

MEMORANDUM

TO: The Honorable Mayor Patrick Collins and City of Cheyenne Council Members
FROM: Robin Lockman, City Treasurer
DATE: September 3, 2025
SUBJECT: Reappropriation to be considered for approval

On September 8, 2025, the Governing Body will refer a resolution to the Finance Committee to reappropriate funds for the Fiscal Year (FY) 2025 City of Cheyenne Budget in accordance with W.S. § 16-4-112 and 16-4-113. Additional details about this final FY 2025 reappropriation request are provided below.

GENERAL FUND RESERVES REQUEST

The following General Fund reserve requests are included for your consideration:

Accident and Damage Risk Management Claims

The City routinely encounters expenditures that are inherently unpredictable and cannot be accurately forecasted during the annual budgeting process. This approach aligns with recommended municipal financial practices, emphasizing realistic, data-driven budgeting and cautious year-end fund balance evaluation. Accordingly, the City manages such expenditures through budget reappropriation at the close of the fiscal year.

Repair costs resulting from accidents are prime examples of these variable expenditures. For each incident, the City is responsible for a \$5,000 insurance deductible and may also incur additional member surcharges determined by the severity and cost of the damage. Any accident expenses below \$5,000 are solely the City's responsibility.

For FY 2025, a total of \$62,602 from reserves is being requested to cover repair and related costs, allocated by department as follows:

- Community Recreation and Events - \$6,190
- Compliance - \$500
- Fire - \$11,415
- Police - \$39,497
- Public Works - \$5,000

Information on each incident is included below:

Community Recreation and Events Department

- Claim #5102CH: A resident who did not have insurance caused damage to a fence. The total repair cost was **\$3,600**. The resident reimbursed the City \$3,300 for the repairs.
- Claim #5356CH: The cemetery fence was damaged by an unidentified vehicle. The repair cost for the fence was **\$2,150**.
- Claim #5735CH: Damage was found on a vehicle door with no known cause identified. The repair expense amounted to **\$3,740**.

Compliance Department

- Claim #5183CH: While conducting City business in a personal vehicle, an employee was rear-ended by a citizen. The City reimbursed the employee's deductible of **\$500**.

Fire Department

- Claim #5301CH: A hazmat trailer parked at the Fire Department training facility was struck by gunfire. The repairs to the trailer totaled **\$2,400**.
- Claim #5305CH: An employee was determined to be at fault in an accident, resulting in a property claim filed with the Wyoming Association of Risk Management (WARM). The cost incurred was the **\$5,000** deductible.
- Claim #5599CH: An employee was at fault in an accident, leading to repairs for a bucket truck amounting to **\$3,482**.
- Claim #5647CH: An employee discovered that a City vehicle had a broken window and mirror. The repair cost was **\$533**.

Police Department

- Claim #4891CH: An at-fault citizen without insurance led to a property claim through WARM, resulting in a **\$5,000** deductible.
- Claim #5191CH: An at-fault citizen lacked insurance; the total expense of **\$100** was for towing, after which the vehicle was auctioned.
- Claim #5195CH: The at-fault citizen did not have insurance, and restitution was pursued through the District Attorney's Office, but reimbursement is still pending. The repair cost was **\$1,714**.
- Claim #5217CH: The responsible citizen without insurance did not appear at Municipal Court, but restitution was awarded. Vehicle repairs totaled **\$1,772**.
- Claim #5261CH: An employee caused an accident leading to a property claim through WARM; the incurred cost was a **\$5,000** deductible.
- Claim #5266CH: The responsible citizen's insurance was inactive at the time, resulting in denial of the claim. A property claim was filed through WARM for the **\$5,000** deductible.
- Claim #5285CH: A vehicle parked at the Fire Department training facility was struck by bullets, incurring **\$1,423** in repair costs.

- Claim #5363CH: An employee was at fault for an accident and repairs to the vehicle amounted to **\$4,283**.
- Claim #5401CH: An employee was at fault for an accident; repairs totaled **\$5,055**.
- Claim #5463CH: An employee at fault caused a property claim through WARM, resulting in a **\$5,000** deductible.

Public Works Department

- Claim #5117CH: The responsible citizen's insurance was inactive at the time of the incident, resulting in denial of the claim. A property claim was submitted to WARM, with a total cost of the \$5,000 deductible.
- Claim #5529CH: Tires were slashed on a City vehicle, and it cost **\$150** to tow it to Fleet.
- Claim #5589CH: An employee was at fault, and a property claim was filed with WARM, incurring the **\$5,000** deductible.

Vacation and Sick Leave Accrual Payouts for Terminated Employees

Sick and vacation leave accrual payouts following employment terminations represent unavoidable obligations that are not budgeted for due to the unpredictable nature of this expense. My budgeting philosophy holds managers accountable only for expenses within their control or influence. As a result, I am requesting General Fund reserves in the amount of \$188,480 to cover all FY 2025 accrual payouts.

Increase in Natural Gas and Electricity and Fleet Fuel, Labor, and Parts Costs

Departments are allowed, by state statute, to transfer budget amounts between line items within a General Fund department level without Governing Body approval. However, I have placed certain restrictions on these transfers. For example, I do not allow the budget for payroll line items, including wages and benefits, to be used for other items, such as office supplies or professional services, unless prior approval is given.

The City Treasurer's office estimates natural gas and electricity costs for City facilities by analyzing historical usage and current price trends during the annual budgeting process. I require that the utility budgets approved by the Governing Body must be used exclusively for their intended purpose, and departments are not permitted to repurpose these funds for other needs. Likewise, departments are not held liable for utility budget shortfalls. To address projected shortages, a total of \$62,056 from General Fund reserves is requested.

