MEMORANDUM

TO: The Honorable Mayor Patrick Collins and Members of the Cheyenne City Council

FROM: Robin Lockman, City Treasurer

DATE: September 8, 2026

SUBJECT: Fiscal Year 2026 Final Reappropriation

On September 14, 2026, the Governing Body will consider referring to the Finance Committee a resolution to reappropriate funds within the City of Cheyenne's Fiscal Year 2026 budget pursuant to W.S. §§ 16-4-112 and 16-4-113. This memorandum summarizes the proposed adjustments.

GENERAL FUND RESERVES (TOTAL: \$1,631,979)

Accident and Damage Risk Management Claims

The City routinely incurs certain costs that are unpredictable and cannot be reliably estimated during the annual budget process. To keep the original budget realistic, these costs are addressed through year-end reappropriations from reserves once the actual amounts are known.

Accident-related repair costs are one example. The City is responsible for a \$5,000 deductible for each covered incident and may also incur member surcharges depending on the severity and total cost of the damage. The City is responsible for the full cost of repairs below the deductible.

A total of **\$96,896 from General Fund reserves** is requested to cover FY 2026 accident repair and related costs, allocated by department as follows:

Public Works

- \$10,000 – Claim 6082CH: A significant windstorm on March 12, 2026, damaged several City vehicles and buildings.

Police

- \$4,348 – Claim 5548CH: Wind caught a patrol car door and damaged it. The repair cost was below the deductible.
- \$5,000 – Claim 5873CH: A City employee was at fault, and a claim was filed with the Wyoming Association of Risk Management (WARM).
- \$5,000 – Claim 5667CH: A citizen was at fault, but the citizen's insurance carrier denied liability. A property claim was filed with WARM.
- \$5,000 – Claim 5595CH: A City employee was at fault, and a property claim was filed with WARM.

- \$4,241 – Claim 6071CH: A City employee was at fault, but the repair cost was below the deductible.
- \$5,000 – Claim 6062CH: A City employee was at fault, and a property claim was filed with WARM.
- \$5,001 – Claim 6130CH: A City employee was at fault, and a property claim was filed with WARM.
- \$1,957 – Claim 6128CH: A City employee was at fault, but the repair cost was below the deductible.

Fire

- \$5,370 – Claim 5846CH: Damage was discovered during a warranty paint inspection. The cause is unknown, and the amount requested is the full repair cost.
- \$5,000 – Claim 5821CH: A City employee was at fault, and a property claim was filed with WARM.
- \$1,695 – Claim 6223CH: A bay door closed while a fire truck was exiting and damaged the antenna. The amount requested is the full repair cost.
- \$5,000 – Claim 6095CH: The fire truck pump froze and broke, and a property claim was filed with WARM.

Forestry

- \$1,223 – Claim 5759CH: A tree branch fell onto a division truck while employees were removing dead branches. The amount requested is the full repair cost.
- \$4,881 – Claim 5993CH: A long water hose damaged a division truck while it was being loaded into the truck bed. The amount requested is the full repair cost.

Aquatics

- \$3,344 – Claim 5715CH: A City employee was at fault. The repair cost was below the deductible.

Golf Courses

- \$840 – Claim 5789CH: An unknown vehicle damaged the Airport Golf Course fence. The repair cost was below the deductible.
- \$1,475 – Claim 5936CH: An unknown vehicle damaged the Airport Golf Course fence. The repair cost was below the deductible.
- \$550 – Claim 5456CH: An unknown vehicle damaged the Airport Golf Course fence. The repair cost was below the deductible.
- \$750 – Claim 5561CH: An unknown vehicle damaged the Airport Golf Course fence. The repair cost was below the deductible.
- \$1,675 – Claim 6040CH: An unknown vehicle damaged the Airport Golf Course fence. The expense was referred to the District Attorney's Office for restitution. The repair cost was below the deductible.

Cemetery

- \$2,500 – Claim 6026CH: An unknown vehicle damaged the cemetery fence. The repair cost was below the deductible.

Compliance Administration

- \$10,000 – Claim 5783CH: A hailstorm on August 1, 2025, damaged several City properties and vehicles. The amount requested covers the deductibles.

Building

- \$2,046 – Claim 5315CH: A citizen was at fault, but the citizen's insurance carrier disputed the repair pricing and labor costs and did not reimburse the full amount. The amount requested is the unreimbursed balance.

Safety

- \$5,000 – Claim 5782CH: A hailstorm on July 25, 2025, damaged a Safety Division vehicle, and a claim was filed with WARM. The amount requested covers the deductible.

