ORDINANCE NO. _____

ENTITLED: "AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CHEYENNE, CHANGING THE ZONING CLASSIFICATION FOR LAND LOCATED SOUTH OF EAST FOX FARM ROAD, NORTH OF EAST ALLISON ROAD AND EAST OF AND ADJACENT TO SOUTH COLLEGE DRIVE FROM AG – AGRICULTURAL TO BP – BUSINESS PARK."

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That the owners of real property located south of E Fox Farm road, north of E Allison Road, and east of and adjacent to S College Drive have applied for a zoning map amendment for said property in accordance with Section 2.2.1, Zoning Map Amendment, of the Cheyenne Unified Development Code ("UDC").

Section 2. That on October 5, 2026, the City of Cheyenne Planning Commission conducted a public hearing and reviewed the proposed zoning map amendment that is the subject of this ordinance.

Section 3. That the Governing Body of the City of Cheyenne finds that the zoning map amendment that is the subject of this ordinance meets the criteria specified in Section 2.2.1.d of the UDC.

Section 4. That, in accordance with Section 2.2.1, Zoning Map Amendment, Section 5.1.2, Zoning Districts Established, and Section 5.1.3, Official Zoning Map, of the UDC, the aforementioned zoning map amendment application is hereby approved and the zoning classification of the real property described as:

A parcel of land being situated in a portion of the North Half of Section 10 Township 13 North, Range 66 West of the Sixth Principal Meridian, being more particularly described as follows:

Beginning at a point on the Easterly right of way of College Drive, said point also being the southwest corner of Tract 2 of Kooi Subdivision; thence along the south line of said Tract 2 S89°11'36"E a distance of 740.64 feet to a point on the boundary of Lot 1, Block 1 Read Land Addition; thence along said boundary S00°03'16"W a distance of 280.05 feet; thence continuing along said boundary N89°11'00"W a distance of 829.22 feet to a point on said easterly right of way of College Drive and the beginning on a non-tangent curve to the right; said curve having a radius of 2764.79 feet, a chord bearing of N17°40'54"E, a chord distance of 292.47 feet and a central angle of 06°03'50", thence along said easterly right of way and the arc of said curve a distance of 292.61 feet to the point of beginning;

is hereby changed to BP – Business Park.

Section 5. That the City Engineer is hereby authorized and directed to alter and amend the Official Zoning Map as described in Section 5.1.3 of the UDC to comply with the zoning map

amendment as described in Section 4 above when this ordinance takes effect in accordance with Section 7 below.

Section 6. Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable. If any section, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional, such unconstitutionality shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases.

Section 7. That this ordinance shall be in full force and effect upon its approval and publication.

CITY OF CHEYENNE PLANNING COMMISSION
OCTOBER 5, 2026
STAFF REPORT

FILE:	**PUDC-26-208: Havel Property – Zoning Map Amendment (zone change)**
REQUEST:	A request to rezone approximately 5.06 acres of land from AG - Agricultural to BP Business Park.
LOCATION:	South of E Fox Farm Road, north of E Allison Road and east of and adjacent to S College Drive.
APPLICANT:	Casey Havel
AGENT:	AVI PC
OWNER:	Casey Havel
ZONING:	Currently LU Land use AG – Agricultural (assigned zoning with annexation)
FUTURE LAND USE:	Mixed-use Employment
PURPOSE:	To zone land BP for development.
PREPARED BY:	Connor White, Planner II

RECOMMENDED MOTION:

Move to recommend the Governing Body **approve** the rezoning of approximately 5.06 acres of land South of E Fox Farm Road, north of E Allison Road and east of and adjacent to S College Drive to BP Business Park as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from AG – Agricultural to BP - Business Park for roughly 5.06 acres of land. The land is currently residential / agricultural.

