described in Section 5.1.3 of the UDC to comply with the zoning map amendment as described in Section 4 above when this ordinance takes effect in accordance with Section 7 below.

Section 6. Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable. If any section, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional, such unconstitutionality shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases.

Section 7. That this ordinance shall be in full force and effect upon its approval and publication.

CITY OF CHEYENNE PLANNING COMMISSION

September 8, 2026

STAFF REPORT

FILE: PUDC-26-209: HR Land Co - Zoning Map Amendment (zone change)

REQUEST: A request to rezone approximately 73.87 acres of land from AG – Agricultural to BP – Business Park

LOCATION: South of Interstate 80, east of Campstool Road, and north of HR Ranch Road

APPLICANT: HR Land Company

AGENT: AVI P.C.

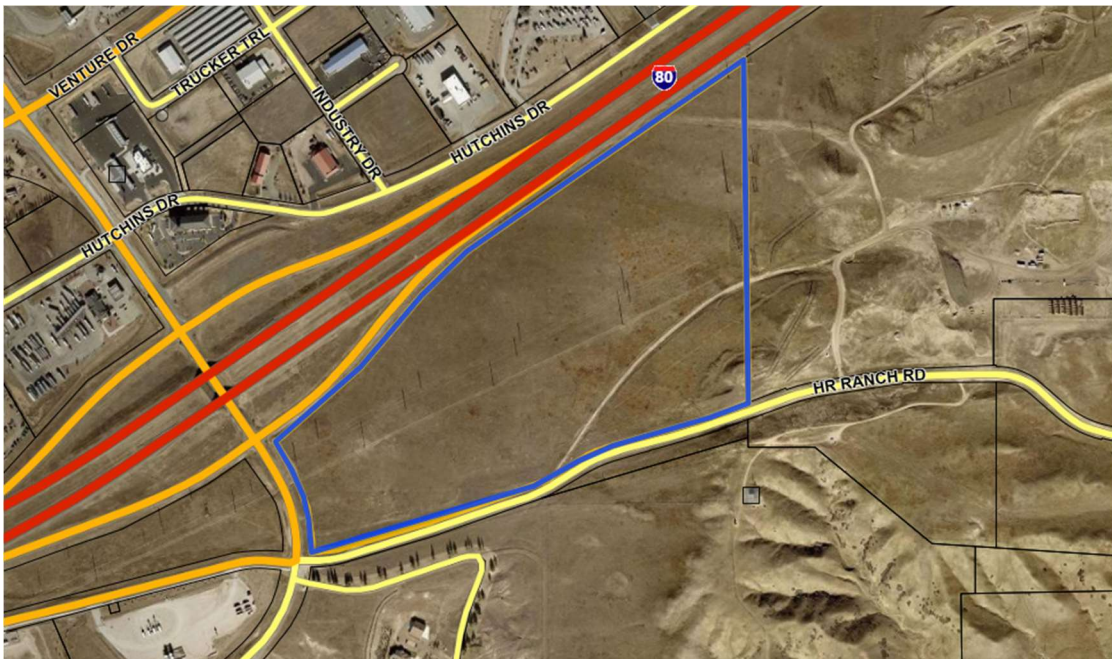

OWNER: HR Land Company

ZONING: Agricultural

FUTURE LAND USE: Community Business

PURPOSE: Change the zone of this parcel from Agricultural to Business Park.

PREPARED BY: Morgan Dennis, Planner I

RECOMMENDED MOTION:

Move to **approve** the rezoning of 73.87 acres of land south of Interstate 80, east of Campstool Road, and north of HR Ranch Road to BP – Business Park as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from AG – Agricultural to BP – Business Park for roughly 73.87 acres of land. The land is currently vacant with sewer and water extensions in the area. No specific use accompanies the zone change request.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Community Business	AG Agricultural	Vacant
North	Industrial/Community Business/Mixed-Use Employment	CB Community Business, BP Business Park	Lodging, Hotel/Motel, General Retail, Outdoor Sales, Automotive Service Station - Limited
South	Rural Residential	County LU Land Use	Vacant
West	Industrial	AG Agricultural, HI Heavy Industrial	General Industrial (Pipeline)
East	Agriculture/Rural	County P Public, County LU Land Use	Government Facility

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)

This parcel has the Future Land Use designation of the Community Business. The Community Business designation is meant to focus on general retail and office, large tenant retail, and regional malls, along with offices, hotels, and service businesses. Intensive industrial activities are

not appropriate. Interstate interchanges or at the intersection of an arterial or state highway, or at two arterials.

