Please feel free to contact me prior to the council meeting or come by my office, room 311, if you have any questions or concerns about the enclosed packet.

Purpose of Resolution:

The purpose of this resolution is to meet the requirements of the Wyoming Department of Transportation (WYDOT), Transportation Alternatives Program (TAP) grant application to have a resolution approved by council authorizing the submission of the application.

This project will be located at Pershing Blvd and Windmill Road near East High School and focus on providing much needed safety upgrades to the intersection including redesign of the roadway for better traffic flow, traffic signal upgrades and new ADA components to improve pedestrian safety.

If awarded, the Federal Transportation Administration (FTA) via WYDOT will provide \$868,000 in funding support for this project. The remaining balance of \$91,222 will come from the 5th Penny Sales Tax.

This application was approved by City of Cheyenne City Council in 2025 but was not awarded any funding by WYDOT. City of Cheyenne Engineers Office and the Grants Office have been working closely together to improve the original application and gather letters of support for the project.