The land subject to the zone change request is part of the last County Pocket annexation that has been postponed until November. Since then, the property owner has submitted a separate annexation request to make sure the property is annexed. At the time of the County Pocket annexation, Planning Commission had reviewed the assigned zoning for the property and recommended approval of the AG zone. Since the review of that assigned zoning the property to the south/east has been rezoned to BP.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Mixed-use Employment	County LU – Land Use (City AG - Agricultural upon annexation)	Residential / Agriculture
North	Mixed-use Employment	County LI – Light Industrial (proposed City LI upon annexation)	Commercial / Warehousing
South	Mixed-use Employment	BP – Business Park	Vacant
East	Mixed-use Employment	BP – Business Park	Vacant
West	Mixed-use Commercial	County LI – Light Industrial	Commercial / Warehousing

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

1) **The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)**

The Future Land Use Designation for this area is Mixed-use Employment. According to the comprehensive plan the optimal City zones for the subject areas future land use designation is any of our industrial or commercial zones (for the areas designated mixed use employment). The BP zone is a mix of both our industrial and commercial uses and would be suited for this area of the community.

Based on the policies and future land use map, BP zoning is appropriate at this location.

The proposed zone change **complies** with review criterion 1 if the future land use map designation is approved.

2) **The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)**

Surrounding this parcel is either vacant land or industrial type uses in both the City and the County. The land to the south/east was recently rezoned to allow for a data center and the surrounding County properties are industrial in nature. There are no other agricultural or residential properties in the area. The proposed BP zone is compatible with the development of this area and intended development of this area.

The proposed zone change for the subject property **complies** with review criterion 2 if the future land use map designation is approved.

3) **The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)**

The BP zone allows for more flexibility in the number of uses allowed. The current zone of AG does not allow for redevelopment of the property with commercial or industrial uses. Rezoning to BP would allow for many more uses than the current AG zone and allow for development that would fit into this area of the community.

The proposed zone change **complies** with review criterion 3.

4) **The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)**

No changes to the street network are proposed at this time. Accesses will not be changed with the zone change. Infrastructure (streets and utilities) do exist in the area.

The proposed zone change for the subject property **complies** with review criterion 4.

5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)

The Business Park (BP) district is intended to support small and large-scale industrial development while providing essential commercial services along regional transportation routes in an industrial park setting. The district integrates manufacturing, processing, research and development, and shipping activities in addition to retail, dining, and convenience stores to enhance functionality and appeal for businesses and employees.

The BP district is applicable to areas on the edge of the community that are intended to support large-scale industrial, manufacturing, shipping, research and development, and data center uses. The district is typically found close to major transportation routes, making commercial uses appropriate. The district shall contain not less than 320 acres of land (interrupted only by roads, railroads, highways and natural features (such as ridges and waterways). Specifically, large-scale areas within the future land use designations in the comprehensive plan of Community Business, Mixed-Use Employment, and Industrial – including Community/Regional Activity Centers. Areas currently designated Agricultural/Rural (either inside or outside of the Urban Service Boundary) may also be appropriate for this zone district if near to regional transportation routes and if development of the area extends appropriate infrastructure.

The land to the south/east was recently rezoned to BP and exceeds 320 acres. The proposed parcel is adjacent and would expand the BP zone.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The BP zone is a mix of the LI, HI and CB zone which allows for many different industrial and commercial uses. The BP zone will allow this property to redevelop with more uses than what is allowed in the AG zone.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No major comments received in regard to the proposed zone.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare. This area of the community has developed with industrial or commercial uses already and the redevelopment of this site would be consistent with the area.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on September 19, 2026.
- **Posted Notice** Posted notice is not required until August 26, 2026.
- **Internet Posting** on connect.cheyennecity.org on August 17, 2026.

As of the publication of the Staff Report (September 8, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 178 views and no comments.

STAFF REVIEW:

Through the review process, review comments were received expressing the appropriateness of the BP zone at this location.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The BP zone is appropriate based on the proposed future land use map amendment, surrounding zoning, surrounding development patterns, and proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.

