CITY OF CHEYENNE GOVERNING BODY
OCTOBER 12, 2026
STAFF REPORT

FILE:	**PUDC-26-210: Havel Property - Annexation**
REQUEST:	An annexation of 5.06 acres of land.
LOCATION:	South of E Fox Farm Road, north of E Allison Road and east of and adjacent to S College Drive.
APPLICANT:	Casey Havel
AGENT:	AVI PC
OWNERS:	Casey Havel
PREPARED BY:	Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexation of roughly 5.06 acres of land. The land is currently single-family residential and agricultural. The applicant has submitted a subsequent Zone Change request (PUDC-26-208).

This land is part of the City initiated County Pocket annexation that has been postponed until November 9th, 2026 for final consideration. The owners of the property would like the land annexed and have uncertainty as to what the Governing Body will do with the County Pocket annexation, so they filled for annexation separately just in case the County Pocket annexation is postponed or denied on November 9th. Should the Governing Body approve the County Pocket annexation, this annexation will not be necessary.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by an assigned City zone of AG - Agricultural.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Mixed-use Employment	County LU – Land Use (City AG - Agricultural upon annexation)	Residential / Agriculture
North	Mixed-use Employment	County LI – Light Industrial (proposed City LI upon annexation)	Commercial / Warehousing
South	Mixed-use Employment	BP – Business Park	Vacant
East	Mixed-use Employment	BP – Business Park	Vacant
West	Mixed-use Commercial	County LI – Light Industrial	Commercial / Warehousing

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]

By being in City limits, the property will receive access to City Fire and Police and sanitation services. This will allow for coordinated police and fire response and a larger response, improving emergency service coverage for future development in the area. By being within City Limits the

property will be able to connect to City services such as water and sewer. Access to City water and sewer instead of relying on private wells and septic systems, reduce long-term groundwater impacts that could also affect downgradient properties.

The application **complies** with this review criterion.

2) **The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]**

The land proposed for annexation currently has a residence and agricultural operation. The land is surrounded by industrial development to the north and west, and currently vacant/grazing land to the east and south. This property is a part of a county pocket which is surrounded by the City on all sides. The contiguity to the City and the proximity to surrounding urban-style development makes the parcel a natural geographic part of the City.

The application **complies** with this review criterion.

3) **The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection are already in the area. The closest water main is to the east or to the north. As the area develops mains will need to be extended. The closest sewer line is also to the east or the south. As the area develops mains will need to be extended.

The application **complies** with this review criterion.

4) **The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The land proposed for annexation is roughly 65.43% contiguous on its own. This property is part of a county pocket which is 100% contiguous.

The application **complies** with this review criterion.

5) **If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

6) **The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]**

A certified mailing was made to the landowners and public utilities on September 30, 2026. Property owners within 300-feet of the area to be annexed were also mailed notice at this time. The public hearing for this annexation is scheduled for November 9, 2026. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is October 12, 2026. The earliest confirmation of delivery was dated October 2, 2026.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with Mixed-use Employment uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on October 3, 2026 and October 31, 2026.
- **Mailed Notice** was sent out by Staff on September 30, 2026 to all property owners within the annexation and within 300 feet of the area to be annexed.
- **Posted Notice** Evidence of posted notice was provided that signs were posted on August 26, 2026.
- **Internet Posting** on connect.cheyennecity.org on August 21, 2026.

As of the publication of the Staff Report (October 7, 2026), Staff has received no inquiries from the public on this project. The project page on the website has received 185 views and no comments.

