

RESOLUTION NO. _____

ENTITLED: “A RESOLUTION AUTHORIZING THE MAYOR TO EXECUTE A MEMORANDUM OF UNDERSTANDING WITH PARTICIPATING COUNTIES, CITIES AND TOWNS, REGARDING THE ALLOCATION OF IMPACT ASSISTANCE FUNDS ASSOCIATED WITH THE LARAMIE RANGE WIND PROJECT APPLICATION BEFORE THE INDUSTRIAL SITING COUNCIL.”

WHEREAS, on or about June 7, 2026, ConnectGen Laramie County LLC (“ConnectGen”), an affiliate of Repsol Renewables North America, Inc., submitted to the Wyoming Department of Environmental Quality (DEQ), Industrial Siting Division (ISD), a permit application in accordance with the Wyoming Industrial Development Information and Siting Act (“the Act”) to construct and operate the Laramie Range Wind Project (hereinafter referred to as “Project”);

WHEREAS, ConnectGen plans to construct and operate the Project on private and state leased lands in Laramie County, Wyoming. The Project site is located in northwestern Laramie County, west of Interstate 25, and spans approximately 41,220 acres (35,350 acres of private land and 5,870 acres of land managed by the Wyoming Office of State Lands and Investments). The Project anticipates the generation of approximately 650 megawatts of wind energy;

WHEREAS, a jurisdictional meeting was held on March 22, 2024, during which ISD staff determined the Project is subject to ISD jurisdiction based on the estimated construction cost, and that Laramie County, including the City of Cheyenne, and Platte County were defined as the study area;

WHEREAS, ConnectGen proposes a two-phase construction schedule, with the first phase consisting of 400 MW, and the second phase comprising the remaining 250 MW. Initial construction activities are expected to commence as soon as 2027, with both phases operational by the end of 2029;

WHEREAS, ConnectGen estimates that the on-site construction workforce will range from 17 to 305, with an estimated monthly average of 131 on-site workers over the 24-month construction period;

WHEREAS, W.S. 35-12-109(a)(xiii) requires that ConnectGen provide in its Application "[a]n evaluation of potential impacts together with any plans and proposals for alleviating social and economic impacts upon local governments or special districts and alleviating environmental impacts which may result from the proposed facility[;]"

WHEREAS, the evaluation of potential social and economic impacts identifies temporary increases in population, demand for services, and other community effects that may result in additional costs to local governments within the study area;

WHEREAS, recognizing these potential impacts, the Act and associated DEQ rules provide a process for the allocation of “impact assistance funds” to affected local governments to offset such costs;

WHEREAS, Section 12 of DEQ’s Industrial Development Information and Siting Rules and Regulations provides that, as part of the permit application process, the affected counties, cities and towns in the area primarily affected can agree to an amount and schedule for the distribution of impact payment funds and submit their agreement to the Division for submission to the Council for its consideration;

WHEREAS, the local governments that will be primarily affected by this project desire to enter into an agreement to determine the amounts and schedule for payment distribution of impact assistance funds for the Project; and

WHEREAS, the counties, cities, and towns affected by the Project are preparing a Memorandum of Understanding (MOU) regarding funding amounts and schedule for impact payment distributions, which must be finalized, executed, and submitted by the parties to the ISD on or before August 13, 2026.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the Mayor is hereby authorized and directed to execute, on behalf of the City, a Memorandum of Understanding with the participating counties, cities, and towns affected by the Laramie Range Wind Project, regarding the allocation and distribution of impact assistance funds in accordance with the Industrial Development Information and Siting Act.

PRESENTED, READ AND ADOPTED this _____ day of _____, 2026.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kylie Soden, City Clerk