Additionally, fleet expenses including fuel, parts and labor for several General Fund departments have exceeded the approved FY 2025 budget. These budgets are managed in the same manner as utility costs. Funds are earmarked for fleet expenses only and cannot be redirected, nor are departmental managers responsible for covering deficits. Therefore, an increase of \$247,638 from General Fund reserves is requested to reconcile this budgetary shortfall.

Vandalism/Theft Expenses

Five City divisions, including Programs and Facilities, Golf, Parks, Clean and Safe, and Facilities Maintenance, incurred unplanned expenses from vandalism and theft affecting City assets over the past fiscal year. Due to the unpredictable nature of these incidents, such costs are difficult to forecast and were not included in the original FY 2025 budget. To ensure the City's resources are protected and divisions can continue to operate effectively, an increase of \$33,950 from reserves is requested to cover these unforeseen expenditures.

Other General Fund Reserves Requests

Mayor's Department

- Due to a recent caseload increase for the City's Public Defender, additional support from outside contracted counsel was necessary. The Mayor is requesting \$6,431 from General Fund reserves to supplement the Public Defender Fees line item to address this shortage.
- The City entered into Contract #8173 with the Downtown Development Authority for the Downtown Stripping Project, initiated in June to improve downtown parking. The Mayor requests \$6,900 from General Fund reserves for this project.
- The Mayor's Office was honored to co-host the recent Wyoming Association of Municipalities Annual Conference. To cover shortages in professional services and food and medical supplies related to hosting this event, the Mayor is requesting \$8,900 from General Fund reserves.

Fire Department

- Approval is requested to reappropriate \$198,674 from General Fund reserves to address overages in Fire Department overtime expenses for FY 2025. The original overtime budget for the Fire Department was \$598,583, but actual expenditures totaled \$797,257, resulting in a budgetary shortfall.

Police Department

- Funding for the newly established Noise and Speeding Enforcement Overtime account is requested from General Fund reserves. This initiative was authorized by the Governing Body to slow traffic on Central and Warren Avenues, critical school zones, and enforce noise compliance on vehicles. Although \$100,000 was approved in May 2025 by the Governing Body for FY 2025, the Police Department only spent \$13,053 through June 30, 2025. The remainder of \$86,947 will be rolled over to FY 2026's budget through the first reappropriation in October. General Fund reserves will be used to cover the FY 2025 expenses associated with this program.

Miscellaneous

- The Transit Fund previously relied on supplemental federal COVID funds to pay 100% of operation costs. With these funds no longer available, the City must resume covering its share of grant match budgeted in the General Fund. I am requesting \$150,000 from reserves to meet the FY 2025 grant match obligation. Historically, the City budgets grant match conservatively with the understanding the more may be needed at the end of the year once all expenses are determined and posted.
- After coordination with the Purchasing and Fleet Maintenance Managers, the Compliance Department acquired four used vehicles separately due to supply constraints, complying with City Purchasing Policy. I am requesting \$109,300 be reappropriated from General Fund reserves to cover these purchases.

NON-GENERAL FUNDS – NEW REVENUE AND RESERVES REQUESTS

Local and State Grants Fund

- \$4,608 from Wyoming State Parks & Cultural Resources for the High Plains Arboretum Head House renovation.

Development Impact Fees Fund

- \$124,772 from public safety infrastructure fees for Contract #8153 - Fire Station 2 & 6 Generator Installation & Retainage.
- \$8,259 from interest revenue for investment fee expenses and cost allocation expenses.

Recreation Programs Fund

- \$ 12,564 from the Botanic Gardens gift shop revenue to be used for repairs to the Botanic Gardens' HVAC system and annual plant sale expenses.

CDBG Fund

- \$17,806 of recaptured FY24 CDBG grant revenues to pay for administrative expenses.

Real Property Revolving Fund

- \$100,000 in reserves to pay for contract related project expenses for the construction of the gymnastics facility.

One Percent Sales Tax Fund

- \$67,826 in 2019-2022 One Percent Sales Tax Fund reserves to pay for contract expenses for the Public Works improvement project.
- \$20,947 in 2023-2026 One Percent reserves to pay for the MPO grant match requirement.

Solid Waste Fund

- \$530,377 from reserves to pay for expenses related to future landfill closure costs.

Law Enforcement Fund

- \$2,520 in additional grant funds for alcohol compliance inspections.

Miscellaneous Federal Grant Fund

- \$58,916 in additional Staffing for Adequate Fire and Emergency Response (SAFER) grant funds to pay for probationary firefighter salary expenses.
- \$18,367 in additional Climate Pollution Reduction Grant (CPRG) grant funds to pay for cost allocation expenses.
- \$1,599 in new US Department of Transportation grant funds for the MPO Safe Streets for All project.

Transit Fund

- \$150,000 to pay for the Transit building improvement expenses.

Special Purpose Option Tax (SPOT) Fund

- \$18,377 in 2012 SPOT reserves to pay for drainage improvements and consulting services for the Kiwanis Park wetlands and trail project.
- \$2,049 from 2021 SPOT reserves to pay for unemployment compensation expenses for the Greenway Division and for investment fees with Principal Federated Hermes.

Self-Insurance Fund

- \$1,481,000 from fund reserves to pay for program, claim and premium expenses.

Annexation Fund

- \$1,412 from fund reserves to pay for interest on an infrastructure deposit refund for property located at 3210 Gregg Way.

Housing Loan Fund

- \$1,645 from reserves to pay for April 2025 cost allocation expenses.

Fiduciary Fund

- \$12,163 from reserves for increased costs related to the Historic Preservation Board historic home signage and Christmas ornaments.
