CITY OF CHEYENNE PLANNING COMMISSION
JUNE 1, 2026
STAFF REPORT

FILE: PUDC-26-83: Swan Ranch Rail Park 20th Filing – Assigned Zoning

LOCATION: Northwest of the intersection of Clear Creek Parkway and Gannett Peak Drive.

REQUEST: Assigning a City zone to property proposed for annexation.

ANNEXATION APPLICANT: 2R Investments, LLC

OWNER: 2R Investments, LLC

CURRENT ZONING: County LI

PROPOSED ZONING: LI

FUTURE LAND USE: Mixed-use Employment

PURPOSE: To establish a City zoning district concurrent with annexation.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to recommend the Governing Body **approve** the assigned zoning for land northwest of the intersection of Clear Creek Parkway and Gannett Peak Drive to LI – Light Industrial as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.8 Assigned Zoning

BACKGROUND:

The applicant has petitioned for roughly 26.29 acres of land to be annexed into city limits. Per UDC 2.2.8 a zone will be assigned based on allowed uses, current uses, or surrounding City zones. Should the applicant wish to have a different zone at the time of annexation, they will be required to submit a subsequent zoning map amendment, proposing a different zone. The applicant is requesting a different City zone upon annexation. The proposed zoning by the applicant was reviewed under PUDC-26-86.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

- 1. The proposed zoning assignment is the most analogous City zone to the current zone when taking into consideration allowed uses, current uses, or surrounding City zones.**

Zoning shall be assigned a City zone based on:

- a. Permitted uses,**
- b. Uses that could reasonably be anticipated for conditional use approval under the current zoning,**
- c. Current uses, or**
- d. Surrounding City zoning,**

as deemed most suitable for the property being assigned a zone in terms of allowing the landowner to continue the current use of the land while respecting the current and anticipated uses of surrounding property.

Through the reviewing of the annexation petition area, the assigned zoning is fairly straightforward.

The land is currently zoned LI – Light Industrial within the County. The land is surrounded by City LI to the south and the east. County LI is to the north and a County PUD is to the west. The County PUD is a mix of different uses and zones. Much of the area is developed with industrial and commercial uses. The land is currently vacant. Due to the current zoning, surrounding zoning and surrounding uses, Staff believes that the **LI – Light Industrial** zone is the most analogous zone for this land.

This assigned zoning **complies** with review criterion 1.

STAFF REVIEW:

Through the review process, there were no comments.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.8.(d).

ALTERNATIVES:

1. Recommend approval of the Assigned Zoning as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the Assigned Zoning subject to conditions or modifications.
3. Recommend denial of the Assigned Zoning based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the Assigned Zoning until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or recommends conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for their recommendation.

STAFF RECOMMENDATION:

Staff recommends approval of the assigned zoning for land northwest of the intersection of Clear Creek Parkway and Gannett Peak Drive to LI – Light Industrial as shown in the attached zone change map, noting that the project meets the review criteria for approval.
