## MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council  
From: Connor White, Planner II  
Subject: PUDC-26-126 / A&H Park at Sweetgrass – Expedited Plat  
Date: July 13, 2026

---

### Background:

The item for consideration is a Final Plat. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral July 13, 2026
- Public Services Committee July 20, 2026
- Final Consideration July 27, 2026

### Planning Commission Recommendation:

The Planning Commission heard this item at their July 8, 2026 meeting and recommended the Governing Body approve this application with the following exception and conditions noting that the Planning Commission request further discussion of the timing for condition 2.a in regard to being prior to recording or prior to a building permit:

1. The following exceptions be granted:
  - a. Exceptions to block size for perimeter blocks due to open space and civic uses.
2. Prior to recording of the final plat:
  - a. A plan for instillation of all necessary public and private improvements be in place and assurance by bond or certified check or a development agreement or other written legal obligations be approved by the City. The development agreement shall be drafted by the applicant and reviewed and agreed upon by the Planning and Development Director and the City Engineer.
  - b. Technical corrections be made.

The Planning Commission Staff report is attached with no changes.

**FILE:** PUDC-26-126: A+H Park at Sweetgrass (Expedited Review)

**REQUEST:** Subdivision of land to create six Lots.

**LOCATION:** South of East College Drive and west of Sweetgrass Drive.

**APPLICANT:** Casey Palma

**OWNER:** Lummis Livestock Co. LLC

**ZONING:** Sweetgrass PUD – Planned Unit Development.

**PURPOSE:** A plat creating six Lots.

**PREPARED BY:** Connor White, Planner II

**RECOMMENDED MOTION:**

Move to **approve** the A+H Park at Sweetgrass Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions.

**APPLICABLE CITY CODE SECTION(S) AND PLANS:**

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

**BACKGROUND:**

The applicant is requesting approval of a preliminary plat for roughly 91.29 acres of land. The proposed subdivision is to create two large parcels for recreational development, a parcel for the existing utility station, a parcel for public greenway and two remainder parcels for future development. This area is part of the Sweetgrass PUD and is planned for recreational development.

**SURROUNDING LAND USE AND ZONING:**

| <b>West</b>         | Industrial and Urban Residential           | County LI Light Industrial and MU Mixed-use | Single-family residential, Warehouse/storage |

**ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:**

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

**1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)**

On the future land use map found in PlanCheyenne, the subject land has been designated as Open Space and Parks.

Surrounding areas to the northeast, east, south and west are also designated Urban Residential. To the north, the future land use designation is Mixed-use Commercial and to the northwest is Industrial.

The Open Space and Parks designation encourages public and private open space, public and private parks, country clubs, and golf courses are appropriate uses. Some public utilities or facilities may also be appropriate. This category may also include natural/cultural resource area.

Foundation 6 of PlanCheyenne encourages a system of connected parks throughout our neighborhoods and community. This plat proposes a large community park and additional open space tracts for future trails.

Foundation 7 of PlanCheyenne support the use of existing infrastructure and timely provision of services (including emergency and education services). This development is largely surrounded by existing infrastructure.

Other principles of PlanCheyenne encourage tying neighborhoods together and a compatible development pattern between neighborhoods. This development proposes tying into the surrounding neighborhoods to the extent possible.

The application **complies** with this review criterion.

**2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed plat is largely surrounded by already platted land that is currently under development. The plat is following what is anticipated by the Sweetgrass PUD for this area. This plat will provide additional ingress and egress to the subdivision through two East-West connections.

The application **complies** with this review criterion.

**3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees.

Transportation Network (4.3):

This plat proposes the missing connection of E. Murray Rd. to create an East-West connection into and out of the Sweetgrass Development. Loving Trail (formerly known as Avenue C) is proposed to extend further south to East Nation Rd. East Nation Rd. will provide a secondary East-West connection for the Sweetgrass Subdivision. A plan for construction of the rights-of-way being platted with this subdivision has not been provided. The expectation is that this

plat will build all streets dedicated with it (UDC 4.1.5.b.6 and 7). Prior to recording of the plat the applicant will need to provide a plan for the installation of all necessary public and private improvements and assurance by bond or certified check or a development agreement or other written legal obligations be approved by the City. Should the applicant choose to do a development agreement, they will be required to draft it and it will be reviewed by the City.

