APPLICANT: Laramie Land Holdings, LLC and 2R Investments, LLC

AGENT: AVI PC

OWNER: Laramie Land Holdings, LLC and 2R Investments, LLC

ZONING: LI – Light Industrial, CB – Community Business, and PUD - Swan Ranch Rail Park Planned Unit Development

FUTURE LAND USE: Mixed-use Employment and Open Space

PURPOSE: To zone multiple parcels BP for development.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the rezoning of Lots 4 and 5, Block 3 Swan Ranch Rail Park 8th Filing, Lots 7, 8, 11, 12, 13, 14 and 15, Block 2 and Lot 9, Block 1, Swan Ranch Rail Park 11th Filing, Tract A, Swan Ranch Rail Park 18th Filing, Tract 1, Swan Ranch Rail Park 20th Filing, Lots 1 and 2, Block 3, Swan Ranch Rail Park 21st Filing to BP Business Park as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from LI – Light Industrial, CB – Community Business and PUD – Swan Ranch Rail Park Planned Unit Development to BP Business Park for roughly 394.7 acres of land. All of the land is currently vacant.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Mixed-use Employment / Open Space	LI – Light Industrial, CB – Community Business and PUD – Swan Ranch Rail Park Planned Unit Development	Vacant
North	Mixed-use Employment / Open Space	LI and PUD	Vacant / Industrial
South	Mixed-use Employment	PUD and County CB	Vacant / Industrial
East	Mixed-use Employment	County CB and City LI	I-25, Industrial, Commercial, Vacant
West	Industrial / Open Space	County PUD and City PUD	Vacant / Industrial

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

- 1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)**

The Future Land Use Designation for this area is Industrial and Mixed-use Employment. According to the comprehensive plan the optimal City zones for the subject areas future land use designation is any of our industrial or commercial zones (for the areas designated mixed use employment). The BP zone is a mix of both our industrial and commercial uses and would be suited for this area of the community.

Based on the policies and future land use map, BP zoning is appropriate at this location.

The proposed zone change **complies** with review criterion 1.

2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)

Much of the area is zoned LI, CB, or PUD. The PUD is an industrial PUD that permits uses allowed in the HI – Heavy Industrial zone. The BP zone is intended to be a combination of the LI, CB and HI zones. This area is also developed with industrial and commercial type uses and would continue to develop with these types of uses based on the comprehensive plan. Nearby properties are zoned LI, PUD and CB (in the County). These areas are compatible with BP zoning and the BP may even extend to these areas in the future.

Both PUD's in this area, the City PUD for Swan Ranch Rail Park and the County PUD for Overland Trails allow for industrial type uses. These PUDs cover large acreage parcels that typically develop with industrial or commercial uses.

The proposed zone change for the subject property **complies** with review criterion 2.

3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)

The BP zone is a combination of the LI, HI and CB zones which will allow this area to develop with mixes of industrial and commercial without the need to do additional zone changes. The BP zone also allows more flexibility when it comes to landscaping and property coverage.

The proposed zone change **complies** with review criterion 3.

4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)

No changes to the street network are proposed with this zoning application. Accesses will not be changed with the zone change. Infrastructure (streets and utilities) exist in the area. Generally speaking, business parks are not anticipated to conform to block sizes, where generally CB zoned areas would be. Changing areas from CB to BP would still allow for commercial uses while recognizing the difficulty of creating traditional urban blocks in this area of the community.

The proposed zone change for the subject property **complies** with review criterion 4.

5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)

The Business Park (BP) district is intended to support small and large-scale industrial development while providing essential commercial services along regional transportation routes in an industrial park setting. The district integrates manufacturing, processing, research and development, and shipping activities in addition to retail, dining, and convenience stores to enhance functionality and appeal for businesses and employees.

The BP district is applicable to areas on the edge of the community that are intended to support large-scale industrial, manufacturing, shipping, research and development, and data center uses. The district is typically found close to major transportation routes, making commercial uses appropriate. The district shall contain not less than 320 acres of land (interrupted only by roads, railroads, highways and natural features (such as ridges and waterways). Specifically, large-scale areas within the future land use designations in the comprehensive plan of Community Business, Mixed-Use Employment, and Industrial – including Community/Regional Activity Centers. Areas currently designated Agricultural/Rural (either inside or outside of the Urban Service Boundary) may also be appropriate for this zone district if near to regional transportation routes and if development of the area extends appropriate infrastructure.

The proposed area is over 320 acres and is anticipated to develop with industrial uses which is anticipated by the BP zone.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The BP zone is a mix of the LI, HI and CB zone which allows for many different industrial and commercial uses. The BP zone will allow undeveloped properties in the area to develop without the need to change between the LI, CB or the PUD zone. The BP zone also provides flexibility in terms of landscaping and property coverage.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No major comments received in regard to the proposed zone.

The proposed zone change for the subject property **complies** with review criterion 7.

**8) Whether the application will harm the public health, safety, or general welfare.
(UDC 2.2.1.d.8)**

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on May 16, 2026.
- **Posted Notice** Posted notice is not required until May 25, 2026.
- **Internet Posting** on connect.cheyennecity.org on April 10, 2026.

As of the publication of the Staff Report (May 22, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 73 views and no comments.

STAFF REVIEW:

Through the review process, review comments were received expressing the appropriateness of the BP zone at this location.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The BP zone is appropriate based on the future land use map, surrounding zoning, surrounding development patterns, and proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.

4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the properties from LI, CB and PUD to BP.