3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

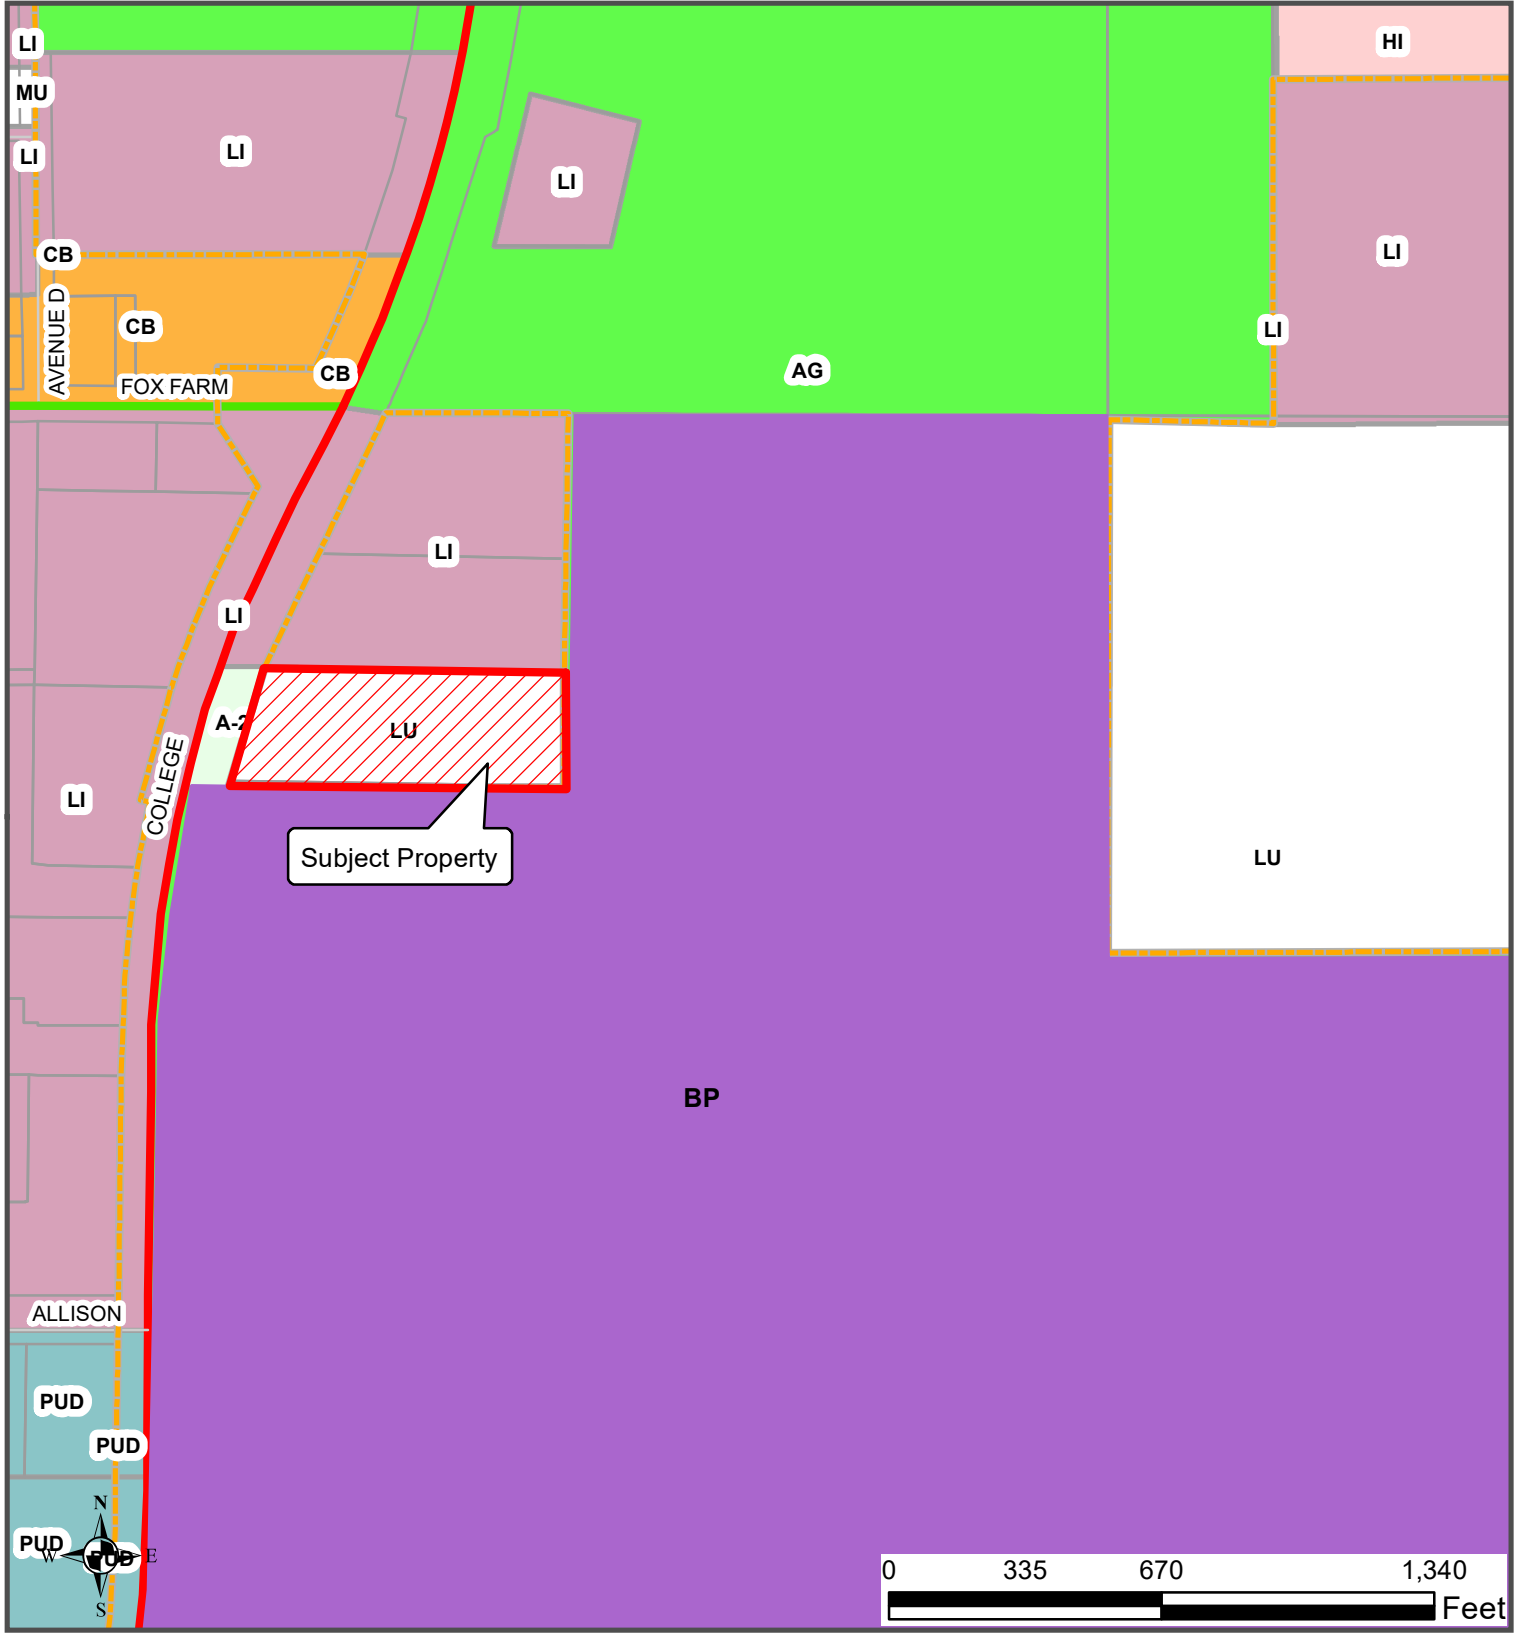

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

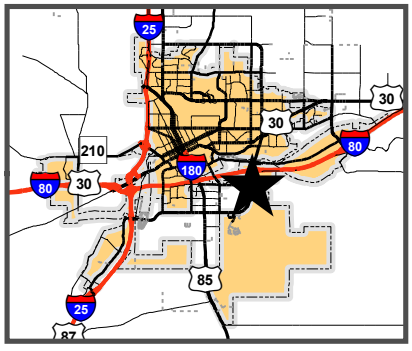

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from AG to BP.
