CITY OF CHEYENNE GOVERNING BODY
OCTOBER 12, 2026
STAFF REPORT

FILE:	**PUDC-25-130: Christensen Road - Annexation**
REQUEST:	An annexation of 8.18 acres of land.
LOCATION:	South of US-30 and north of Commerce Circle.
APPLICANT:	City of Cheyenne
AGENT:	Shane Hansen
OWNERS:	City of Cheyenne
PREPARED BY:	Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexation of roughly 8.18 acres of land. 7.89 acres are Christensen Road right-of-way and 0.29 acres are a small vacant Lot that will become right-of-way once annexed via an Administrative Plat.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by an assigned City zone of BP-Business Park for just the small triangular Lot. Right-of-way generally takes on the adjacent zoning designation.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	N/A	Parcel A: N/A Parcel B: County LU – Land Use (City BP – Business Park annexation)	Right-of-way / Vacant
North	Urban Transition Residential / Mixed-use Residential	County LU – Land Use	Cemetery / Vacant
South	Industrial	BP – Business Park	Data Center / Shipping Center
East	Urban Residential / Mixed-use Commercial	County LU – Land Use, County LI – Light Industrial, County MU – Mixed Use	Single-family residential / Church / Warehousing
West	Urban Residential / Mixed-use Commercial	County LU – Land Use, City MR – Medium-density Residential	Rail road / Single-family Residential / Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) **An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]**

The City constructed and now maintains Christensen Road. By annexing the road it will clear up maintenance obligations and provide a clear boundary for both police and fire protection.

The application **complies** with this review criterion.

2) **The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]**

A large portion of Christensen Road is adjacent to City Limits and all of Christensen is maintained by the City. Because the right-of-way is maintained by the City it should be under the City's jurisdiction.

The application **complies** with this review criterion.

3) **The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. Police and fire protection are already in the area due to the adjacency of City limits and the annexation will provide a clear boundary for response. Water and sewer are not in this section of Christensen but are adjacent and could be extended.

The application **complies** with this review criterion.

4) **The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

Parcel A, which is Christensen Road to the north of the bridge, is 20% contiguous and Parcel B, which is the small triangular parcel, is 57% contiguous.

The application **complies** with this review criterion.

5) **If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

6) **The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the**

proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]

A certified mailing was made to the landowners and public utilities on September 10, 2026. Property owners within 300-feet of the area to be annexed were also mailed notice at this time. The public hearing for this annexation is scheduled for October 12, 2026. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is September 14, 2026. The earliest confirmation of delivery was dated September 14, 2026.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with Urban Residential, Mixed-use Commercial, and Industrial uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on September 12, 2026 and October 3, 2026.
- **Mailed Notice** was sent out by Staff on September 10, 2026 to all property owners within the annexation and within 300 feet of the area to be annexed.
- **Posted Notice** Evidence of posted notice was provided that signs were posted on September 28, 2026.

STAFF REVIEW:

No major comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

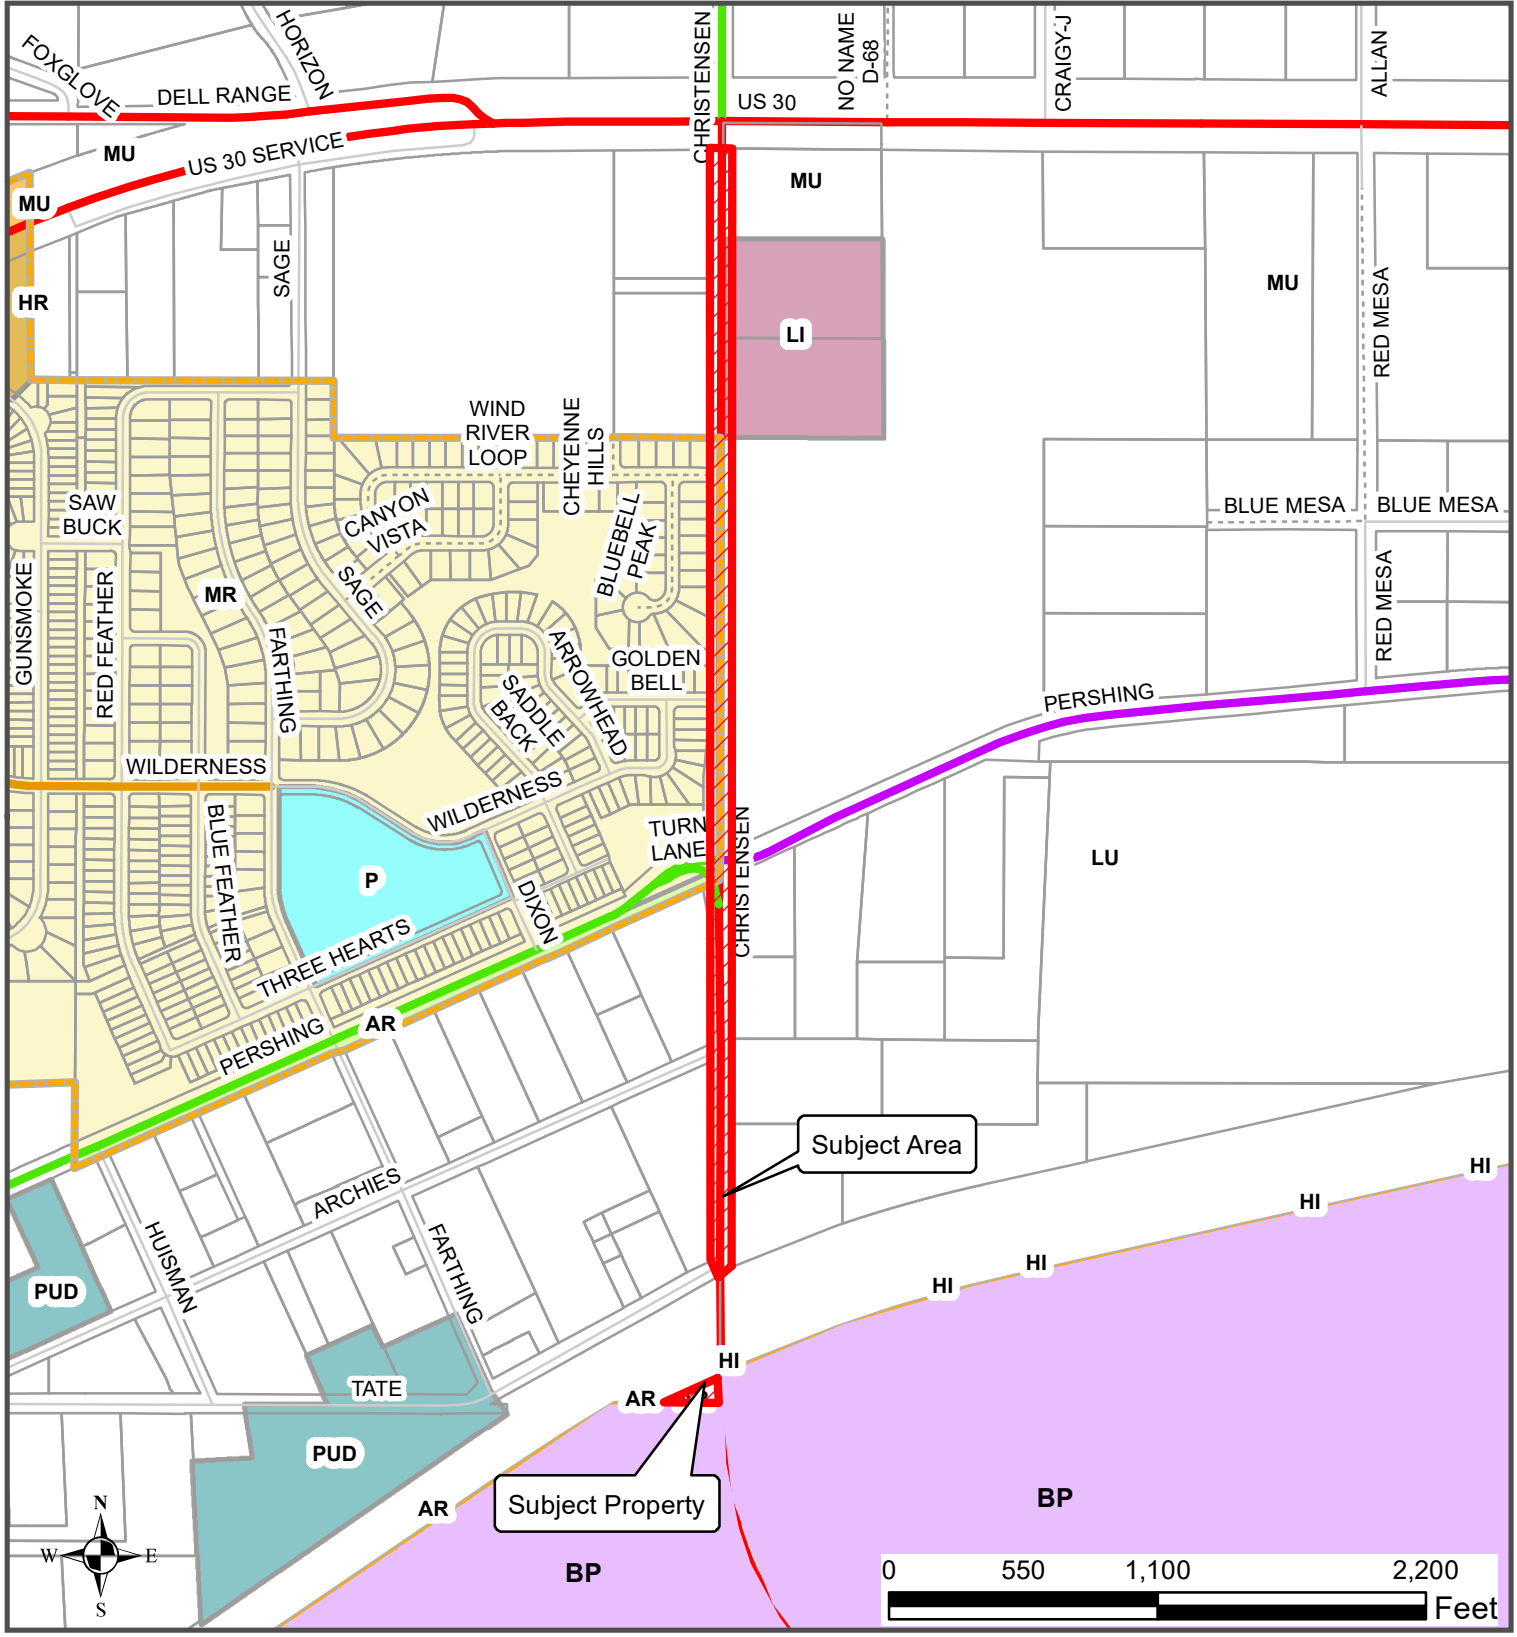

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and services typically available to urban areas are available to be extended to this property.

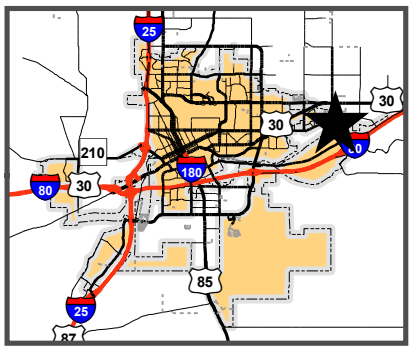

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.

☑

Percent Contigous*

21%

No tract of land or any part thereof, whether consisting of one (1) parcel or two (2) or more contiguous parcels owned by one (1) landowner or owned jointly by two (2) or more landowners as cotenants, which comprises forty (40) acres or more and which together with the buildings or improvements situated thereon has an assessed valuation in excess of forty thousand dollars ($40,000.00) as of the current assessment for property tax purposes, may be annexed without the written consent of the landowner or landowners, unless the tract of land is situated entirely within the boundaries of the annexing city or town (15-1-412)*

☑

No annexation under W.S. 15-1-404 shall create an area which is situated entirely within the boundaries of the city or town but is not annexed (15-1-406 d)*

☑

Zoning Assignment Review Criteria

The review criterion for a zoning assignment:
"1. The proposed zoning assignment is the most analogous City zone to the current zone when taking into consideration allowed uses. Zoning for standard county zones shall be assigned based on the policy document, while zones not listed on the policy document and terminated City zones shall be assigned a City zone on a case-by-case basis." (UDC 2.2.8.d.1)

If the assigned zone is not the desiresd zone, please submit for a seperate zoning map amendment. Check the box to acknowlege this requriement.*
