MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White
Subject: PUDC-26-7 / 2900 Central Avenue – Zoning Map Amendment
Date: March 9, 2026

Background:

The item for consideration is a Zoning Map Amendment (zone change). This is approved by Ordinance.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral March 9, 2026
- Public Services Committee March 16, 2026
- Second reading March 23, 2026
- Public Services Committee April 6, 2026
- Third and final reading April 13, 2026

Planning Commission Recommendation:

The Planning Commission heard this item at their March 2, 2026, meeting and recommended the Governing Body approve this application.

The Planning Commission Staff report is attached and unchanged.

Public Comment

As of the creation of this memo (March 3, 2025), Staff has received no inquiries or comments from the public on this project. The project page on the website has received 28 views and no comments.

ORDINANCE NO. _____

ENTITLED: “AN ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF CHEYENNE, CHANGING THE ZONING CLASSIFICATION FOR LAND LOCATED NORTHWEST OF THE INTERSECTION OF EAST 29TH STREET AND CENTRAL AVENUE FROM MR – MEDIUM-DENSITY RESIDENTIAL TO NR-2 – NEIGHBORHOOD RESIDENTIAL MEDIUM-DENSITY.”

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING:

Section 1. That the owner of real property located northwest of the intersection of E 29th Street and Central Avenue has applied for a zoning map amendment for said property in accordance with Section 2.2.1, Zoning Map Amendment, of the Cheyenne Unified Development Code (“UDC”).

Section 2. That on March 2, 2026, the City of Cheyenne Planning Commission conducted a public hearing, reviewed the proposed zoning map amendment that is the subject of this ordinance, and recommended approval of said zoning map amendment.

Section 3. That the Governing Body of the City of Cheyenne finds that the zoning map amendment that is the subject of this ordinance meets the criteria specified in Section 2.2.1.d of the UDC.

Section 4. That, in accordance with Section 2.2.1, Zoning Map Amendment, Section 5.1.2, Zoning Districts Established, and Section 5.1.3, Official Zoning Map, of the UDC, the aforementioned zoning map amendment application is hereby approved and the zoning classification of the real property described as Lots 3, 4, 5 and 6, Block 20, Hellman Heights, Cheyenne, Wyoming, is hereby changed to NR-2 – Neighborhood Residential Medium-density.

Section 5. That the City Engineer is hereby authorized and directed to alter and amend the Official Zoning Map as described in Section 5.1.3 of the UDC to comply with the zoning map amendment as described in Section 4 above when this ordinance takes effect in accordance with Section 7 below.

Section 6. Sections, paragraphs, sentences, clauses and phrases of this ordinance are severable. If any section, paragraph, sentence, clause, or phrase of this ordinance is declared unconstitutional, such unconstitutionality shall not affect any of the remaining sections, paragraphs, sentences, clauses, and phrases.

Section 7. That this ordinance shall be in full force and effect upon its approval and publication.

CITY OF CHEYENNE PLANNING COMMISSION
MARCH 2, 2026
STAFF REPORT

FILE: PUDC-26-7: 2900 Central Avenue Townhomes – Zoning Map Amendment (zone change)

REQUEST: A request to rezone approximately 0.50 acres of land from MR – Medium-density Residential to NR-2 – Neighborhood Residential Medium-density.

LOCATION: Northwest of the intersection of E 29th St. and Central Avenue.