General Fund Increase in Natural Gas, Electricity and Fleet Costs

State law allows departments to transfer budgeted amounts between line items within their General Fund department (i.e. Police, Fire, CRE, Compliance, Public Works) without Governing Body approval. However, the City Treasurer has established certain restrictions on these transfers. For example, payroll budgets, including wages and benefits, may not be used for non-payroll purposes without prior approval. Because the City Treasurer's Office develops the payroll budgets, shortfalls in certain payroll accounts are addressed at the end of the fiscal year rather than requiring individual departments to absorb the overages.

The City Treasurer's Office also develops the budgets for certain costs that departments have little control over, including natural gas, electricity, and fleet expenses. Natural gas and electricity budgets for City facilities are estimated based on historical usage and current pricing trends. These budgets are reserved for utility costs and may not be redirected by departments to cover other expenses. Likewise, departments are not expected to use other operating budget line items to absorb utility shortfalls. A total of **\$120,382 from General Fund reserves** is requested to cover FY 2026 natural gas and electricity budget shortfalls.

Fleet fuel, parts, and labor costs are handled in the same manner. Because these costs are estimated by the City Treasurer's office and departments have limited control over them, departments are not expected to reduce other operating expenditures to cover year-end fleet shortfalls. An additional **\$141,893 from General Fund reserves** is requested to cover FY 2026 fleet cost overages.

Vacation and Sick Leave Accrual Payouts for Terminated Employees

Sick and vacation leave payouts resulting from employee separations are unavoidable obligations that cannot be budgeted accurately because the timing and amounts are

unpredictable. The City's budgeting approach holds managers accountable only for costs within their control. Therefore, I am requesting **\$172,132 from General Fund reserves** to cover all FY 2026 leave payouts.

Vandalism/Theft Expenses

During FY 2026, six City divisions (Golf, Parks, Clean and Safe, Facilities Maintenance, Compliance Administration, and Risk Management) incurred unplanned costs related to vandalism and theft of City assets. Because these incidents are unpredictable, the costs were not included in the original FY 2026 budget. A total of **\$35,898 from General Fund reserves** is requested to cover these expenses.

Other General Fund Reserves Requests

City Treasurer

- The Treasurer's Office is requesting **\$19,054 from General Fund reserves** to cover a payroll shortfall caused by an employee's midyear enrollment in the City's health insurance plan. This additional cost was not included in the FY 2026 budget.

Fire Department

- Approval is requested to reappropriate **\$13,416 from General Fund reserves** to cover higher-than-anticipated Fire Department retiree health insurance costs for FY 2026.

Police Department

- Approval is requested for **\$149,122 from General Fund reserves** to cover FY 2026 inmate housing costs at the Laramie County Detention Center that exceeded the amount originally budgeted.
- An additional **\$378,298 from General Fund reserves** is requested to cover higher-than-anticipated FY 2026 costs for the Combined Communications Center. The City and Laramie County share the Center's operating and maintenance costs. These costs increased as several previously hard-to-fill vacant positions were filled.

Miscellaneous Department

- A total of **\$154,888 from General Fund reserves** is requested for Contract No. 8267, Modification No. 1, with Plan One Architects, approved by the Governing Body on March 23, 2026. The funding will cover a portion of the costs incurred in FY 2026 to design and build-out the second floor of the Municipal Court building and the design and renovation of the former senior center for use as the Council Chambers.
- An additional **\$350,000 from General Fund reserves** is requested for the purchase of property at 803 West 16th Street and Reed Avenue for the Greenway extension project and Compliance Department storage. The Governing Body approved the purchase on April 27, 2026.

NON-GENERAL FUND REQUESTS (TOTAL: \$3,335,391)

Self-Insurance Fiduciary Fund

- An additional **\$2,724,985 in regular premium revenue** is requested to cover higher-than-projected FY 2026 health insurance claim expenses.

Urban Renewal Authority

- An additional appropriation of **\$65,572 in revenue** is requested to make the Hitching Post TIF payment to Banner Capital Bank.

General Fiduciary Fund

- An additional **\$7,089 in Historic Preservation Board revenue** is requested to cover employee travel expenses for the annual Saving Places Conference. The Planning and Development Department normally receives a state grant to help cover these costs but was not awarded a grant for FY 2026.

Miscellaneous Agency Fund

- An additional **\$495,945 in Insurance Claims revenue** is requested to cover FY 2026 WARM claim expenses.
- An additional **\$41,800 in Freedom Point Project revenue** is requested to cover design and construction costs for the memorial at Lions Park.

REQUESTED ACTION

Please review the requests above and consider adoption of the attached resolution authorizing these appropriations on September 28, 2026.

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION RE-APPROPRIATING THE FISCAL YEAR 2026 BUDGET OF THE CITY OF CHEYENNE ACCORDING TO THE PROVISIONS OF W.S. §§ 16-4-112 & 16-4-113.

BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the Municipal Budget of the City of Cheyenne for Fiscal Year 2026 be reappropriated as follows:
