STAFF REPORT

FILE: PUDC-26-83: Swan Ranch Rail Park 20th Filing - Annexation

REQUEST: An annexation of 26.29 acres of land.

LOCATION: Northwest of the intersection of Clear Creek Parkway and Gannett Peak Drive.

APPLICANT: 2R Investments, LLC

AGENT: AVI P.C

OWNERS: 2R Investments, LLC

PREPARED BY: Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexation of roughly 26.29 acres of land to allow for industrial development. The land is currently vacant. The applicant has submitted a concurrent Plat (PUDC-26-87) and a Zone Change request (PUDC-26-86).

Land annexed to the City requires a City zone. The petition to annex has been accompanied by an assigned City zone of LI – Light Industrial.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Mixed-use Employment / Open Space	County LI – Light Industrial	Vacant
North	Mixed-use Employment / Open Space	County LI – Light Industrial	Vacant
South	Mixed-use Employment	City LI Light Industrial	Vacant / Industrial
East	Mixed-use Employment / Community Business	City LI Light Industrial	Vacant / Industrial
West	Open Space / Industrial	County PUD – Planned Unit Development	Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) **An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]**

The annexation of this property will increase the health, safety, and welfare of the future occupants. By being in City limits, the property will receive access to City Fire and Police and sanitation services which already exist in the area as a majority of the area is already within City Limits. By being within City Limits the property will be able to connect to City services.

The application **complies** with this review criterion.

2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]

The land proposed for annexation is currently vacant. The land is surrounded by mostly vacant land with some development to the east and one parcel to the south. Land to the south, east and north (although not contiguous to the north) is already annexed into City Limits. A Plat is proposed for this area that would extend a road going west thus providing further connectivity for the land to the west and allowing the land to develop more easily. The annexation of this property will benefit those who live within the City as it will provide more economic development opportunities and will be a part of the social and economic fabric that is Cheyenne.

The application **complies** with this review criterion.

3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection are already in the area. The nearest fire station is Fire Station Two. The area proposed for annexation is closer to Fire Station Two than other areas already annexed and within City Limits. Utilities such as water and sewer are within the area and can be extended if needed. The closest sewer runs along the south boundary line while water is located in Clear Creek Parkway.

The application **complies** with this review criterion.

4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]

The land proposed for annexation is roughly 53.94% contiguous. Over 50% of the land is adjacent to City Limits.

The application **complies** with this review criterion.

5) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

6) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all

landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]

A certified mailing was made to the landowners and public utilities on May 7, 2026. Property owners within 300-feet of the area to be annexed were also mailed notice at this time. The public hearing for this annexation is scheduled for June 8, 2026. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is May 8, 2026. The earliest confirmation of delivery was dated May 11, 2026.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with Mixed-use Employment uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on May 16, 2026 and May 30, 2026.
- **Mailed Notice** was sent out by Staff on May 7, 2026 to all property owners within the annexation and within 300 feet of the area to be annexed.
- **Posted Notice** Evidence of posted notice was provided that signs were posted on May 22, 2026.
- **Internet Posting** on connect.cheyennecity.org on April 13, 2026.

As of the publication of the Staff Report (June 3, 2026), Staff has received no inquiries from the public on this project. The project page on the website has received 189 views and no comments.

STAFF REVIEW:

No major comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