STAFF REVIEW:

No major comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

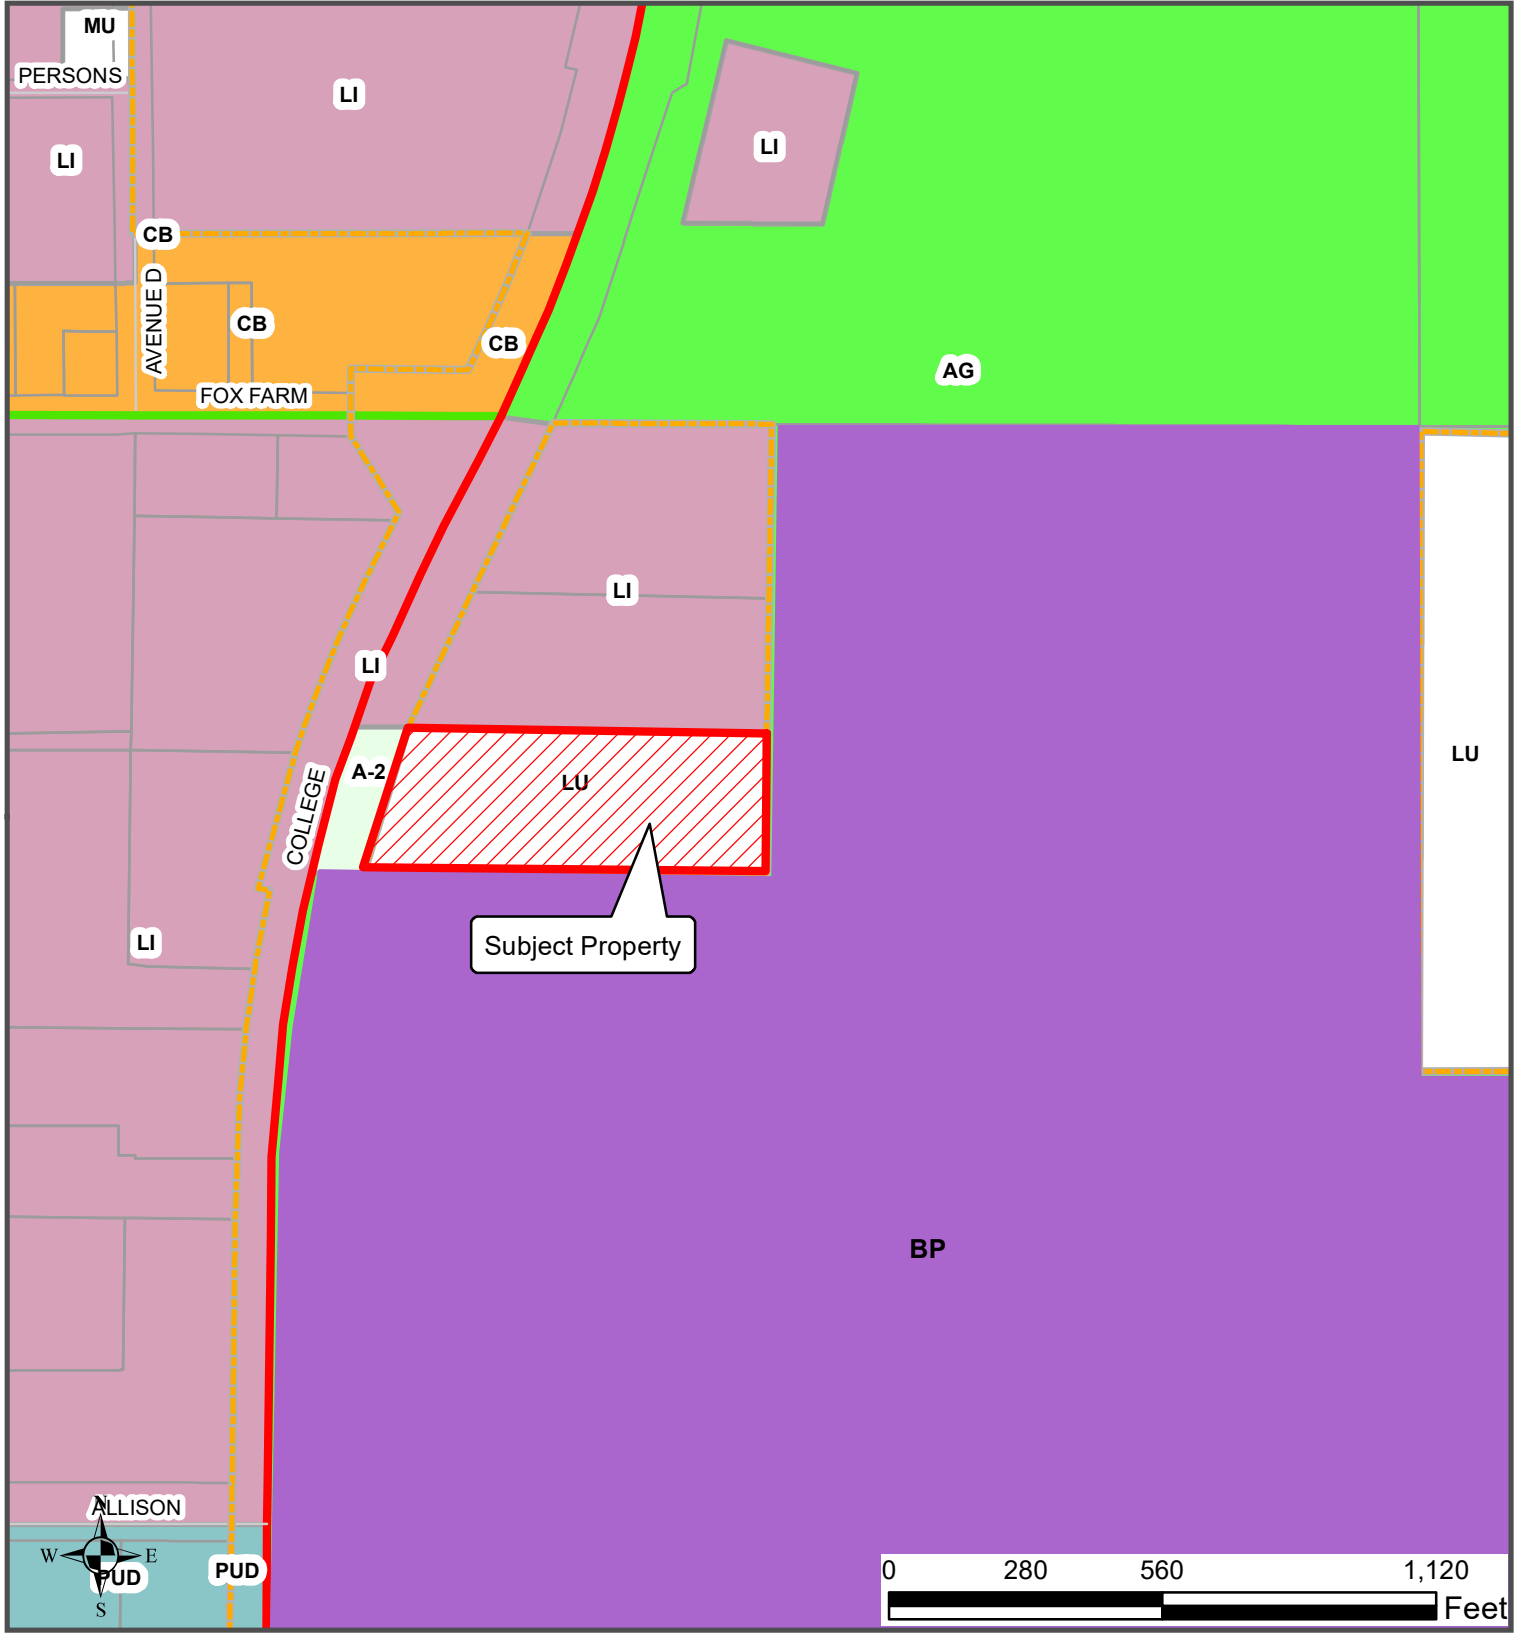

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and services typically available to urban areas are available to be extended to this property.

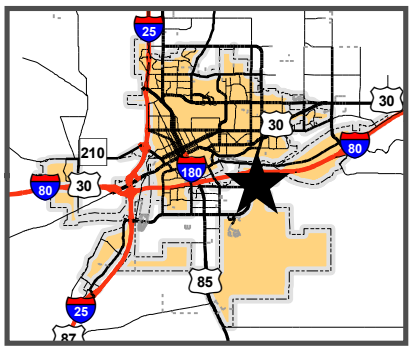

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