This parcel is sits at intersection of a state highway and major collector/principal arterial. Development at this location will likely fall in line with similar uses in the area. The BP zone would allow for commercial, light industrial, and data center development at this location. At this time, staff has no knowledge of the end use for this parcel.

Based on the policies and future land use map, BP Business Park is appropriate in this area.

The proposed zone change **complies** with review criterion 1.

2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)

The proposed BP zone district would be an extension of BP zoning which recently changed north of I-80. The northern properties are zoned CB Community Business and BP Business Park across Interstate 80. The southern parcel is zoned County LU Land Use and is currently used for agriculture and rural residential uses. The western parcels are zoned Agricultural and Heavy Industrial. The Agricultural parcel is vacant; the Heavy Industrial zone parcel has a general industrial use on it. The parcel to the east is split zoned County P Public and LU Land Use with a government facility on it.

Existing zone for this parcel is AG Agricultural. AG Agricultural only allows for limited uses that are low intensity in nature. The BP zone would allow for development similar to the surrounding area to the north and west.

The proposed zone change for the subject property **complies** with review criterion 2.

3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)

The BP zone district allows for select service uses, a variety of commercial uses, light industrial uses, and data center development. The current use of the subject property is for vacant or for agricultural purposes. The current zone of AG Agricultural allows for limited uses. With the change to BP zone district, any development would have to follow the applicable standards to the development types. Commercial development would have to meet design standards typical for commercial development, while industrial uses would not have design standards.

The proposed zone change **complies** with review criterion 3.

4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)

There will be no changes to the existing roads surrounding the parcel. The parcel is large enough to provide a street network if development patterns require smaller lots and blocks. All types of zones on this parcel would be limited in street network development by the interstate.

The proposed zone change for the subject property **complies** with review criterion 4.

5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)

The BP district is intended to support small and large-scale industrial development while providing essential commercial services along regional transportation routes in an industrial park setting. The district integrates manufacturing, processing, research and development, and shipping activities in addition to retail, dining, and convenience store to enhance functionality and appeal for businesses and employees.

These Business Park districts should be in area on the edge of the community that are intended to support large-scale industrial, manufacturing, shipping, research and development, and data center uses. These districts are typically found close to major transportation routes. The district has to be a minimum of 320 acres of land that can be interrupted by transportation routes and natural features.

This parcel would be unable to qualify for the BP zone by itself based on the lack of acreage. Due to a recent zone change to the north to BP, this parcel can join the rest of the business park to the north.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

This parcel can meet all applicable standards of the BP zone district. Currently, there is no proposed end use for this property. The BP zone is appropriate for this area due to its location near an interstate interchange. The parcel can develop in a use that is often at these interchanges and support surrounding uses.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No major comments received in regard to the proposed zone.

The proposed zone change for the subject property **complies** with review criterion 7.

**8) Whether the application will harm the public health, safety, or general welfare.
(UDC 2.2.1.d.8)**

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, review comments were received expressing the appropriateness of the BP zone at this location.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The BP zone is appropriate based on the future land use map, surrounding zoning, surrounding development patterns, and proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

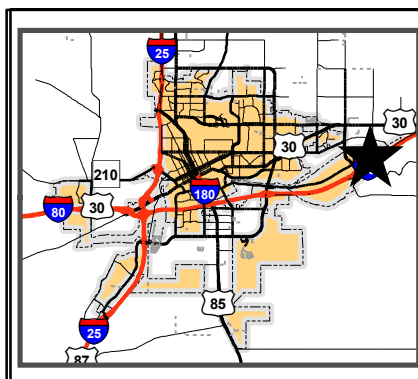

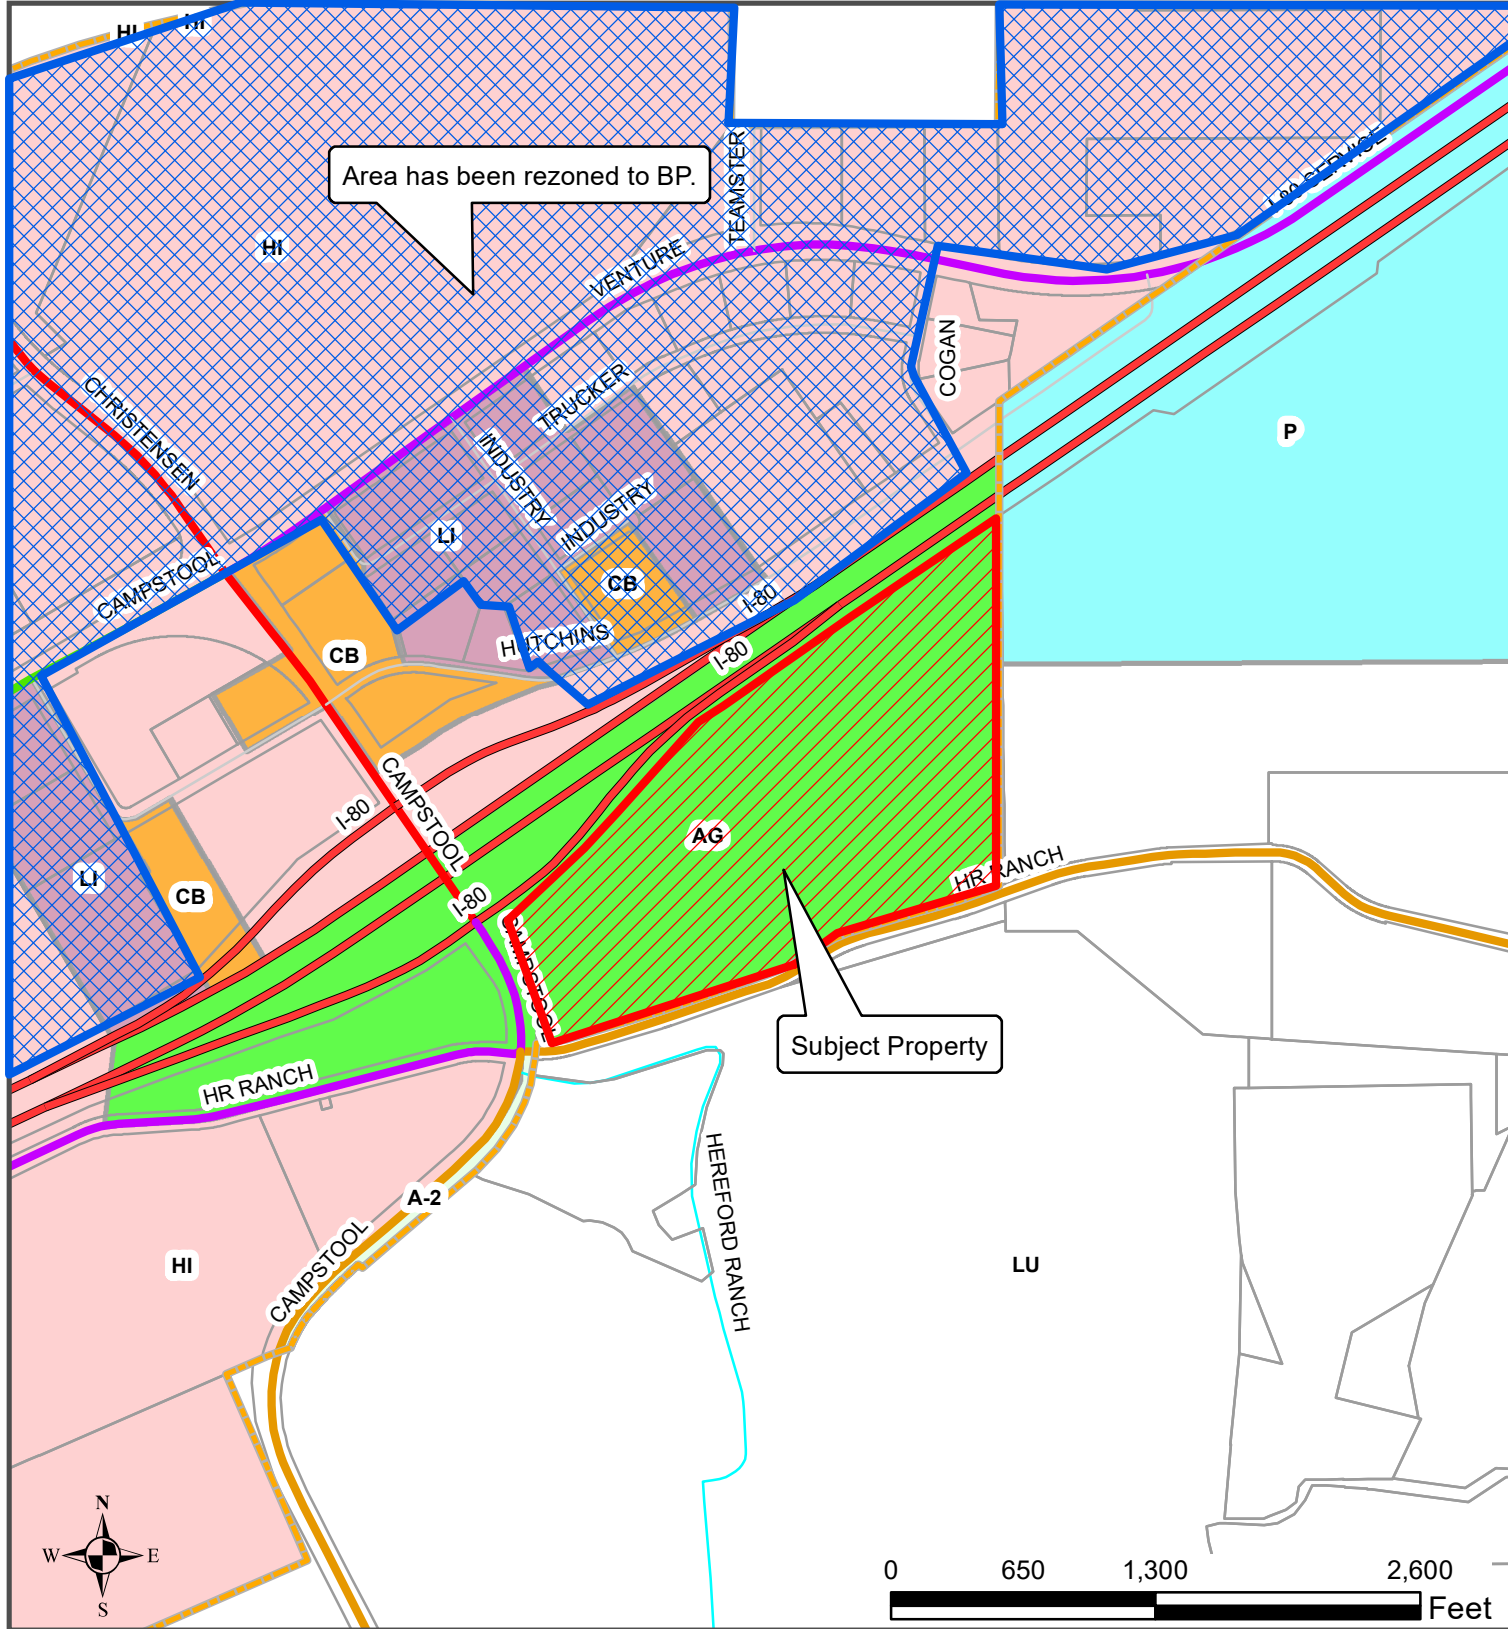

STAFF RECOMMENDATION:

Staff does recommend approval of the rezoning of the property from AG to BP.

Project Description or notes 

Zone change from City AG to City BP

Review Criteria

The following review criteria are found in the UDC regarding a zoning map amendment. Please acknowledge the proposed zoning map amendment meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.2.1.d.1).*

The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas (2.2.1.d.2).*

The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (2.2.1.d.3).*

The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (2.2.1.d.4).*

The ability of the application to support the Intent and Applicability statements of the proposed zoning district, and achieve the Design Objectives of any specific standards (2.2.1.d.5).*

The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options in the event that any specific development proposed in association with the application is not executed after approval (2.2.1.d.6).*

The review and recommendations of other reviewing bodies (2.2.1.d.7). (Not applicable at time of application)

Whether the application will harm the public health, safety, or general welfare (2.2.1.d.8).*

Certification

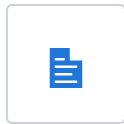

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
