MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White, Planner II
Subject: PUDC-26-126 / A&H Park at Sweetgrass – Expedited Plat
Date: July 27, 2026

Public Services Committee Recommendation:

At Public Services Committee on July 20, 2026 there was discussion around staff recommendation 2.a and the timing of the requirement. The applicant requested that 2.a not be at the time of recording as the whole point of the plat is to donate the land for recreational purposes. There is no funding coming from this plat that would allow the applicant to build the roads at this time but the land cannot be donated until the plat is recorded. So rather than hold up the plat at recording, a plan for construction of the streets would be required prior to development actions taking place which would give the applicant time to coordinate how and when the roads will be built.

Public Services Committee recommended approval with the following exceptions and conditions:

1. The following exceptions be granted:
 - a. Exceptions to block size for perimeter blocks due to open space and civic uses.
2. Prior to recording of the final plat:
 - a. Technical corrections be made.
3. Prior to a development action:
 - a. A plan for instillation of all necessary public and private improvements be in place and assurance by bond or certified check or a development agreement or other written legal obligations be approved by the City. The development agreement shall be drafted by the applicant and reviewed and agreed upon by the Planning and Development Director and the City Engineer.

Staff and the applicant are agreeable to this recommendation.