APPLICANT: Ben Trautwein

AGENT: AVI PC

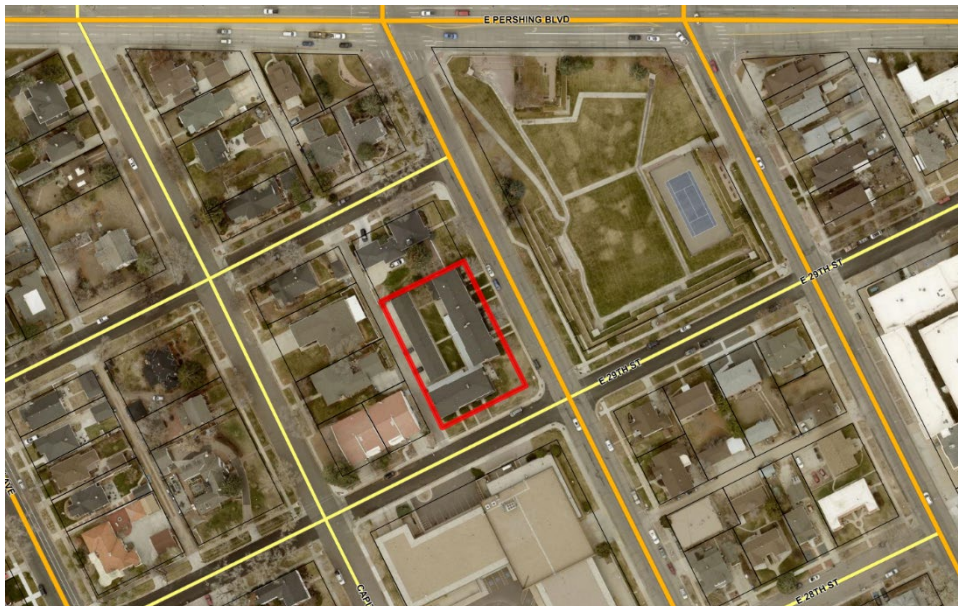

OWNER: 2900 Central Ave LLC

ZONING: MR – Medium-density Residential

FUTURE LAND USE: Urban Residential

PURPOSE: To allow for Cottage Lots as a use by right and allow for subdivision of the lot for fee simple ownership of the existing residential units.

PREPARED BY: Connor White, Planner II

RECOMMENDED MOTION:

Move to **approve** the rezoning of 2900 Central Avenue Townhomes to NR-2 – Neighborhood Residential Medium-density as shown in the attached zone change map, noting that the project meets the review criteria for approval.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.2.1 Zoning Map Amendment
- UDC Article 5
- PlanCheyenne

BACKGROUND:

This zone change application proposes changing the zoning from MR – Medium-density Residential to NR-2 – Neighborhood Residential Medium-density for roughly 0.50 acres of land. The land is currently developed with multifamily development in a townhouse style. Each unit has its own entrance. A concurrent plat application has been submitted to create fee simple ownership of each unit (PUDC-26-8).

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning District	Land Use
Subject Site	Urban Residential	MR – Medium-density Residential	Multifamily Residential
North	Urban Residential	MR – Medium-density Residential and P – Public	Law Office
South	Public Quasi-public	P – Public	Wyoming State Library
East	Open Space and Parks, Urban Residential	P – Public, MUB Mixed-use Business Emphasis	Detention Pond / Park, Office
West	Urban Residential	MR – Medium-density Residential	Single-family Residential / Duplex

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Zoning Map Amendment, the Commission must make the following findings required in UDC 2.2.1.d. A detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.2.1.d.1)

PlanCheyenne encourages growth within the Urban Service Boundary and the maximization of existing infrastructure. This property is within the Urban Service Boundary, in an area with infrastructure that is already existing.

The Future Land Use Designation for this property is Urban Residential and the surrounding area is Urban Residential, Open Space, and Public. According to the comprehensive plan the optimal City zones for the subject property's future land use designation is any one of the residential zones, including NR-2.

Based on the policies and future land use map, NR-2 zoning is appropriate at this location.

The proposed zone change **complies** with review criterion 1.

2) The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas; (UDC 2.2.1.d.2)

Surrounding properties are zoned MR, MUB, and P. MR and NR-2 zones are medium-density residential zones. The difference is that NR-2 zoning anticipates alley-loaded development, allows smaller lots, more urban styles of development, and has a higher design standard. NR-2 zoning is compatible with surrounding zoning. When the NR-2 zone was created, the official zoning map was never updated to change certain areas of the community to this zone. This area would most likely be best zoned NR-2 based on the development pattern of the area.

The proposed zone change for the subject property **complies** with review criterion 2.

3) The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (UDC 2.2.1.d.3)

This property is already developed with existing multifamily development. This change in zoning will allow the property to be replatted to create fee simple lots for ownership of the individual townhouse units. The property would be considered Cottage Lots rather than multifamily after the change to NR-2 and the replatting of the land.

The proposed zone change **complies** with review criterion 3.

4) The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (UDC 2.2.1.d.4)

No changes to the street network are proposed. Accesses will not be changed with the zone change. Infrastructure (streets and utilities) exist in the area.

The proposed zone change for the subject property **complies** with review criterion 4.