The blocks around the perimeter of the proposed subdivision do not meet block size requirements. This subdivision is creating open space and civic use lots which qualify for an exemption under UDC 4.3.3.c. Staff recommends an exception to block size.

Open Space (4.4):

Open space is not required to be provided with this subdivision. The proposed subdivision consists of a large lot that is proposed for a community park.

Required Improvements (4.5):

This plat appears to be able to provide all required utilities to the lots within this development.

The application **complies** with this review criterion with conditions.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

The review of the drainage worksheet submitted with the preliminary plat generally found the drainage acceptable for this stage of review.

Traffic:

A Traffic worksheet was submitted with the preliminary plat and was found to be acceptable.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning**

**district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

All lots proposed for development are buildable lots in this zone district.

The application **complies** with this review criterion.

**7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

The Plat designates multiple lots as unbuildable. Lot 5 and 6 are designated as remainder lots. These lots will need to be replated in the future should that lot wish to be developed or sold. Lot 4 is designated as Pubic Greenway.

The application **complies** with this review criterion.

**8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

The proposed plat follows the master plan as approved with in the Sweetgrass PUD. Sweetgrass is developing to the north and the east of the proposed plat. Properties to the west are already largely developed.

The application **complies** with this review criterion.

**9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare. Additional connections into and out of the subdivision will be provided with this plat.

The application **complies** with this review criterion.

**10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

Lots 5 and 6 are designated as remainder lots. Note 6 clearly labels them as such.

The application **complies** with this review criterion.

**11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

**12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)**

Through staffs review there are technical corrections that need to be made prior to the plat being recorded and the applicant will need to provide a plan for construction of all necessary public and private improvements or draft a development agreement.

The application **complies** with this review criterion, with conditions.

**13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)**

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

#### **CONFORMANCE WITH APPLICABLE PLANS:**

---

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

#### **PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:**

---

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on June 20, 2026.
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on June 6, 2026.
- **Internet Posting** on connect.cheyennecity.org on May 19, 2026.

As of the publication of the Staff Report (June 29, 2026), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 181 views and no comments.

**STAFF REVIEW:**

---

Through the review process, comments were received regarding the following issues:

1. Technical correction
2. Right-of-way construction
3. Block size

**CONCLUSION:**

---

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application with an exception and conditions.

**ALTERNATIVES:**

---

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

**STAFF RECOMMENDATION:**

---

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body with the following exception and conditions:

1. The following exceptions be granted:
  - a. Exceptions to block size for perimeter blocks due to open space and civic uses.
2. Prior to recording of the final plat:
  - a. A plan for instillation of all necessary public and private improvements be in place and assurance by bond or certified check or a development agreement or other written legal obligations be approved by the City. The development agreement shall be drafted by the applicant and reviewed and agreed upon by the Planning and Development Director and the City Engineer.
  - b. Technical corrections be made.

**Application Information**

This application has a deadline. The deadline is the second Wednesday of the month.  
Application Schedule.

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.\*

I acknowledge the that Expedited status is not guaranteed.\*

**Written Statement\* **

This application creates the 45-acre Tract 1 to be dedicated to the City for a public park, along with the remaining land area to be available for privately developed recreation use(s) and a small utility facility lot to continue to be utilized by Xcel Energy and Black Hills Energy for essential natural gas transmission and metering facilities. The plat also extends the abutting rights-of-way surrounding the Open Space parcel to facilitate dedication of the public park and enable future public roadway extensions.

## Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.1.2.d.1).\*

The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities (2.1.2.d.2).\*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).\*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).\*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).\*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).\*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).\*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).\*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).\*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).\*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).\*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).\*
