

MEMORANDUM

TO: The Honorable Mayor Patrick Collins and City of Cheyenne Council Members
FROM: Robin Lockman, City Treasurer
DATE: August 15, 2025
SUBJECT: Capital Improvement Plan Resolution to be considered for approval

On September 8, 2025, the Governing Body will refer a resolution to the Finance Committee proposing updates to the City's Capital Improvement Plan (CIP) process. Details of the proposed amendment are outlined below.

On November 25, 2013, the Governing Body adopted Resolution 5545, requiring the City to prepare and submit a comprehensive, five-year Capital Improvement Plan each year. This plan was intended to include both proposed and ongoing projects, ranging from the acquisition of new capital assets, construction of facilities and infrastructure, and the repair, renovation, and maintenance of existing City assets.

In accordance with the Government Finance Officers Association (GFOA) best practices, each project in the CIP was to identify:

- The type(s) of project
- The department responsible
- A description of the project scope
- Estimated costs
- Proposed funding sources

The original resolution required City staff to update and submit the CIP to the Governing Body annually, no later than January 2 of each year, starting in 2015. The plan was intended to serve as a strategic decision-making tool for prioritizing projects and shaping the following fiscal year's budget.

However, since its adoption, the current CIP process has not functioned effectively as a policymaking or budgetary planning tool. Maintaining an annual update has proven to require substantial staff time and City resources, without providing the intended level of benefit.

To address these concerns, the proposed amendment would revise the update schedule from once a year to once every three years. Under the new timeline, updated CIPs would be submitted to the Governing Body by December 31 of the applicable year, beginning with the next update due December 31, 2027.

Thank you for your time and consideration of this request. Should you have any questions, please contact me at rlockman@cheyennecity.org. In my absence, you may also reach out to Brenda Moureaux at (307) 638-4382 or bmoureaux@cheyennecity.org.

RESOLUTION NO. _____

ENTITLED: “A RESOLUTION AMENDING RESOLUTION NO. 5545, REQUIRING THE SUBMISSION OF AN UPDATED FIVE-YEAR CAPITAL IMPROVEMENT PLAN AND ESTABLISHING A THREE-YEAR REVIEW AND UPDATE CYCLE FOR THE PLAN THEREAFTER.”

WHEREAS, capital expenditures constitute a substantial portion of the overall budget for the City of Cheyenne (“City”):

WHEREAS, such expenditures include the acquisition of new capital assets, the construction of new facilities and infrastructure, and the repair, renovation, and maintenance of existing City assets;

WHEREAS, the Government Finance Officers Association (GFOA) is a nationally recognized professional association representing public finance officials throughout the United States and Canada, and provides best practices and guidance to promote sound financial management in government;

WHEREAS, the GFOA recommends that municipalities adopt and maintain a comprehensive Capital Improvement Plan (CIP) that specifies project types, identifies the responsible departments, defines the scope of each project, estimates associated costs, and outlines the proposed funding sources;

WHEREAS, on November 25, 2013, the Governing Body of the City approved Resolution No. 5545, which directed the preparation and submission of a five-year Capital Improvement Plan for proposed and ongoing capital projects, to be presented to the Governing Body for approval on or before January 2, 2015;

WHEREAS, Resolution No. 5545 further encouraged that the CIP be updated annually and that such updates be submitted to the Governing Body on or before January 2 of each year thereafter;

WHEREAS, maintaining an annual update process has required substantial staff time and resources; and

WHEREAS, the current annual CIP update process has not been effectively utilized as a decision-making tool for policymakers, and the Governing Body therefore finds it necessary and prudent to modify the process to ensure the plan serves as a more effective strategic tool.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that City staff shall prepare and submit to the Governing Body a comprehensive five-year Capital Improvement Plan, developed in accordance with the guidelines set forth in this Resolution, to serve as a strategic tool for prioritizing and coordinating capital investments; and

BE IT FURTHER RESOLVED, that City staff shall update and revise the five-year Capital Improvement Plan at least once every three (3) years, with each updated version to be submitted to the Governing Body on or before December 31 of the applicable year, beginning December 31, 2027.

PRESENTED, READ AND ADOPTED THIS _____ DAY OF _____, 2025.

Patrick Collins, Mayor

Kylie Soden, City Clerk

RESOLUTION NO. 5545

ENTITLED: "A RESOLUTION REQUIRING THE MAYOR TO SUBMIT TO THE GOVERNING BODY A FIVE-YEAR CAPITAL IMPROVEMENT PLAN THAT PRIORITIZES EXPENDITURES ON CAPITAL INVESTMENTS BY DEPARTMENT"

WHEREAS, the City of Cheyenne (the "City") continues to face ongoing budgetary pressures due to multiple factors, including the recent recession, increased fixed costs, geographic growth, and reduced funding from other levels of government, thereby increasing the need for the governing body and administration to prioritize the City's spending and plan for the future; and

WHEREAS, capital expenditures are perennially a significant portion of the City's total expenditures; and

WHEREAS, capital expenditures include the construction of new facilities and the repair and maintenance of existing capital assets; and

WHEREAS, in determining whether to proceed with a particular capital project and in allocating scarce resources among capital projects, it is important to have a clear list of priorities; and

WHEREAS, the current budget detail presented during the annual hearings on the operating budget does not prioritize the City's capital expenditures; and

WHEREAS, a five-year capital improvement plan would be helpful in assisting the City in making strategic capital investment decisions based on cost and priority.

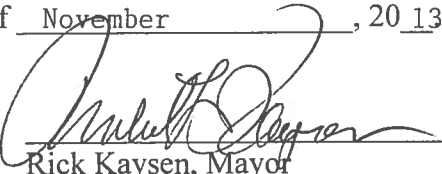

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the governing body hereby respectfully requests the submission of a five-year capital improvement plan for capital projects, to be prepared and revised by the Mayor of the City for consideration and review by the governing body, in accordance with the guidelines set forth in this resolution; and

BE IT FURTHER RESOLVED, that the Mayor shall use all reasonable efforts to submit to the governing body the five-year capital improvement plan detailed in the preceding paragraph on or before January 2, 2015;

BE IT FURTHER RESOLVED, that the Mayor shall use all reasonable efforts to update and revise such five-year capital improvement plan on an annual basis, and submit an updated and revised version of the plan to the governing body on or before each anniversary of January 2, 2015; and

BE IT FURTHER RESOLVED, that the Mayor shall utilize methods and standards for generating the five-year capital improvement plan, including but not limited to methods for determining the costs associated with a capital improvement, the benefits of a project, and the rationale for proceeding with such projects.

PRESENTED, READ, AND ADOPTED THIS 25th day of November, 2013

Rick Kaysen, Mayor