5) The ability of the application to support the Intent and Applicability statements of the proposed zoning district and achieve the Design Objectives of any specific standards. (UDC 2.2.1.d.5)

The NR-2 zone is intended for a medium density and mix of dwelling types that promote a consistent neighborhood character. All uses require full access to public infrastructure and city services. The regulations are designed to protect the neighborhood character of the district and protect the primarily residential use of land.

The proposed zone is in an area that has a mix of dwelling types and uses that are on smaller blocks and have alley access.

The proposed zone change for the subject property **complies** with review criterion 5.

6) The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options if any specific development proposed in association with the application is not executed after approval. (UDC 2.2.1.d.6)

The NR-2 zone is a residential zone that allows for slightly more dense development than the MR zone. The property is currently developed with multifamily residential. The applicant is proposing to subdivide the parcel creating fee simple lots for each of the residential units which would then make the property a cottage lot style of development which is a permitted use within the NR-2 zone. Even if the plat was not approved or recorded, the existing multifamily development would be allowed in the NR-2 zone, but would require a conditional use to expand, similar to the MR zone.

The proposed zone change **complies** with review criterion 6.

7) The review and recommendations of other reviewing bodies. (UDC 2.2.1.d.7)

No major comments received in regard to the proposed zone.

The proposed zone change for the subject property **complies** with review criterion 7.

8) Whether the application will harm the public health, safety, or general welfare. (UDC 2.2.1.d.8)

City staff is satisfied that this proposed zone change would not adversely affect the public health, safety, or general welfare.

The proposed zone change for the subject property **complies** with review criterion 8.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

PUBLIC NOTICE AND PUBLIC COMMENTS RECEIVED:

Although projects have public notice and the opportunity for public comments, projects are required to be approved or denied based on the review criteria (listed above). Public comments relevant to the review criteria may assist the review and discussion on the application.

The public was given notice of the project in the following ways:

- **Legal Notice** in the Wyoming Tribune Eagle published on February 14, 2026.
- **Posted Notice** Evidence of posted notice was provided showing that the signs were posted on February 19, 2026.
- **Internet Posting** on connect.cheyennecity.org on January 15, 2026.

As of the publication of the Staff Report (February 23, 2026), Staff has received one inquiry or comment from the public on this project. The inquiry was more or less about what they were doing. The project page on the website has received 12 views and no comments.

STAFF REVIEW:

Through the review process, review comments were received expressing the appropriateness of the NR-2 zone at this location.

CONCLUSION:

Staff is satisfied that the application meets the review criteria set forth in UDC 2.2.1.(d). The NR-2 zone is appropriate based on the future land use map, surrounding zoning, surrounding development patterns, and proposed development.

ALTERNATIVES:

1. Recommend approval of the zoning amendment as submitted by the applicant (**Staff Recommendation**).
2. Recommend approval of the zoning amendment subject to conditions or modifications.
3. Recommend denial of the zoning amendment based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
4. Postpone the zoning amendment until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

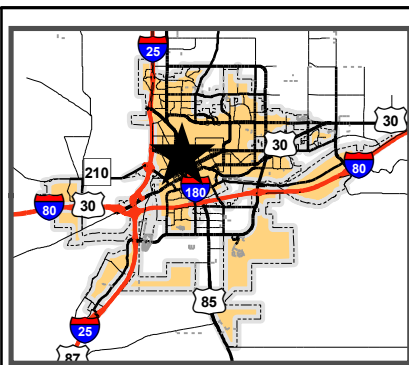

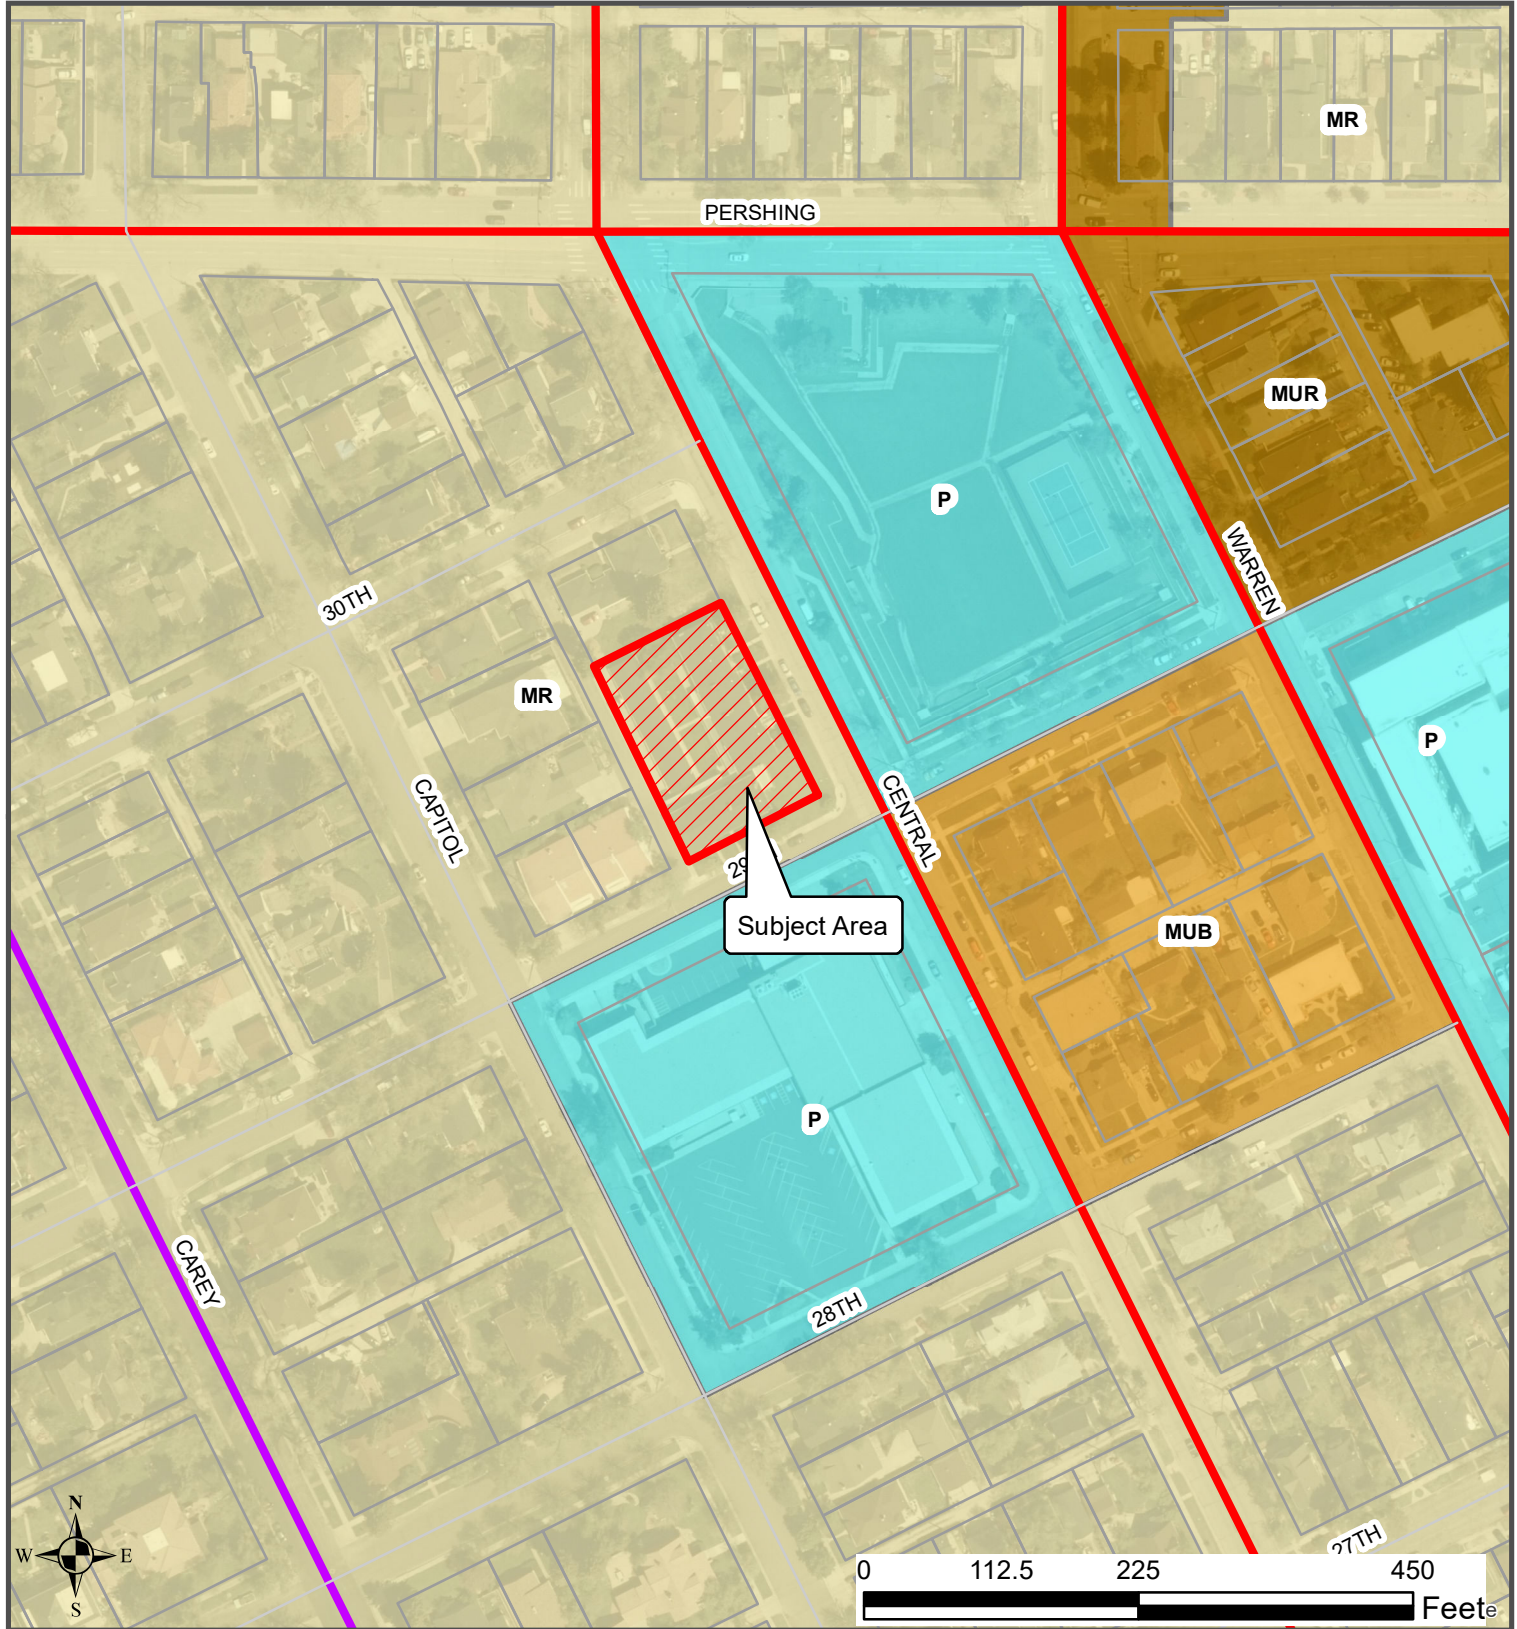

If the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the rezoning of the property from MR to NR-2.

Project Description or notes

Zone Change to allow Cottage Lot Development

Review Criteria

The following review criteria are found in the UDC regarding a zoning map amendment. Please acknowledge the proposed zoning map amendment meets each review criterion by checking the box.

The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan (2.2.1.d.1).*

The application is compatible with nearby property, specifically considering existing zoning, the Comprehensive Plan, and any other official plans and policies created under the guidance of that plan for these areas (2.2.1.d.2).*

The suitability of the subject property for development according to the standards and uses of the existing zoning district, compared to the suitability of the subject property for development according to the standards and uses of the proposed zoning district (2.2.1.d.3).*

The ability of the subject property and surrounding vicinity to be developed according to the Subdivision Standards in Article 4 considering the proposed zoning (2.2.1.d.4).*

The ability of the application to support the Intent and Applicability statements of the proposed zoning district, and achieve the Design Objectives of any specific standards (2.2.1.d.5).*

The ability of all potential future development to meet all applicable standards for development in the proposed zoning district, including other development options in the event that any specific development proposed in association with the application is not executed after approval (2.2.1.d.6).*

The review and recommendations of other reviewing bodies (2.2.1.d.7). (Not applicable at time of application)

Whether the application will harm the public health, safety, or general welfare (2.2.1.d.8).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
